A rainy day. It's dark. GUNS' N' ROSES music in the background (coool !), my mother is screaming and I smoke a little cigarette, coz of my nerves. Now I'm sitting here and I'm in a big hurry. My coke-red is empty and I try to get a new one, but nothing left. Bullllshit. Okay now a frustrated and nerved DENSE is writing here YEAH, BULLET PROOF #4 IS OUT!

This time with a superb comic. Well, something to the comic. ANTICHRIST+SCRAP sux the other guyz are coool (JANEC, AIRWULF...). Also other cool GFX will be printed, painted by ANS/SPIRIT. The SEX-STORY is out. Also only 1 interview, because of the comic. I hope you like also the papermag test. It's a pity that I can't test TYREE's papermag ZEROPAGE. But I will do it next time. Also we get 3 new dudes in our connection. 2 are GFX guyz and the other 1 is a copy dude...

STATUS...

My special thanx went to...WEASEL/ENIGMA for the nice long phone calls and the interview, to the goblin's KLF+EMF/SPIRIT for printing the hole bullshit out and also for the photos, MR. WAX/CHROMANCE for sending me the cool pic, also thanx for pictures are going to...SLEDGE/TITRON, CRAZE/HYSTERIC, MAJOR-X/SUCCESS, JAYCE/CHROMANCE, ECCO/X-FACTOR, ANDRE/HOUSE DESIGN, SIR MANIAC/HYSTERIC, CMR/ROLE and SCOOBY/LIGHT, also thanx went out to AJ/TRC, FLAME/CYBERPUNX, THE BEAST/TAT, FLASH/HYSTERIC and WINGO/WRATH DESIGNS for spreading the papermag. Also to the other dudes which spread the OPINION POLL. Thanx pals...

Remember that we must take a little money for the BULLET PROOF, because of the calls under us, the stamps and the work. We must take 10DM for 1 issue (he, he, he) No serious, we take not 5DM, not 1DM, ONLY 1 SIMPLE EMPTY DISC. I think that everybody can buy a BP for 1 disc. That's a really special price. So be sure to send your BP dealer 1 disc, 1 disc, that's ultimate cheap. What do you want more? You have the world wide #1 papermag in your hand for only... Okay I shut up. I hope you like the best issue from BP ever made. Okay, much fun by reading it...

This time we present you a little interview with WEASEL from ENIGMA. I hope you will enjoy it. Let's start...

DSE: Yoh Juergen!

WSE: Hello Sascha!

DSE: What do you do in ENIGMA?

WSE: I call the Ami boards, crack (only high quality in the 1st releases) and supply the originals.

DSE: Aha, you supply oris. We talk later about it, but first tell me when did you start with your C64 career?

WSE: I think I started in summer 87 or 88.

DSE: Well and in which groups have you been already?

WSE: I started with FRONTLINE (87-88) than MATRIX (88) and at least CRAZY where I was over 2 years. Than I went to CREST coz they said that the oris will be fast, but this was not so. So I decided to join the forces of ENIGMA which build up by all Ex-CRAZY and all Ex-ILLUSION members. But I will say one word to this. When DJ/Ex-CRAZY didn't helped me in my lamer times, I'm sure that I never went into the scene. Thanx pal.

DSE: Oh, nice story, but please answer me now some questions about your #1's, okay?

WSE: No problem...

WSE: CRACKER GROUP: LEGEND (but they're too arrogant and they rag)

CRACKER : Many good ones (I think CRISP is one of the best)

CODER GROUP : CREST, PREZEL LOGIC, BZ, DEATH SECTOR

CODER : CROSSBOW, ZODIAC DISCMAG : MAMBA, SHOCK

COMPOSER : VIBRANTS, MON, JT GFX DUDE : GOTCHA, MIRAGE, BIZZ

PAPERMAG : BULLET PROOF US-GROUP : NEI, EMPIRE

SWAPPER : DEFF/ENIGMA (I don't know any other ELITE swapper)

DSE: Okay, now you can tell me a bit about your person...

WSE: My name is Juergen Brunner and I live in Munich. I'm 1,75m (goblin?) high and my weight is 62kg. I'm 20 years old and my favorite music is RAP and HIP HOP but I also hear Roxette, Guns'n'Roses (Ed. You must be cool man!). I love Horror and Action films. Also I go every week into the cinema. I organize dance sessions and I mix my own music stuff. Also I have no girlie and I study. That's all.

DSE: Cool, okay. Please tell our readers who are your best friends!

WSE: In Europe... DJ, Modern Bob, Hellfire, Lazyness (OB!), all guys in ENIGMA and CREST, HOK+Jihad, Christian/Shape and especially Goldrush from CREST. In the USA... Pudwerx, Metallist, Butcher, The Cure, Yankee, Tristan, Wrathchild+Basilisk, Prodigy+hole family and Professor-X.

DSE: A lot of guys. And is there anybody who is going on your nerves?

WSE: Yeah some suckers in Legend... NARC, ANTHRAX, GOLDFISH, POWERPLANT (I don't know if he only teases or rags?). Also my friend in GP... ANTI-FUCK-OMG. I think these are all.

DSE: Well okay. Now I tell you words and you say me immediately what do you think about it. Okay we start.

WSE: MODEM : TRADER

DEADLINE : JO MEI...

VENLO : IT WAS GOOD

X-RAY : ALL ROUND

NAZIS : BUOOOOH, KILL EM ALL (T3!)

CRACKER : COOL

WEASEL : WANNA HAVE ORIGINALS?

JO MEI : HE, HE, HE

BURP : FUCK THOSE LAME LABELS

BLUE BOX : NOT MORE INTERNATIONAL

DSE: Aeh, nice, jo mei, did you have any ambitions on the 64 and in your normal life?

WSE: On the 64 I wanna crack a bit, but not for #1. I would like to do quality 1st releases, but often it's not possible. And in my life I wanna pass my exams and later I will be my own boss.

DSE: Hey your own boss? Something like a bitch manager?

WSE: He, he... I think that's not the right business...

DSE: What do you think about the scene nowadays?

WSE: The crax are losing their quality, also a 1st release has no quality and that's lame. But I think that cracking is a 'ROBIN HOOD' function.

DSE: Yes, yes... any words to say, before I cut off the phone line?

WSE: I thank all the guys who helped me to enter the scene, especially DJ and also to all my friends all over the globe...

DSE: Remember that you said over 50 times JO MEI in the interview and that it was really asskickin. See you soon man...

WSE: Jo mei, he, he, he. Bye dude...

If you want to count the points for 'BEST ALLROUND GROUP', than look how many times LEGEND stand in all these charts. I think it's a fair all round voting system...short 'FARVS' (???)!

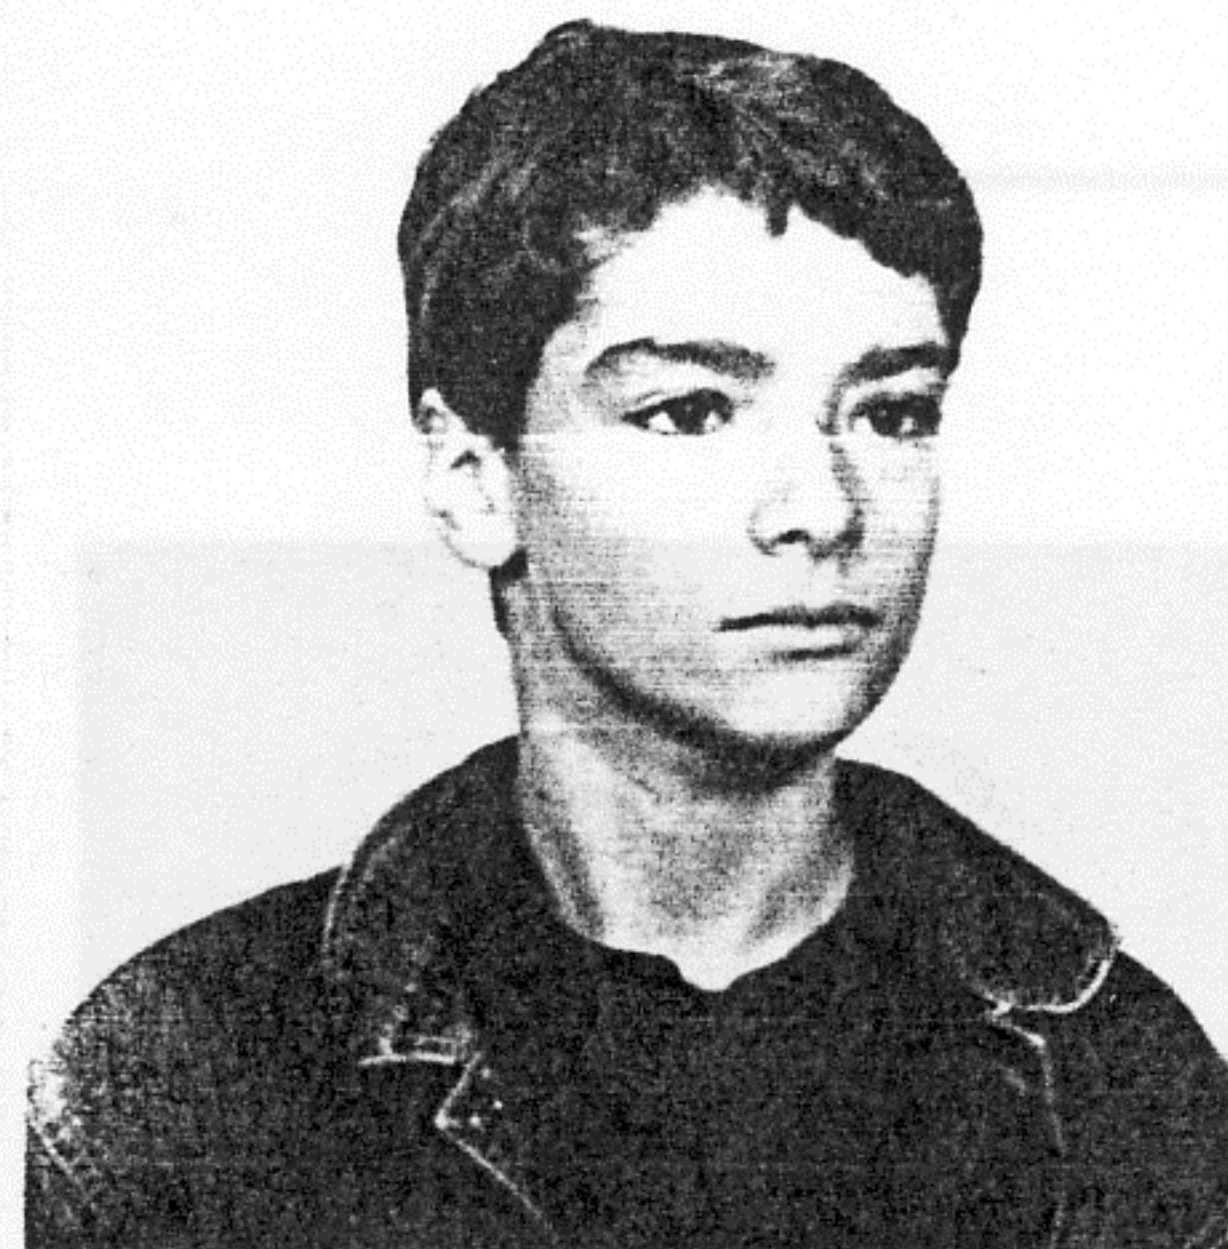

Fast I will tell you the mags from where I take the charts. The mags are the MEGA MADNESS #6, HOTSHOT #16, MAGASCENE #5, BRUTAL RECALL #7 and SCRIPT #9... May be in one of the next issues we want to do normal charts. But at the moment I have no time to count those thousand votes. May be in #20 or so (?). May be you are a bit surprised that KING FISHER is in the SINGLE CRACKER charts, but check those 5 disc mags out. That's all...Puuh...

These 2 dudes are LEXI and EFFY from THE GUARDIAN ANGELS. What's more to say to this pic. I hope that the copy will be good...

