WOSSUP? WOT DOES YOUR EDITOR SAY TO THIS CRAP?

Hey, wot's happenin' doods? Yo! It must Have come just like a big shock for ya, when ya see these sheets of paper arrivin'... Hehe... Like I always said : "Anutha ILLEGAL? Well never say never, but ya know! Perhaps one day a lonely ILLEGAL #38 may be dropped in your post box..." - and wot the hell - here it is, doods!

Ergh... onto the mag: I KNOW IT'S NOT TOO GOOD!!! But just think : I HAD ONLY 8 DAYS FROM ZERO TO 100 !!! And considerin' that, well I'm quite satisfied...though of course it could have been better... No Newsroom, even no computer was used, just think of it!!!

I surely have to apologize to a certain people for not calling them and asking again for their much needed help, but 'cause of the lack of time, that was really not possible...

Well to all those guys who never heard of "ILLEGAL" before they saw this one I would like to say : "Shame on you! Where have you been 2 years before ? A lot was much better than now ...!" Anyway, anyday...

seems as I gotta go. But hey, I escaped from the electric chair, so any good and serious magazine-producers are fairly welcome to talk with me about future plans... AND. NEVER SAY NEVER! Perhaps one day a lonely ILLEGAL #39 may be dropped in your post box...

and leaving you with my greetings I wish a merry x-mas and a very happy new year to all of you...

No.IV Who was Gogo-Brown?

Surprised by the success of Evil Eddy, Gogo Brown (name taken from a song by Heaven 17) went on copying him. Finding out some things are much easier to say if nobody knows who said them, Jeff Smart himself continued writing under the name of Gogo Brown!

No.V Who was Evil Eddy?

Started for Transcom's "CCCP" and later shocking its readers through articles in here! Evil Eddy became a Synonym for big speculations. In the end, you can guess it. Who speaks English so well that he became an English-Teacher? Who had a favourite music band IRON MAIDEN, which had Evil Eddy a monster on their album covers? Which group had this Evil Eddy on its disk-covers? Got it? MAD ALL of COMMANDOFRONTIERS, Belgium.

AMTSGERICHT

Who was squealing on STRIKE FORCE/MOVERS?

The guys in that fab cooperation, got busted on 7th of December in 1988! At 7.30-AM 16 Policemen entered the houses of 8 guys! And damn they got 'em! Spitfire wrote on a board these days something like this: "Norman(Conan) you sold software, so that's why you got busted." Fuck! That's a lie! I talked to Norman and he never sold software! As Spitfire got busted he told the police everything about SF/Movers. And fuck they used to be friends! But Spitfire didn't care at least! So shut the fuck up! SF/Movers never turned you into trouble, even after that! But they should have done that And better get out of Drago's eyes! He read what you said to the police. Cause it was the main reason for him to get caught. So my tip: If you won't get into troubles make sure that SPITFIRE don't have your address!

TOP SECRET

Old legendary secrets finally revealed! "Illegal" lets you have a look into the secret safe of the world's most famous pirates. So be surprised, or be angry if your name is published here at last.

No.I Who was TRON of EAGLESOFT?

Do you all remember those european cracks from an all-american group? Do you remember the dutch member TRON of EAGLESOFT who asked the world if anyone out there wanted to buy or swap with legend ESI? Do you remember yourself sending packages to a P.O. Box in Holland or even paying money for software supply? Yes? So who was the one who disappeared as fast as he came? No Idea? We do! Believe it or not! MWS of RADWAR used to be TRON of ESI! Not really of course just. Thought as a joke, he was surprised by the big response and started up with the P.O.Box in Holland! Not only lamers replied, but such as Hotline, Bros, Action, G*P and lots more! In the end MWS earned a lot of money through this. And you may also notice that even well known people pretend to be in groups that they defenetly are not! At least as long as someone can disprove it!

No.II Who was in ELITE?

Yeah! So before rumours still go around here's now a hopefully complete member list: founded by Conan, General Zoff, Speedcracker ZAZ, Radwar, T'Kay and Jeff Smart in 1988 at RADWAR PARTY II! Later joined by: Drago, Mr.Cursor, Ragman, Level99 (Difflex). The name was Jeffies idea. Our stuff were delivered by UNITRAX! All from Germany! - GERMANY'S ELITE !

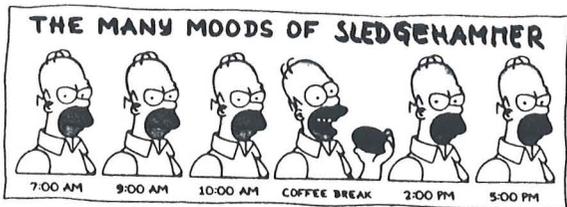

No.III Anti-Dynamic-Duo-Demos?

In the early days there occurred some Anti-Dynamic-Duo-Demos, but the most famous with the "10th frame"-screen. Meant not as ragging but just as a good joke! (Oh boy, and it was!) And again MWS of RADWAR signs responsible for this.

That name sounds in my ears!

Which group does everyone from totally lame-guys up to the elite know for sure? We wondered, and here are the results:

1. Eagle Soft Inc.	94%	2. Triad	89%
3. Ikari	87%	4. Hotline	85%
5. Fairlight	78%	6. Elite	62%
7. Beastie Boys	53%	8. Strike Force/Movers	46%
9. Bros	43%	10. ACE	40%

DOUBLE CROSSING.

by Tri-Dos

When a rumour went around originally started by Steve of Zenith that when I was in Ikari I got some guy to always crack games for me.

