

LICENSE FOR BULLET QUERY WIZARD

IMPORTANT

As part of the installation process, you will be asked to accept the terms of this Agreement. This Agreement is a legal contract, which specifies the terms of the license and warranty limitation between you and SoilVision Systems Ltd. for the Bullet Query Wizard software and documentation. You should carefully read the following terms and conditions before installing or using this software. Unless you have a different license agreement signed by SoilVision Systems Ltd., installation or use of this software indicates your acceptance of this license agreement and warranty limitation terms contained in the Agreement. If you do not agree to the terms of this Agreement, promptly delete and destroy all copies of the Software.

VERSIONS OF THIS SOFTWARE

There are two versions of Bullet Query Wizard (registered and shareware), each of which is subject to this Agreement. **UPON ORDERING, DOWNLOADING, INSTALLING OR USING ANY VERSION OF THE SOFTWARE, YOU ARE REAFFIRMING THAT YOU ARE BOUND TO THE TERMS OF THIS AGREEMENT.**

The registered version requires registration with SoilVision Systems Ltd., which includes payment of the then current license fee.

The shareware version is the only version that is provided without charge; however, the shareware version is not free software. All rights and licenses to the shareware version automatically expire after 30 days, after which you must register with SoilVision Systems Ltd. and pay the then current license fee. Payment may be by cash, cheque, Visa, or Purchase Order. For details on registration methods, please refer to the order form in the About section of the software or email info@soilvision.com.

LICENSE TO USE

One copy of the shareware version of Bullet Query Wizard may be used by a single person for evaluation purposes without charge for 30 days. Subsequent downloads of the shareware version by or for the same user do not extend, renew, or otherwise restart the term of the license for the shareware version.

One copy of the registered version of Bullet Query Wizard may either be used by a single person who uses the software personally on one or more computers, or installed on a single workstation used non-simultaneously by multiple people, but not both. You may access the registered version of Bullet Query Wizard through a network, provided that you have obtained individual licenses for the software covering all workstations that will access the software through the network. For instance, if eight different workstations will access Bullet Query Wizard on the network, each workstation must have its own Bullet Query Wizard license, regardless of whether they use Bullet Query Wizard at different

times or concurrently. Site licenses of the software may be obtained from SoilVision Systems Ltd. which cover each workstation at one location.

You may make a reasonable number of copies of the registered version of the software for backup and archival purposes.

DISTRIBUTION LICENSE

The registered version of the Bullet Query Wizard may be freely distributed with the Microsoft Access Runtime database engine. All objects included in the registered version of the software must be included in the distribution of the end product. The user may not distribute the registered version of the Bullet Query Wizard without the runtime version of Microsoft Access.

LICENSE TO REDISTRIBUTE

Provided that you verify that you are distributing the Shareware Version (select About from the Bullet Query Wizard menu to check) in its original archive file, you are hereby licensed to make as many copies of the Shareware version of this software and documentation as you wish; give exact copies of the original Shareware version to anyone; and distribute the Shareware version of the software and documentation in its unmodified form via electronic means. There is no charge for any of the above.

You are specifically prohibited from distributing or bundling the software and/or documentation with other products (commercial or otherwise) or by other than electronic means without SoilVision Systems Ltd.'s prior written permission.

NO ADDITIONAL LICENSES

All rights to the Bullet Query Wizard software and documentation not expressly granted under this Agreement are reserved to SoilVision Systems Ltd.. You may not translate, decompile, disassemble or reverse engineer the Bullet Query Wizard software or documentation.

DISCLAIMER OF WARRANTY

THIS SOFTWARE AND ACCOMPANYING DOCUMENTATION ARE PROVIDED "AS IS" AND WITHOUT WARRANTIES AS TO PERFORMANCE OF MERCHANTABILITY OR ANY OTHER WARRANTIES WHETHER EXPRESSED OR IMPLIED.

Because of the various hardware and software environments into which Bullet Query Wizard may be put, no warranty of fitness for a particular purpose is offered. Good data processing procedure dictates that any program be thoroughly tested with non-critical data before relying on it. The user must assume the entire risk of using the program.

In no event will SoilVision Systems Ltd., be liable for incidental, consequential, indirect or other damages including, without limitation, any lost profits or lost savings arising

from the use of, or inability to use the software even if SoilVision Systems Ltd. has been advised of the possibility of such damages, or for any claim by any other party. ANY LIABILITY OF SOILVISION SYSTEMS LTD. WILL BE LIMITED EXCLUSIVELY TO PRODUCT REPLACEMENT OR REFUND OF REGISTRATION FEE.