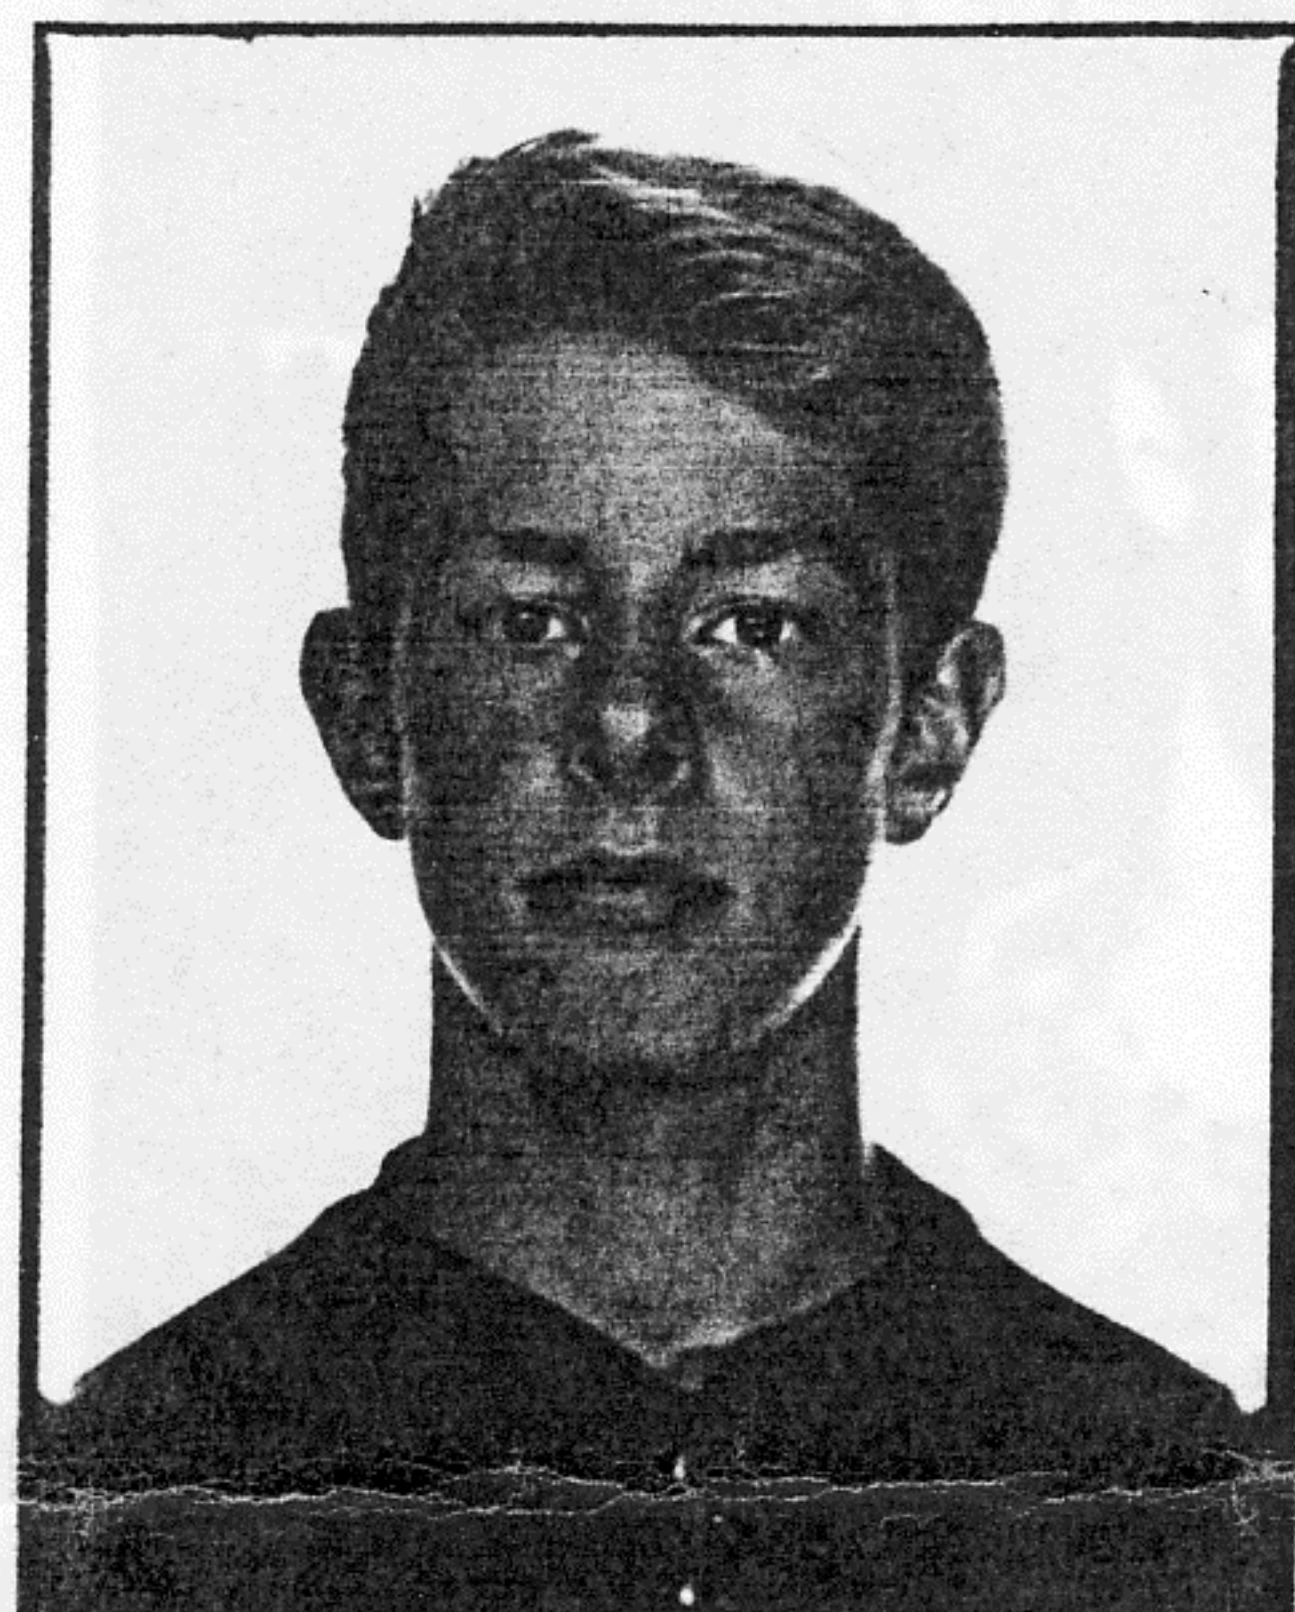

These dudes (and 1 dudet) are SATCOM/EX-PANDORA and his ex-girlie INGE/OREGON (time passed, poor bov) and on the right, the neighbour from SATCOM, NOERI. Did you know that INGE want to work as a photo model in Holland ???

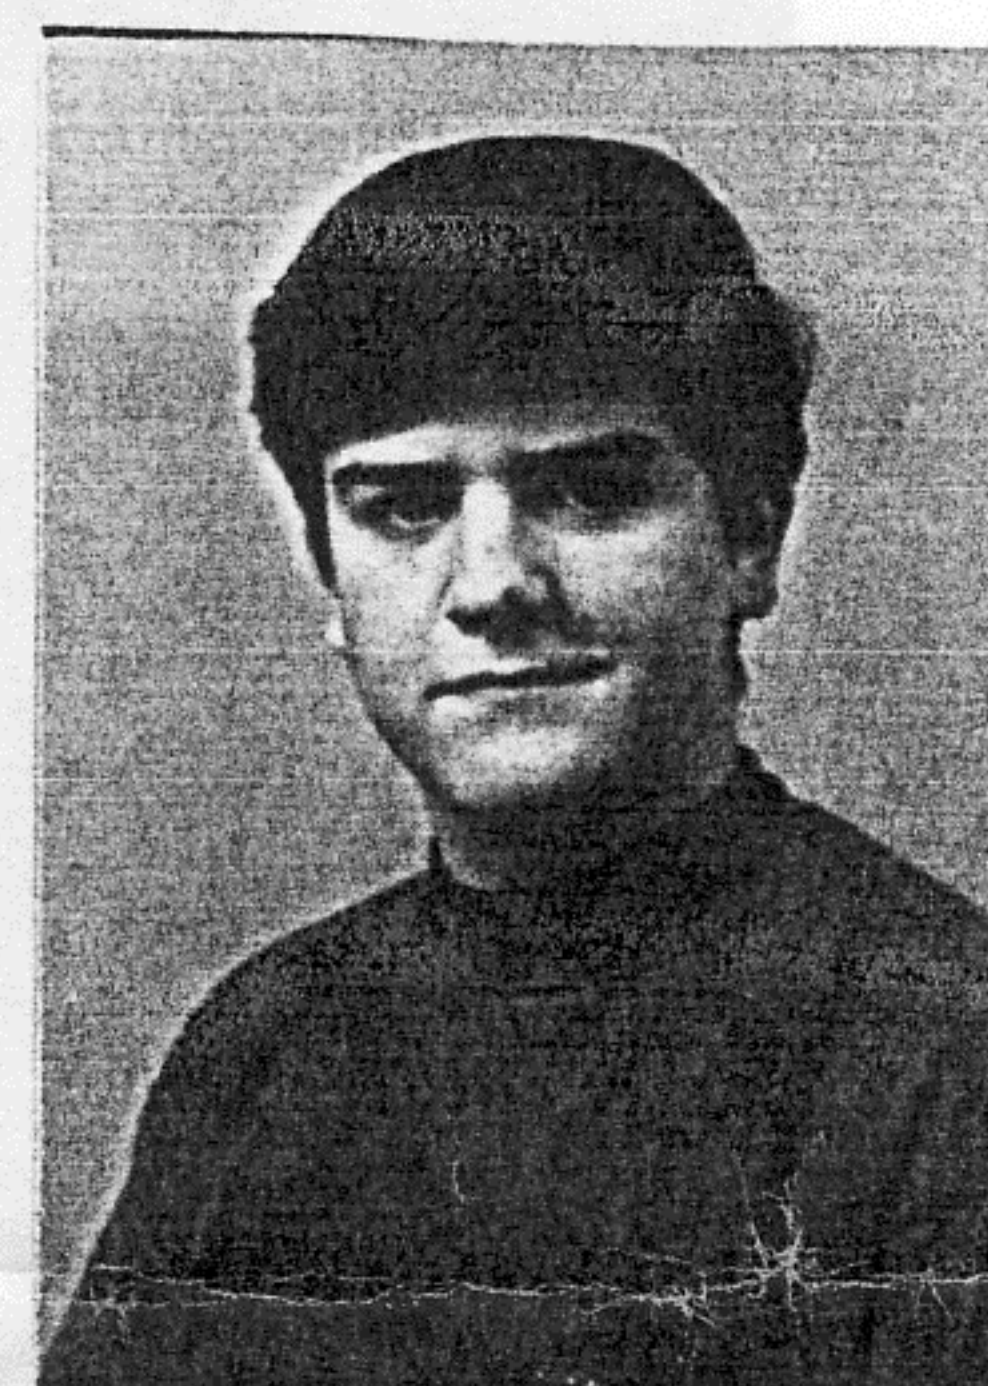

This dude is THE AUDIENCE/OREGON. At this time he was 12 years old.

Also this is THE AUDIENCE/OREGON, but he is 14 years old on this pic.

This dude is JAYCE/CHROMANCE...

This is ECCO/X-FACTOR...