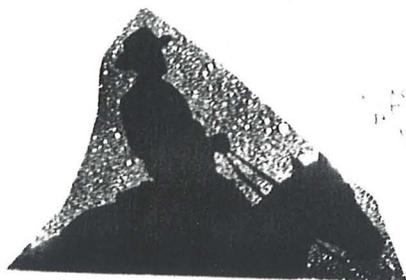

Anyway there was no truth but some people went on about it like even Nik of Ikari, well when i quit the C64 and Ikari and then returned several months later in Paninaro with Bam Bam, Paco, Magnetic/USA, Falco a guy called the Yattering and myself. And it was myself and the Yattering who done the cracks.

Then rumours started to go'round again, that the Yattering did all the cracks and dickheads like the Shark of INC would go around he did all the cracks and i was just a spreader. Well he was right!

It was both, Tri-Dos and the Yattering, the same person and not even the other members in Paninaro know this, so all you people with your false claims were true in their own right, but it looks as if you've been double-crossed.

For the best: Drink with the best!

Signed

Paul

THE STORY OF SYSTEM FOUR

Oh, my god, where have I been??? 32 months away from good and bad, just sleeping the sleep of the sleeper...

Never ever thought they would release me from these dark cells without windows, without light and without SYSTEM FOUR! Been away so long, and having stood in a big heap of shit I finally learned who my real friends are. And you can believe me, THERE ARE NOT MANY DUDES YOU CAN TRUST!

It's cold outside as I step out of the prison, it's heavily snowing... and I put on my old sunglasses!

Only people I've never seen before are sitting and standing next to me in the underground and I take the train directly into the centre of SYSTEM FOUR...

But hell, what's that? The former centre is gone away.

Oh, my god, where am I ??? 32 months away and everything changed... People say they are in the a-class, so wot? I'm thinking, thinking... yeah, heard of'em before... But who's leading this shit???

Can't see anyone, can't see anyone who knows me. I just thought to go back at once, I thought I'd give an old friend a call, dial his number and listen to his answering machine... I leave a message and tell him it's urgent... But time passes!

If you rely on him, you are lost!!! Do you want to talk to an answering machine!!! It's nothing personal, so it's JUDGEMENT DAY !!!

An old friend from the a-class recognises me, invites me and together we have great ideas. But I don't know, I'm sure I won't stay forever again, although a good job was offered to me, and my old company seems to be back in action, at least!

Too many things that hold my heart away from SYSTEM FOUR's leading position, could you believe it? Well thinking 'bout it, I still cannot...

Dropping my sunglasses for the first time ever in SYSTEM FOUR I can see the day is as dark as the night is long, so baby, light my way! Other systems rise, and then they fall, they are there and away...

Lost much of my strengths ??? I don't think so, maybe the real a-class will be soon kicking asses again...

Who knows?

Oh, my god, where will I be ??? 32 months of absence and they seem to have manipulated my brain... But fighting is a way, not easy, but do I need it??? Tell me, and then...

THE FINAL WORD
 BELONGS TO ME!

So how comes that bastard stills wants to make an "ILLEGAL" ??? Well, actually I don't know really by myself, it's like a urgent when I think back of the old days and then I notice that I've never had the chance to round the whole thing, if you know what I mean. I mean there was an issue #37 and then? Just when I tried to make a final issue (no joke) the cops busted me. Hell! And also I can see (from the small angle I can judge from) that in today's cracking and hacking scene no real good magazine appears (if you have an own...SORRY). I only saw different disk magazines (e.g. "Sex'n'crime" etc.) and either they are shit and uninformative or it's just slagging off each other. Well what's the bad of slagging each other anyway? Nothing, but I think that by reading that you don't get a chance to develop an own point of view, do you?

Bro! Jeffie

JUDGEMENT DAY - OLE!

Back from the deepest, darkest cage in hell HE is once again taking a pen and paper to show the world where the bear is dancing ... and not only the bear, lads! The elite of cracking history is with him on his way back to realism, back to something wicked, back to something illegal!!!

THE LATEST RUMOURS!

- ① After seeing his NUDE PICTURE in illegal #38, MWS of RADWAR was offered a job by German cable-TV RTL PLUS. MWS was asked to join the notorious CIN-CIN-BAUETT in the TV-show "TUTTU FRUTTI". Will he be there soon?
- ② HARRY of 7U had big problems with a serious operation in a hospital that became necessary. His nose was completely out of order, because somebody told poor, poor HARRY (a.k.a. WALTER, remember MABLE DISK) that money doesn't smell.
- ③ T'KAY of former TRIAD, and programmer of several denics, is said to repeat again a full term at school. Due to his horribly weak English knowledge, the subjects "CHILDISH BEHAVIOUR" and "NAIVETY" were main reasons for him to go back a year again.
- ④ TRI-DOS of PANINARO, formerly UKARI, was actually badly hurt by his dog BRUNO. BRUNO, who had his name after English boxing legend Frank Bruno, became aggressive because of TRI-DOS' try to pin up a picture of MIKE TYSON who beat Frank Bruno a year ago badly! We hope, that none of PAUL's important body-parts were injured. OUCH!
- ⑤ Rumours come up, that UK-cracking-legend WEETBIX of the SCOUSE CRACKING GROUP is nowadays employed as a chief assistant at the BPAS, that's the BRITISH PREGNANTLY ADVISORY SERVICE! So, for any problems or fears call old GEORGY a call under #44.564.793.225. (look below).