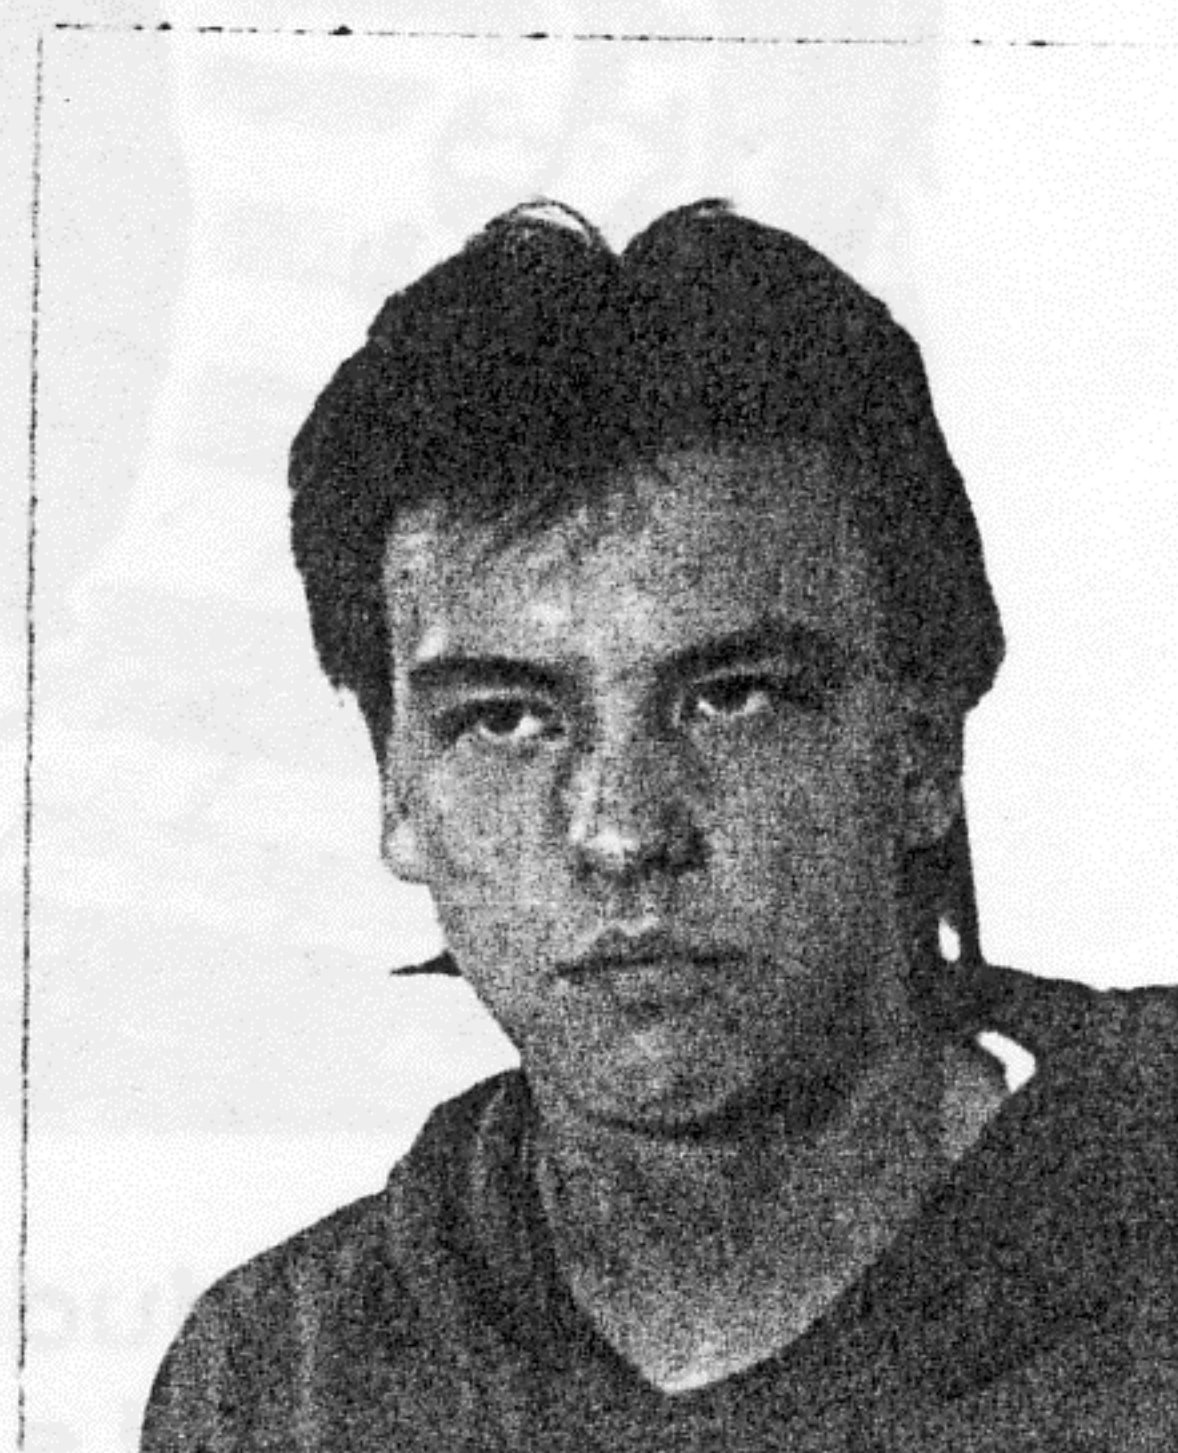

This is THE BLUE GUARD from THE GUARDIAN ANGELS...

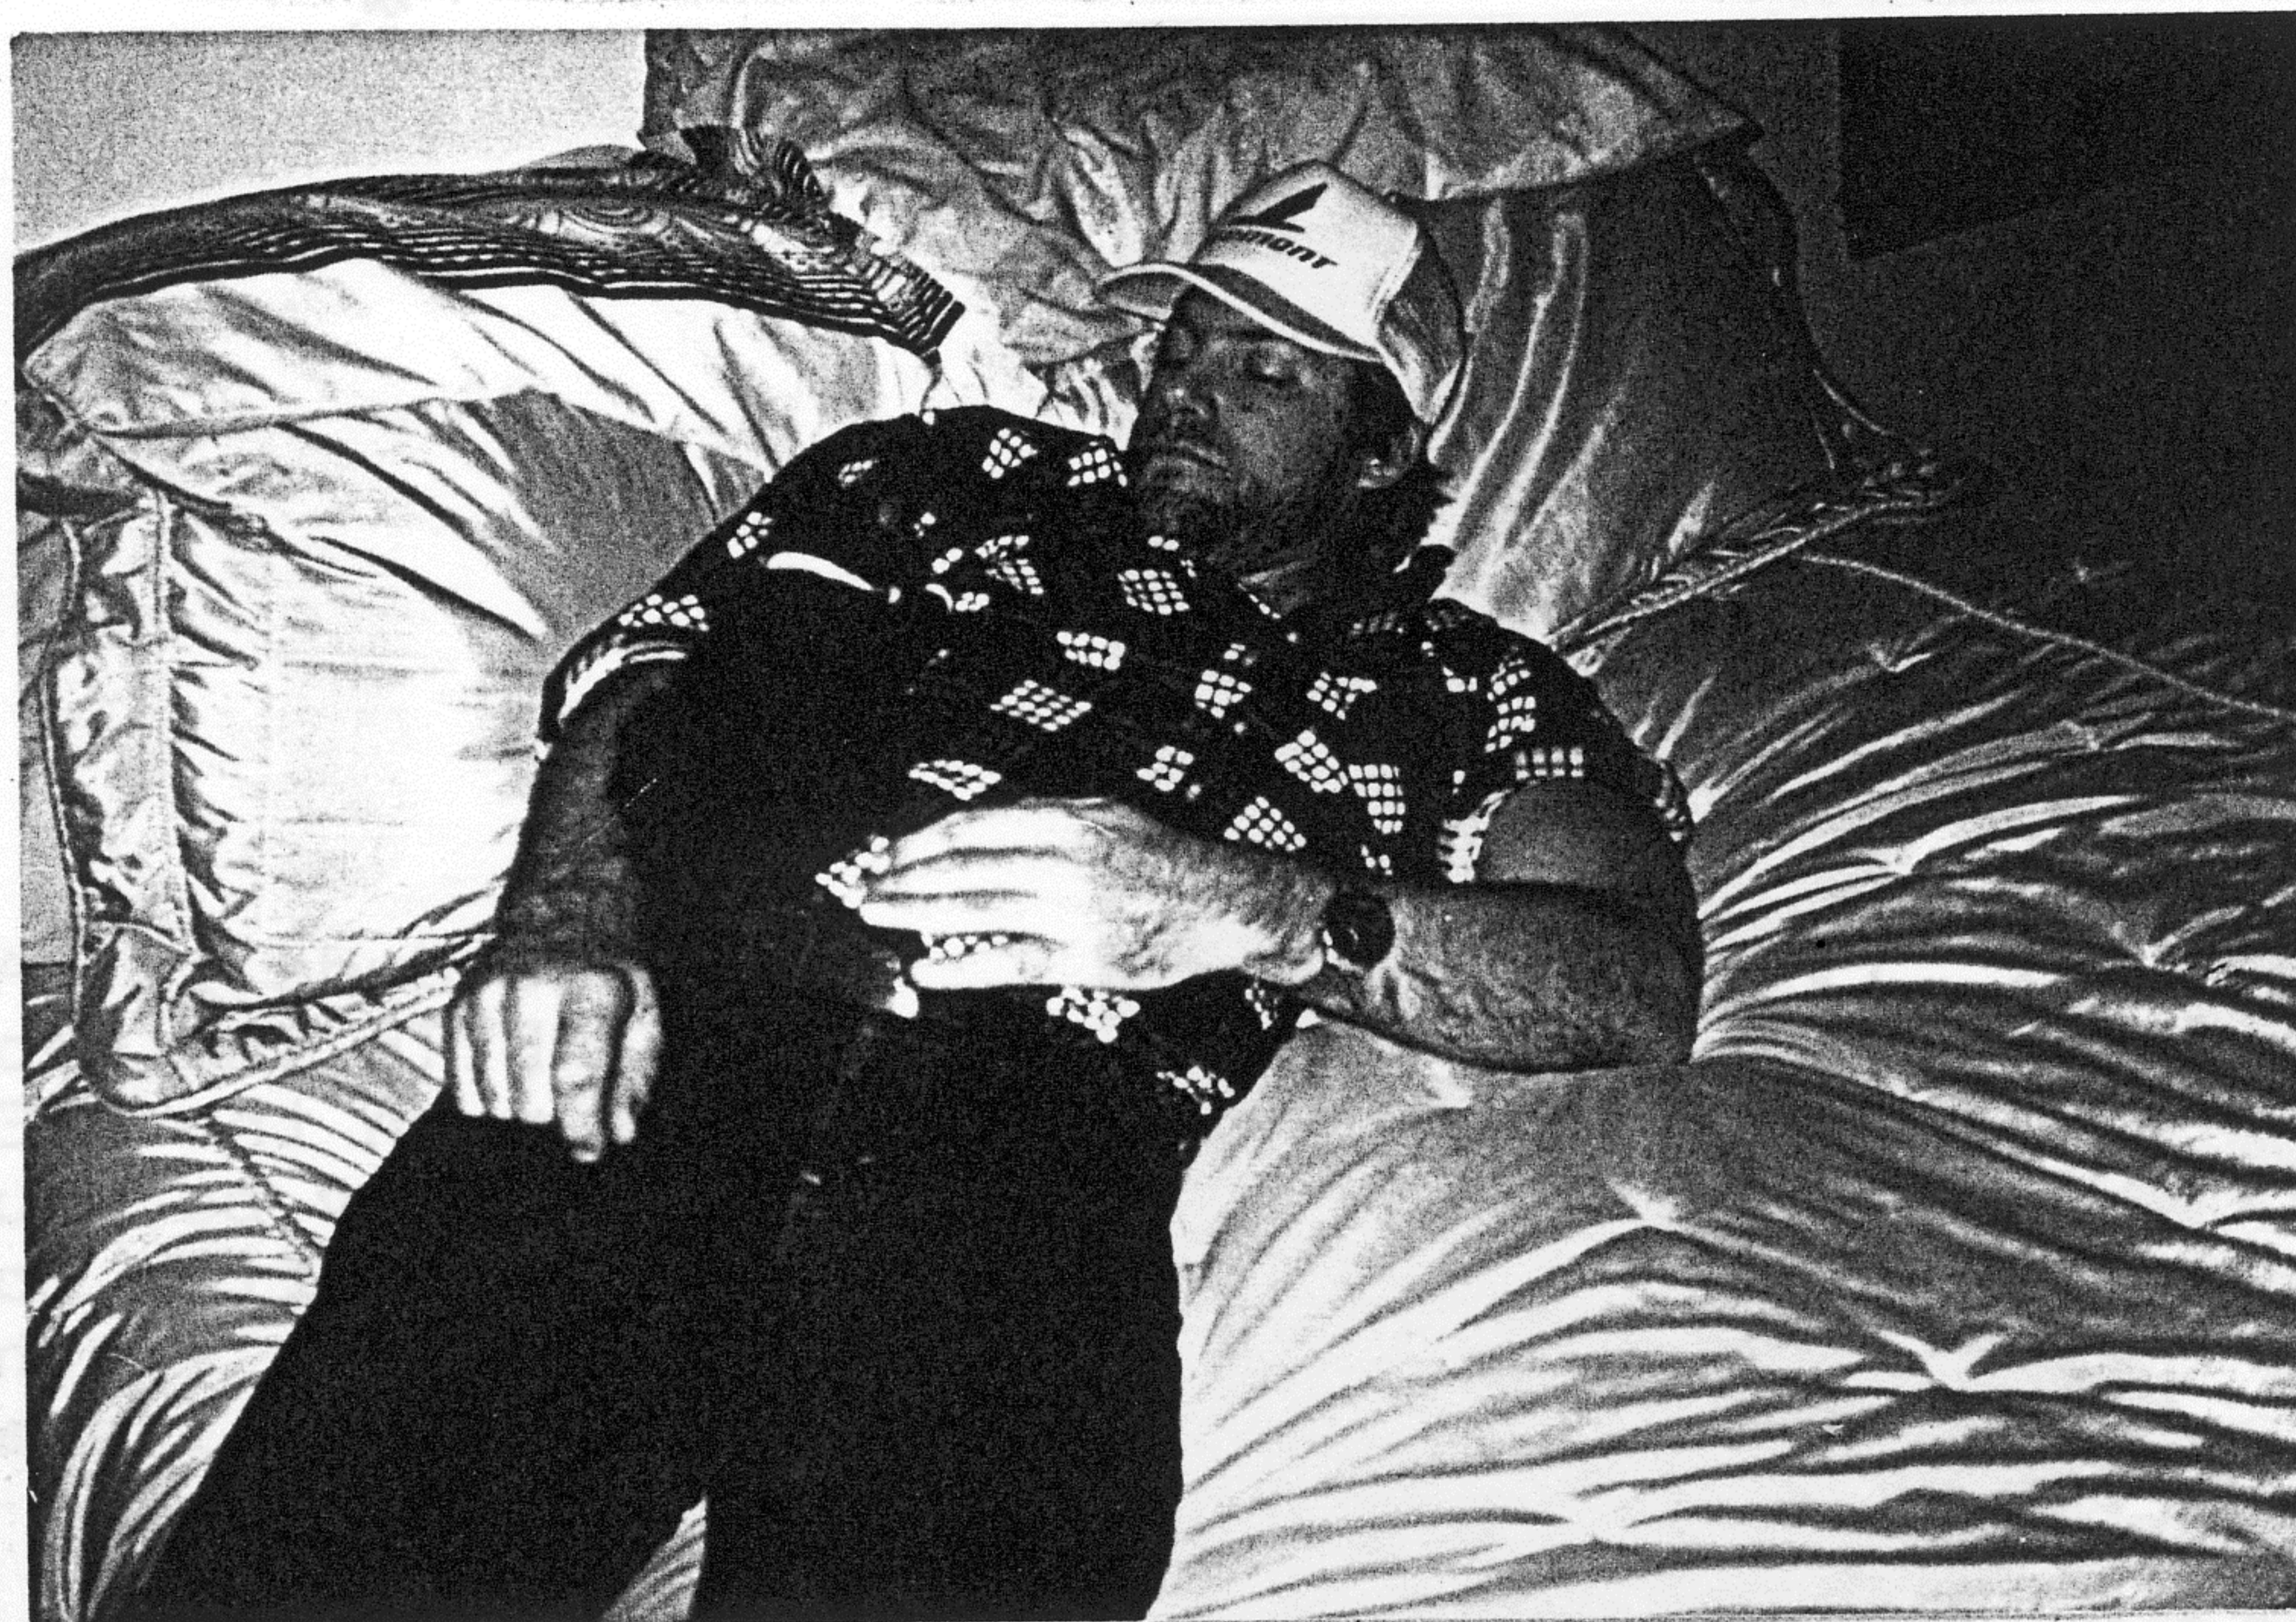

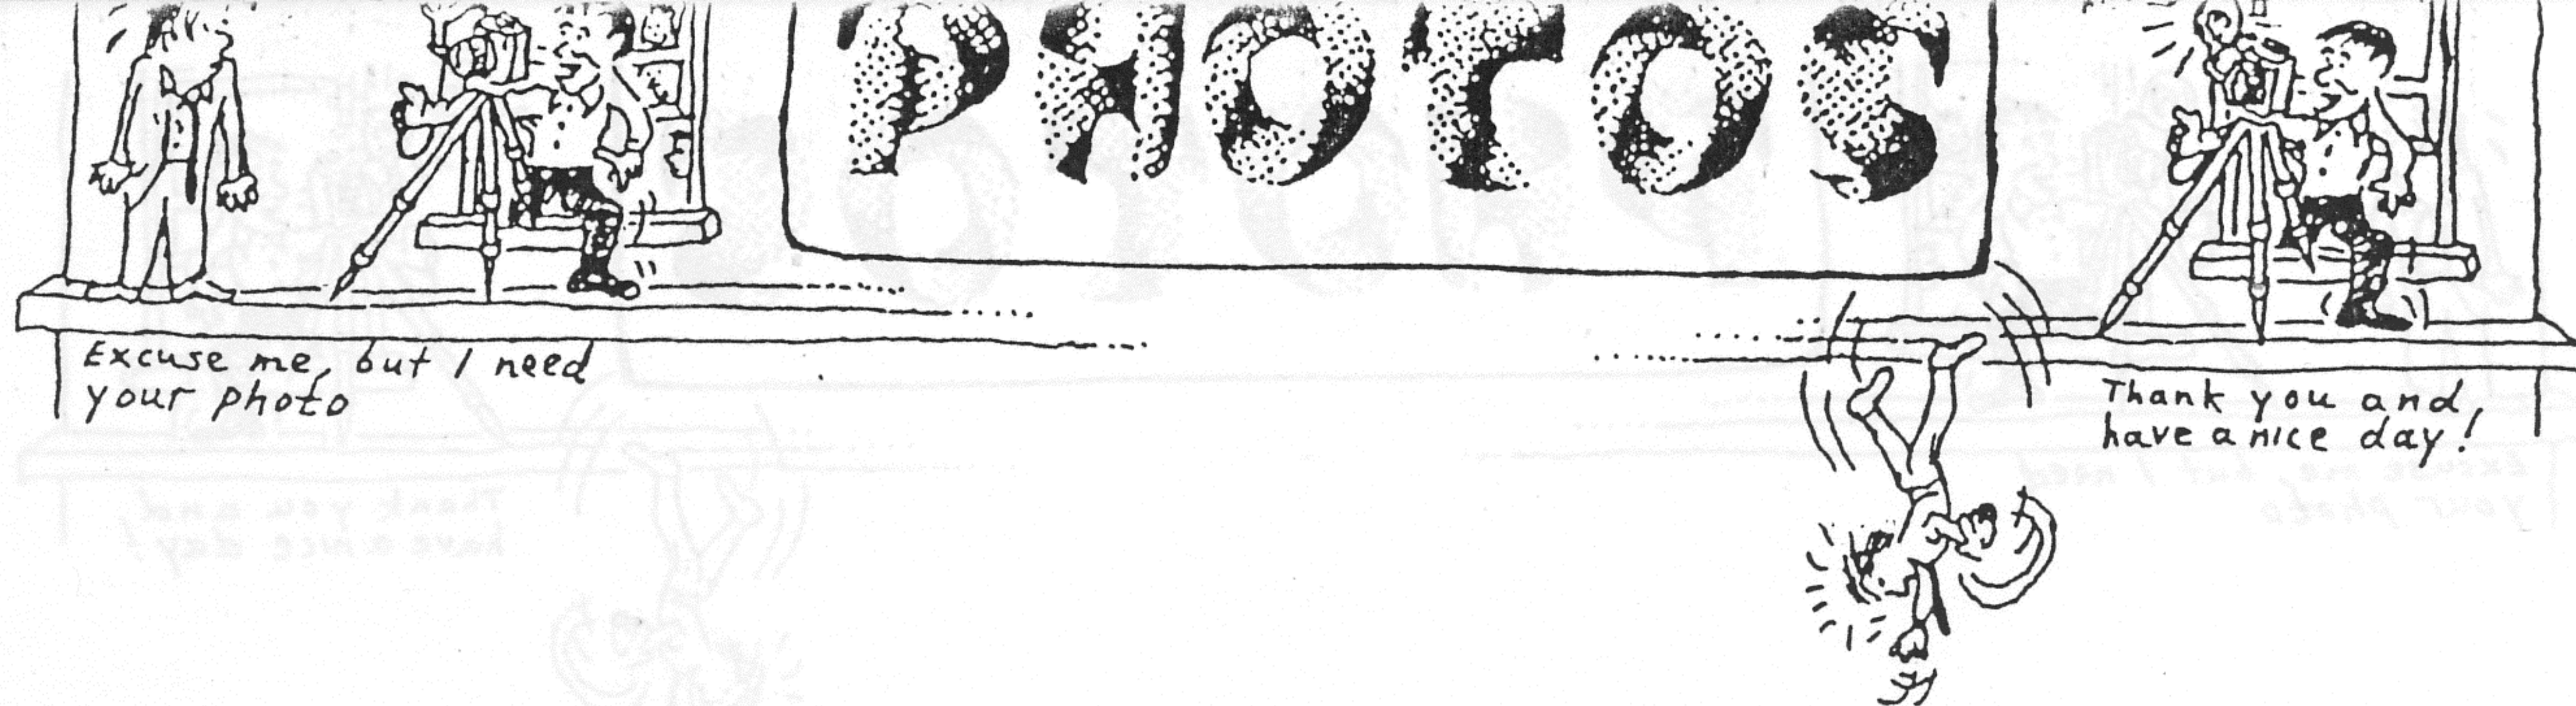

And this dude is FLASH from HYSTERIC. He is now 17, on the pic he's 13...

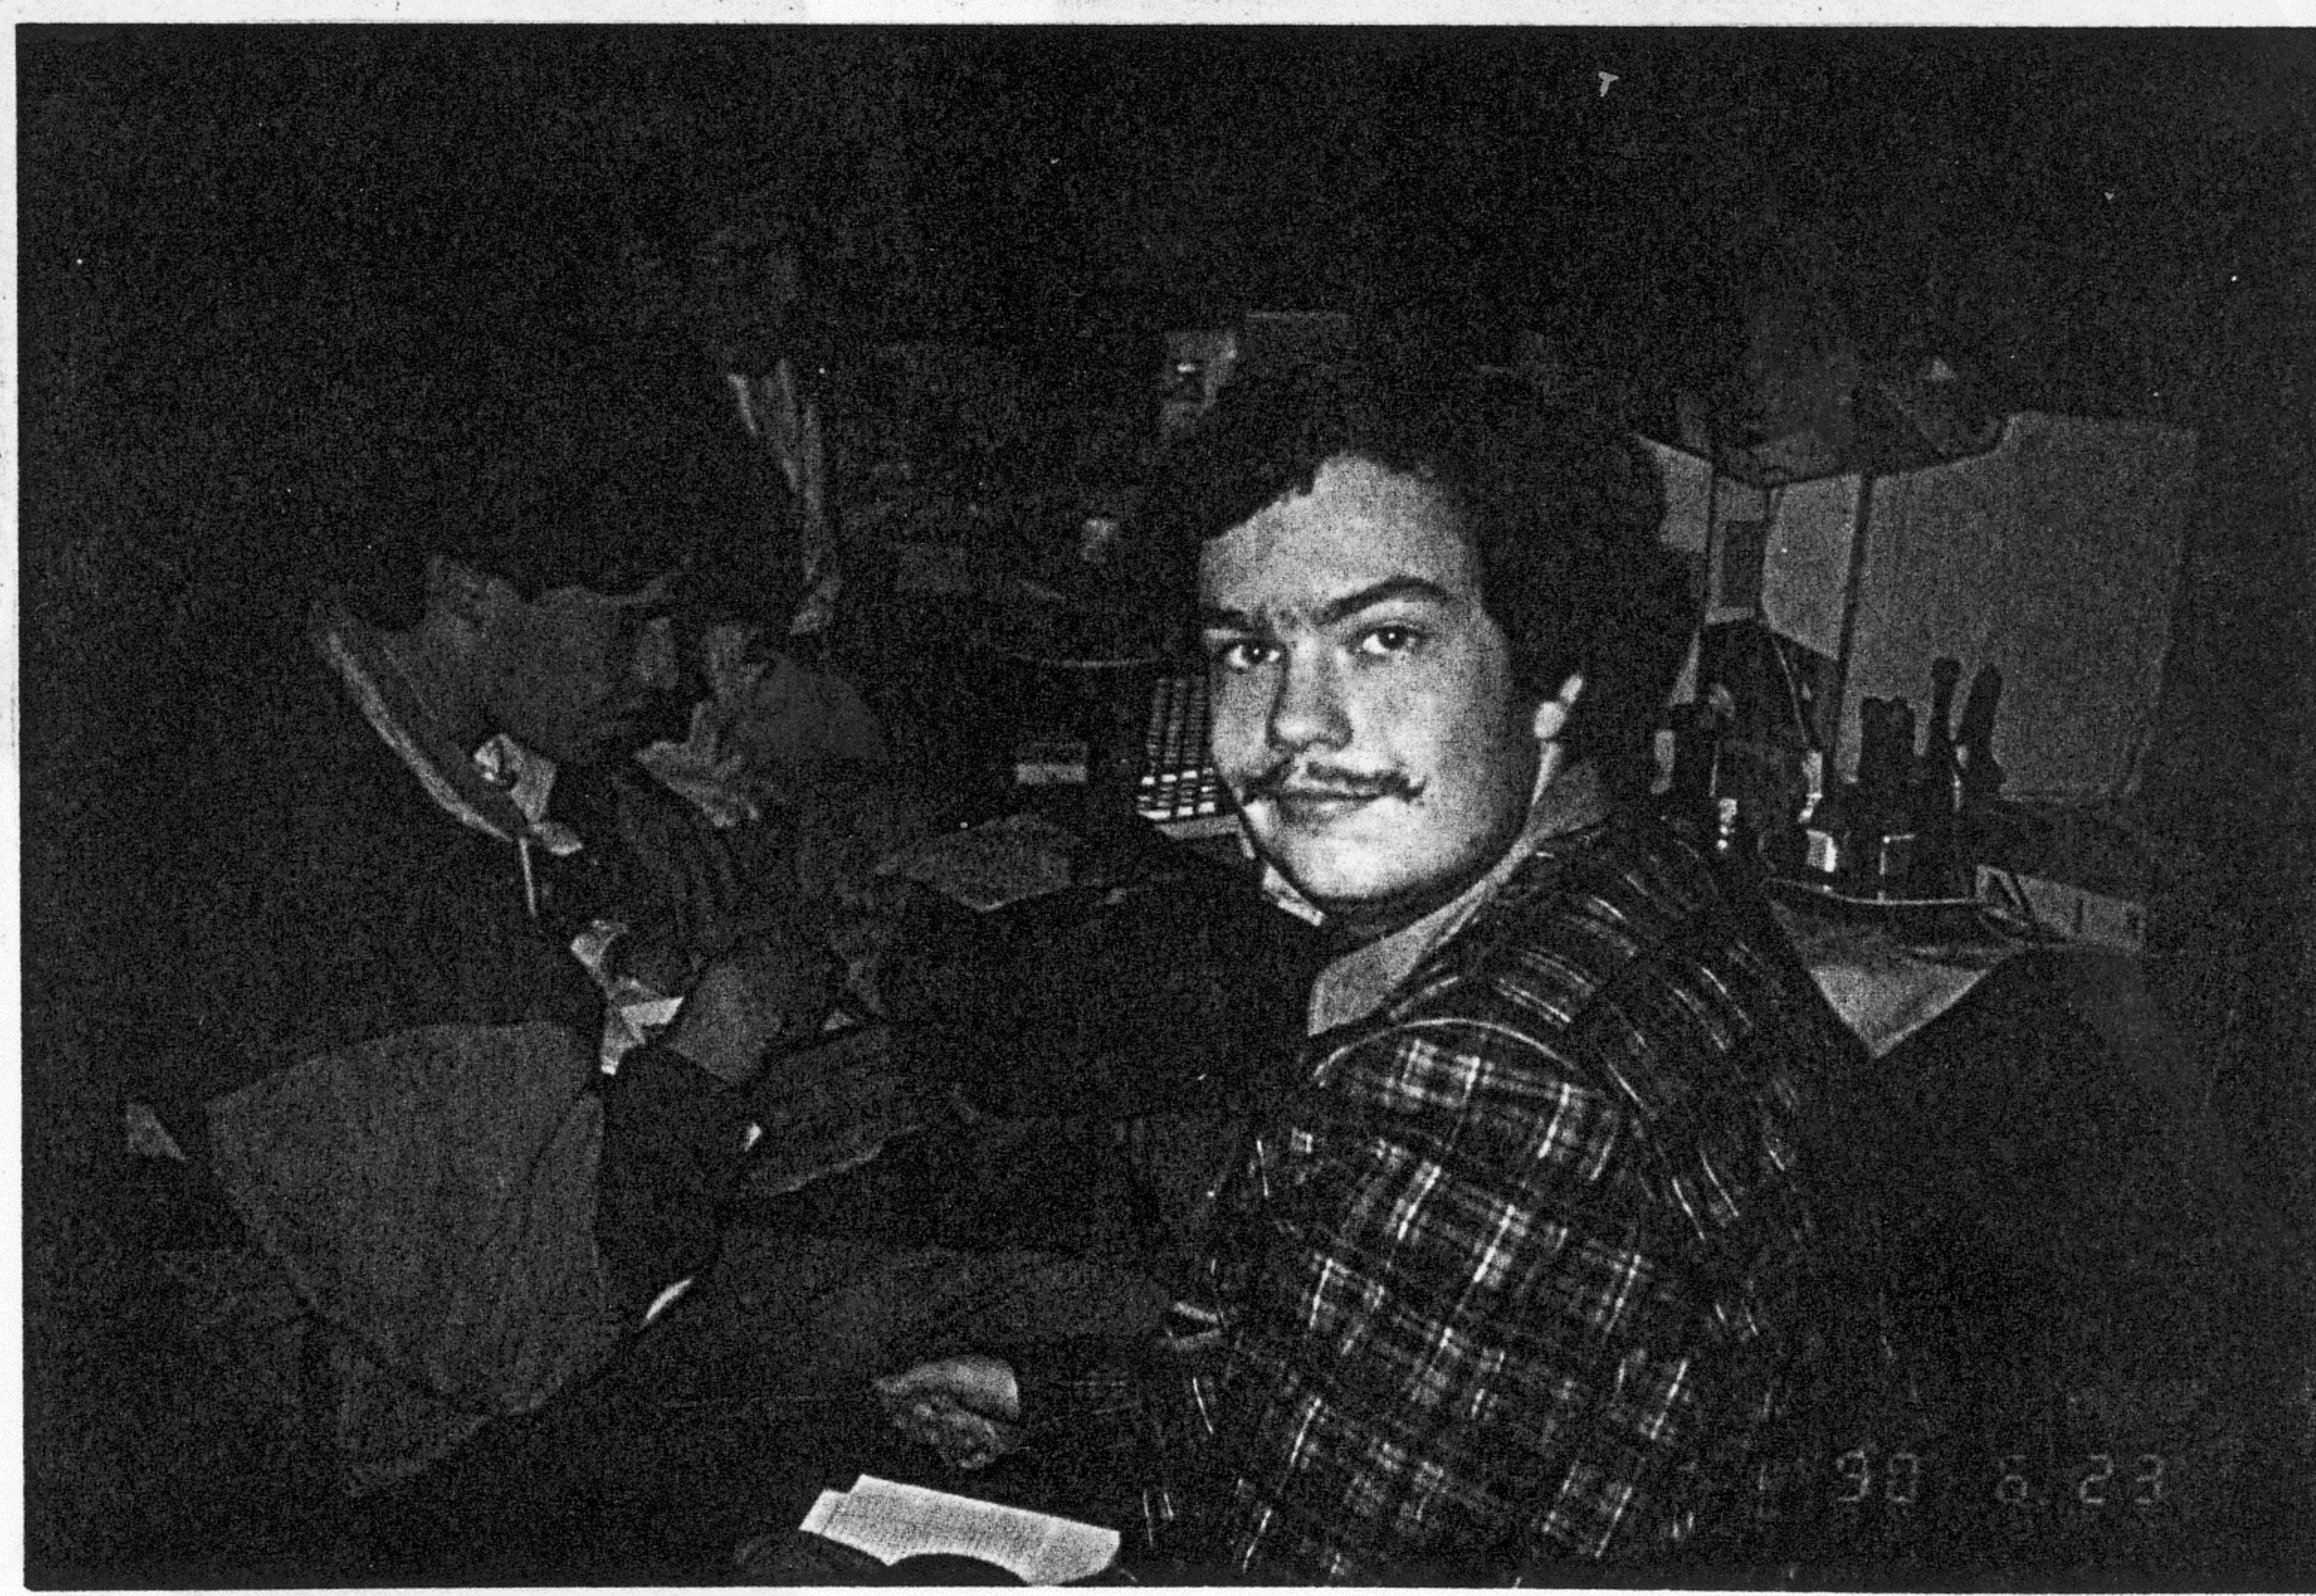

This dude is the ultimate SCOOBY OF LIGHT...

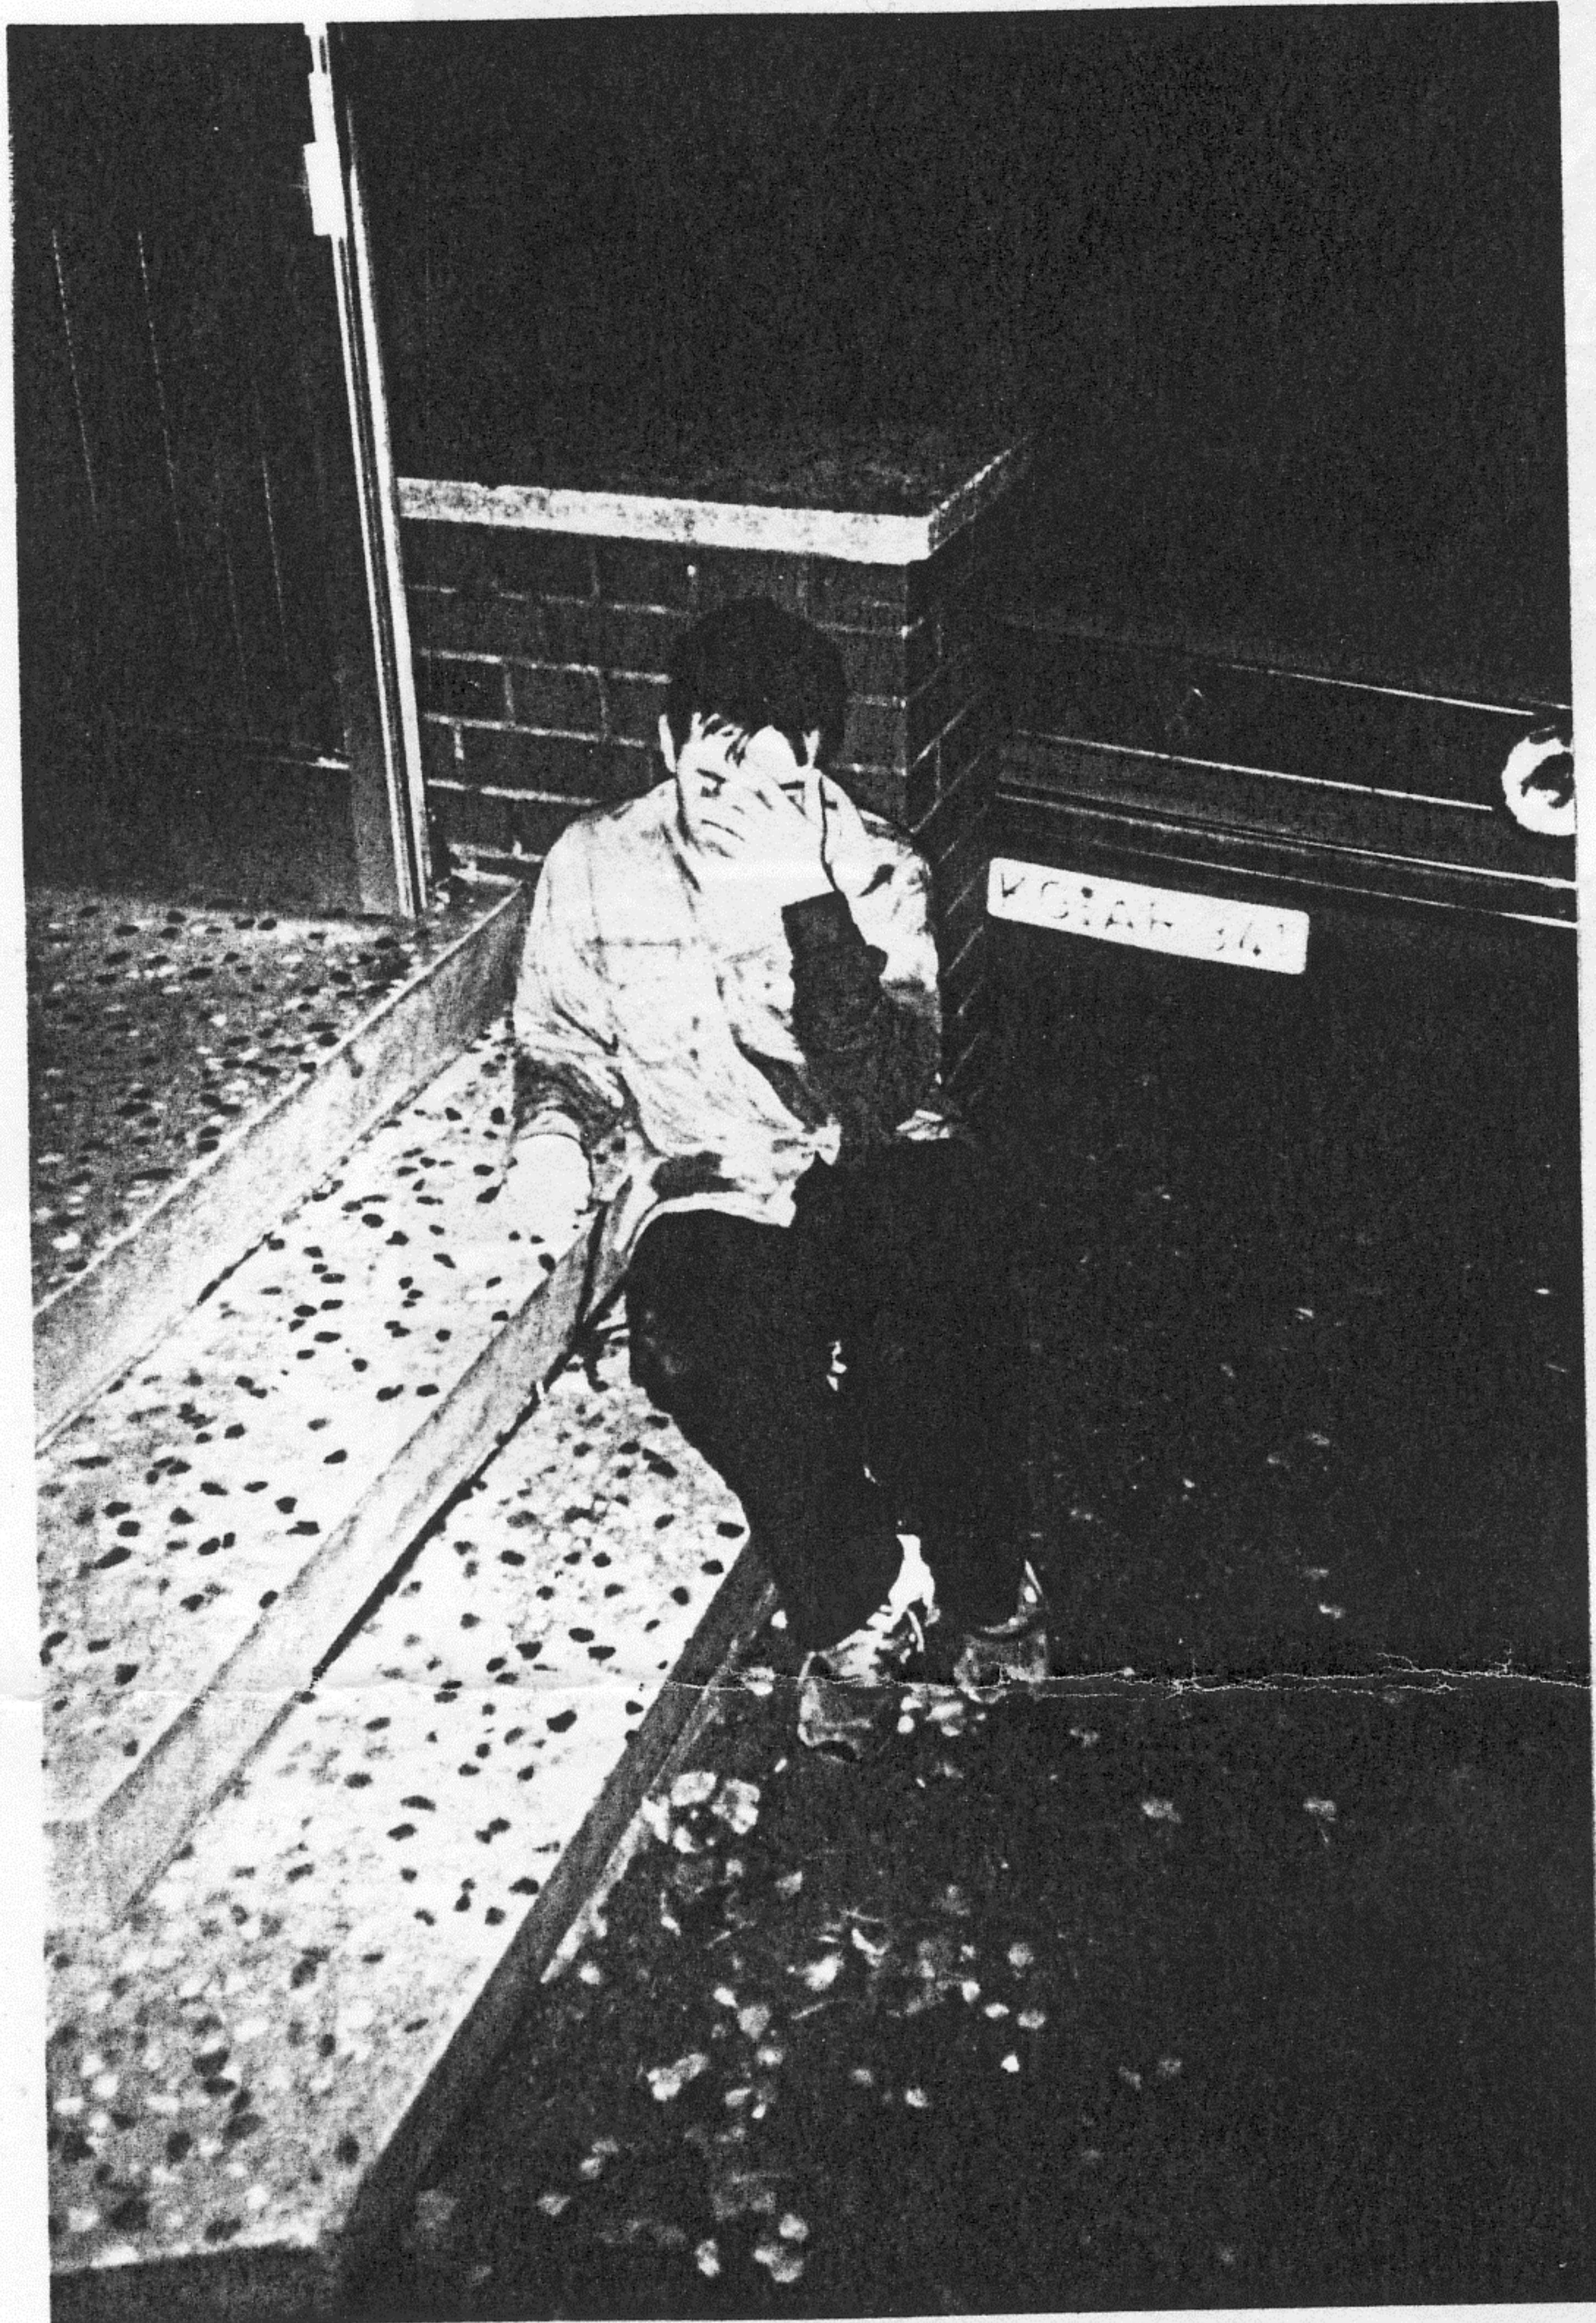

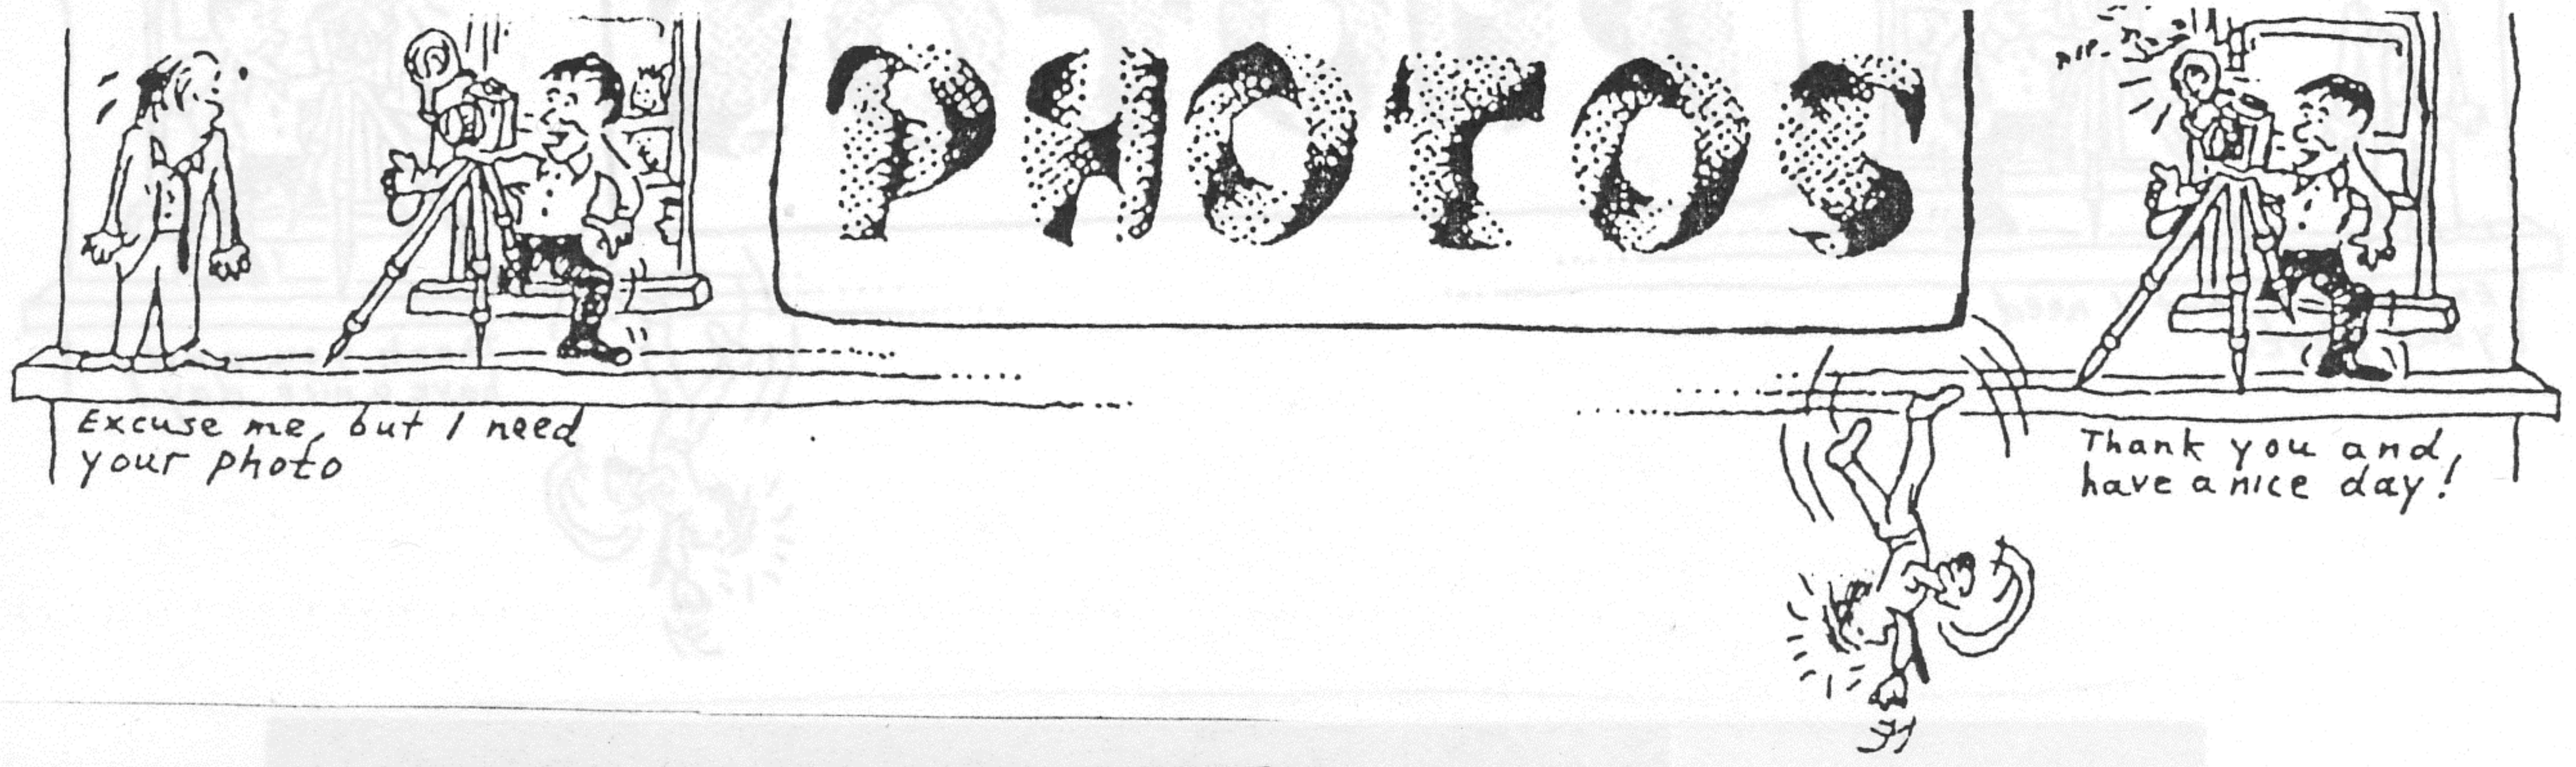

This legal dude is ANDRE from HOUSE DESIGN...

This dude is HAMMERTIME from MIRAGE (USA) asleep with a nice pussy in his arms (he,he,he). Jerry is 32 at the mo and mariged a 2nd time in september.

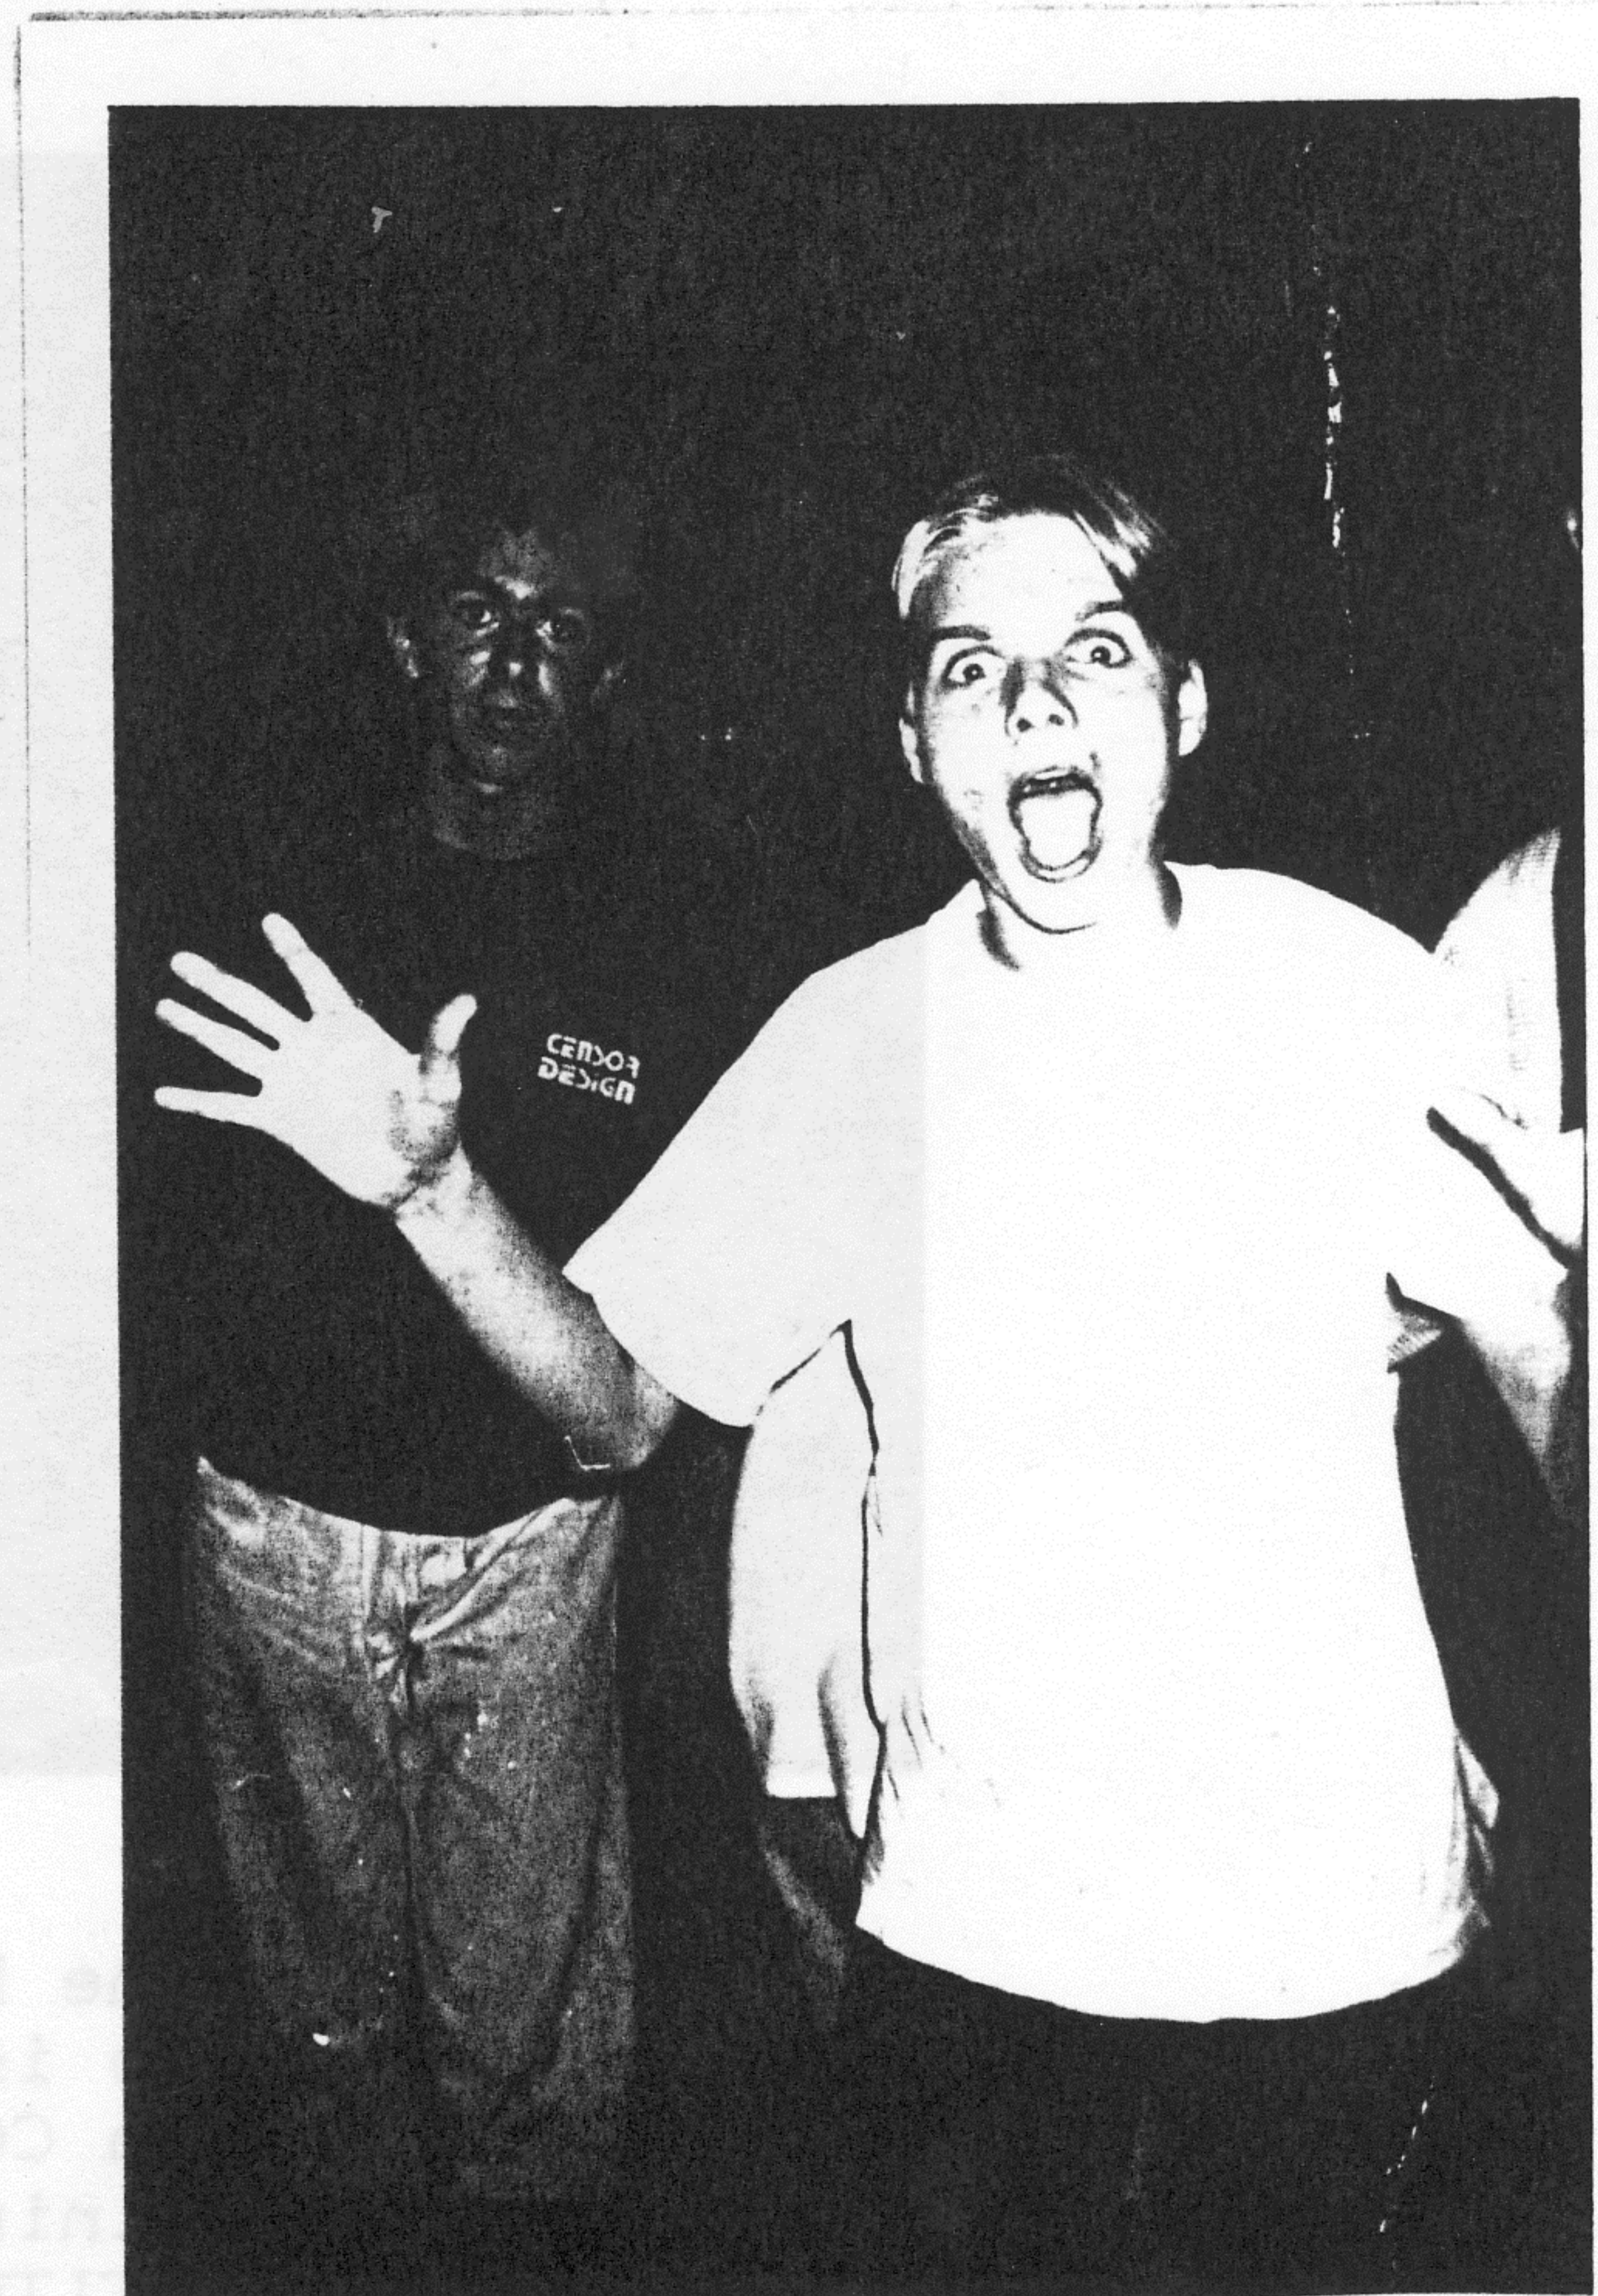

The dude in the background is MC. SPRITE and the dude who is searching in his discs is GOTCHA both COSMOS DESIGN. The dude who is grining into the camera is ANTITRACK from LEGEND !

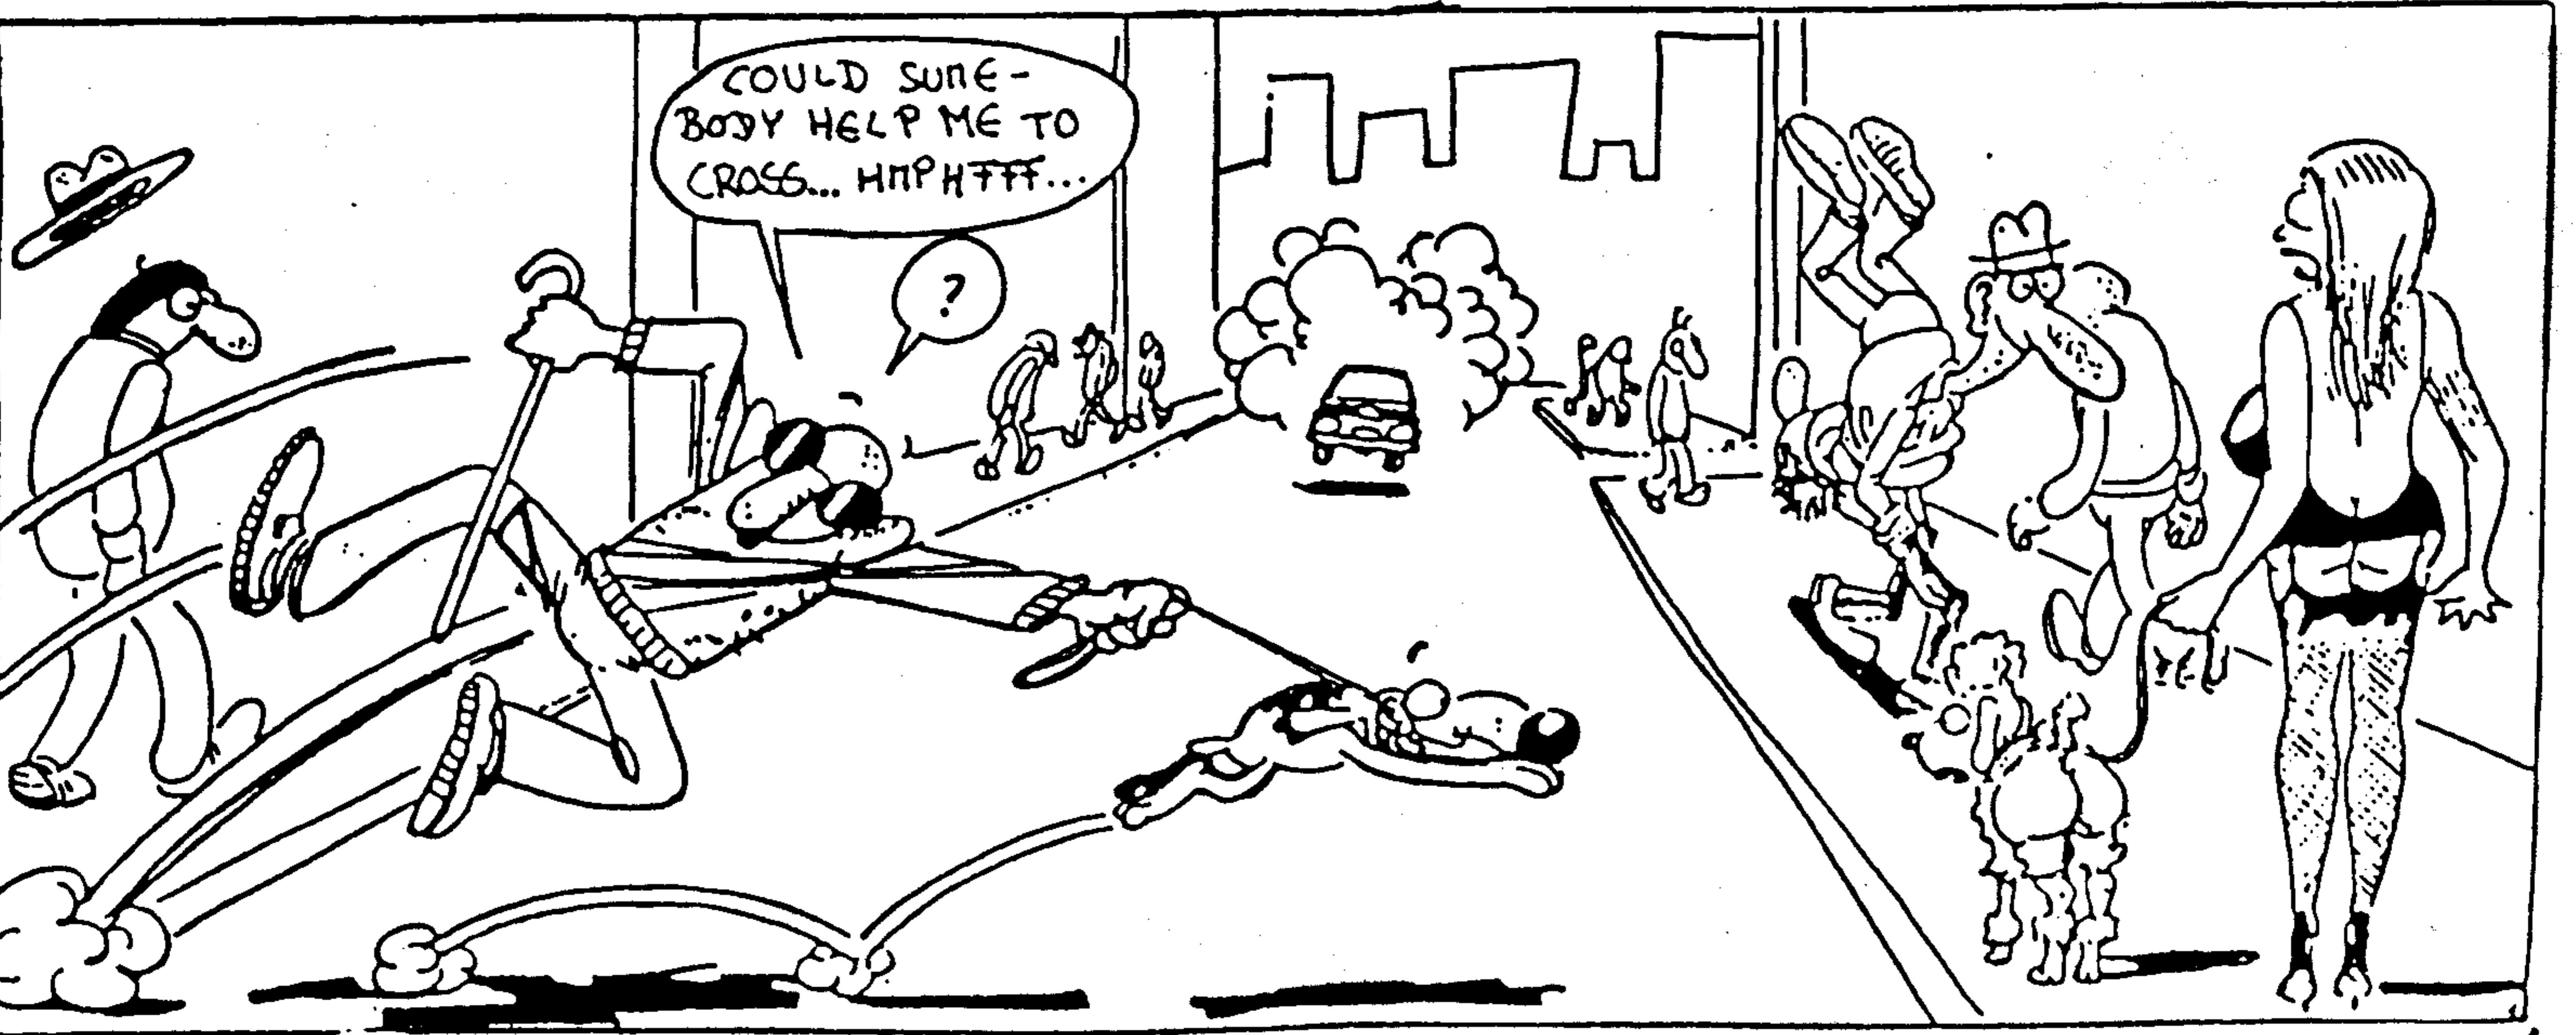

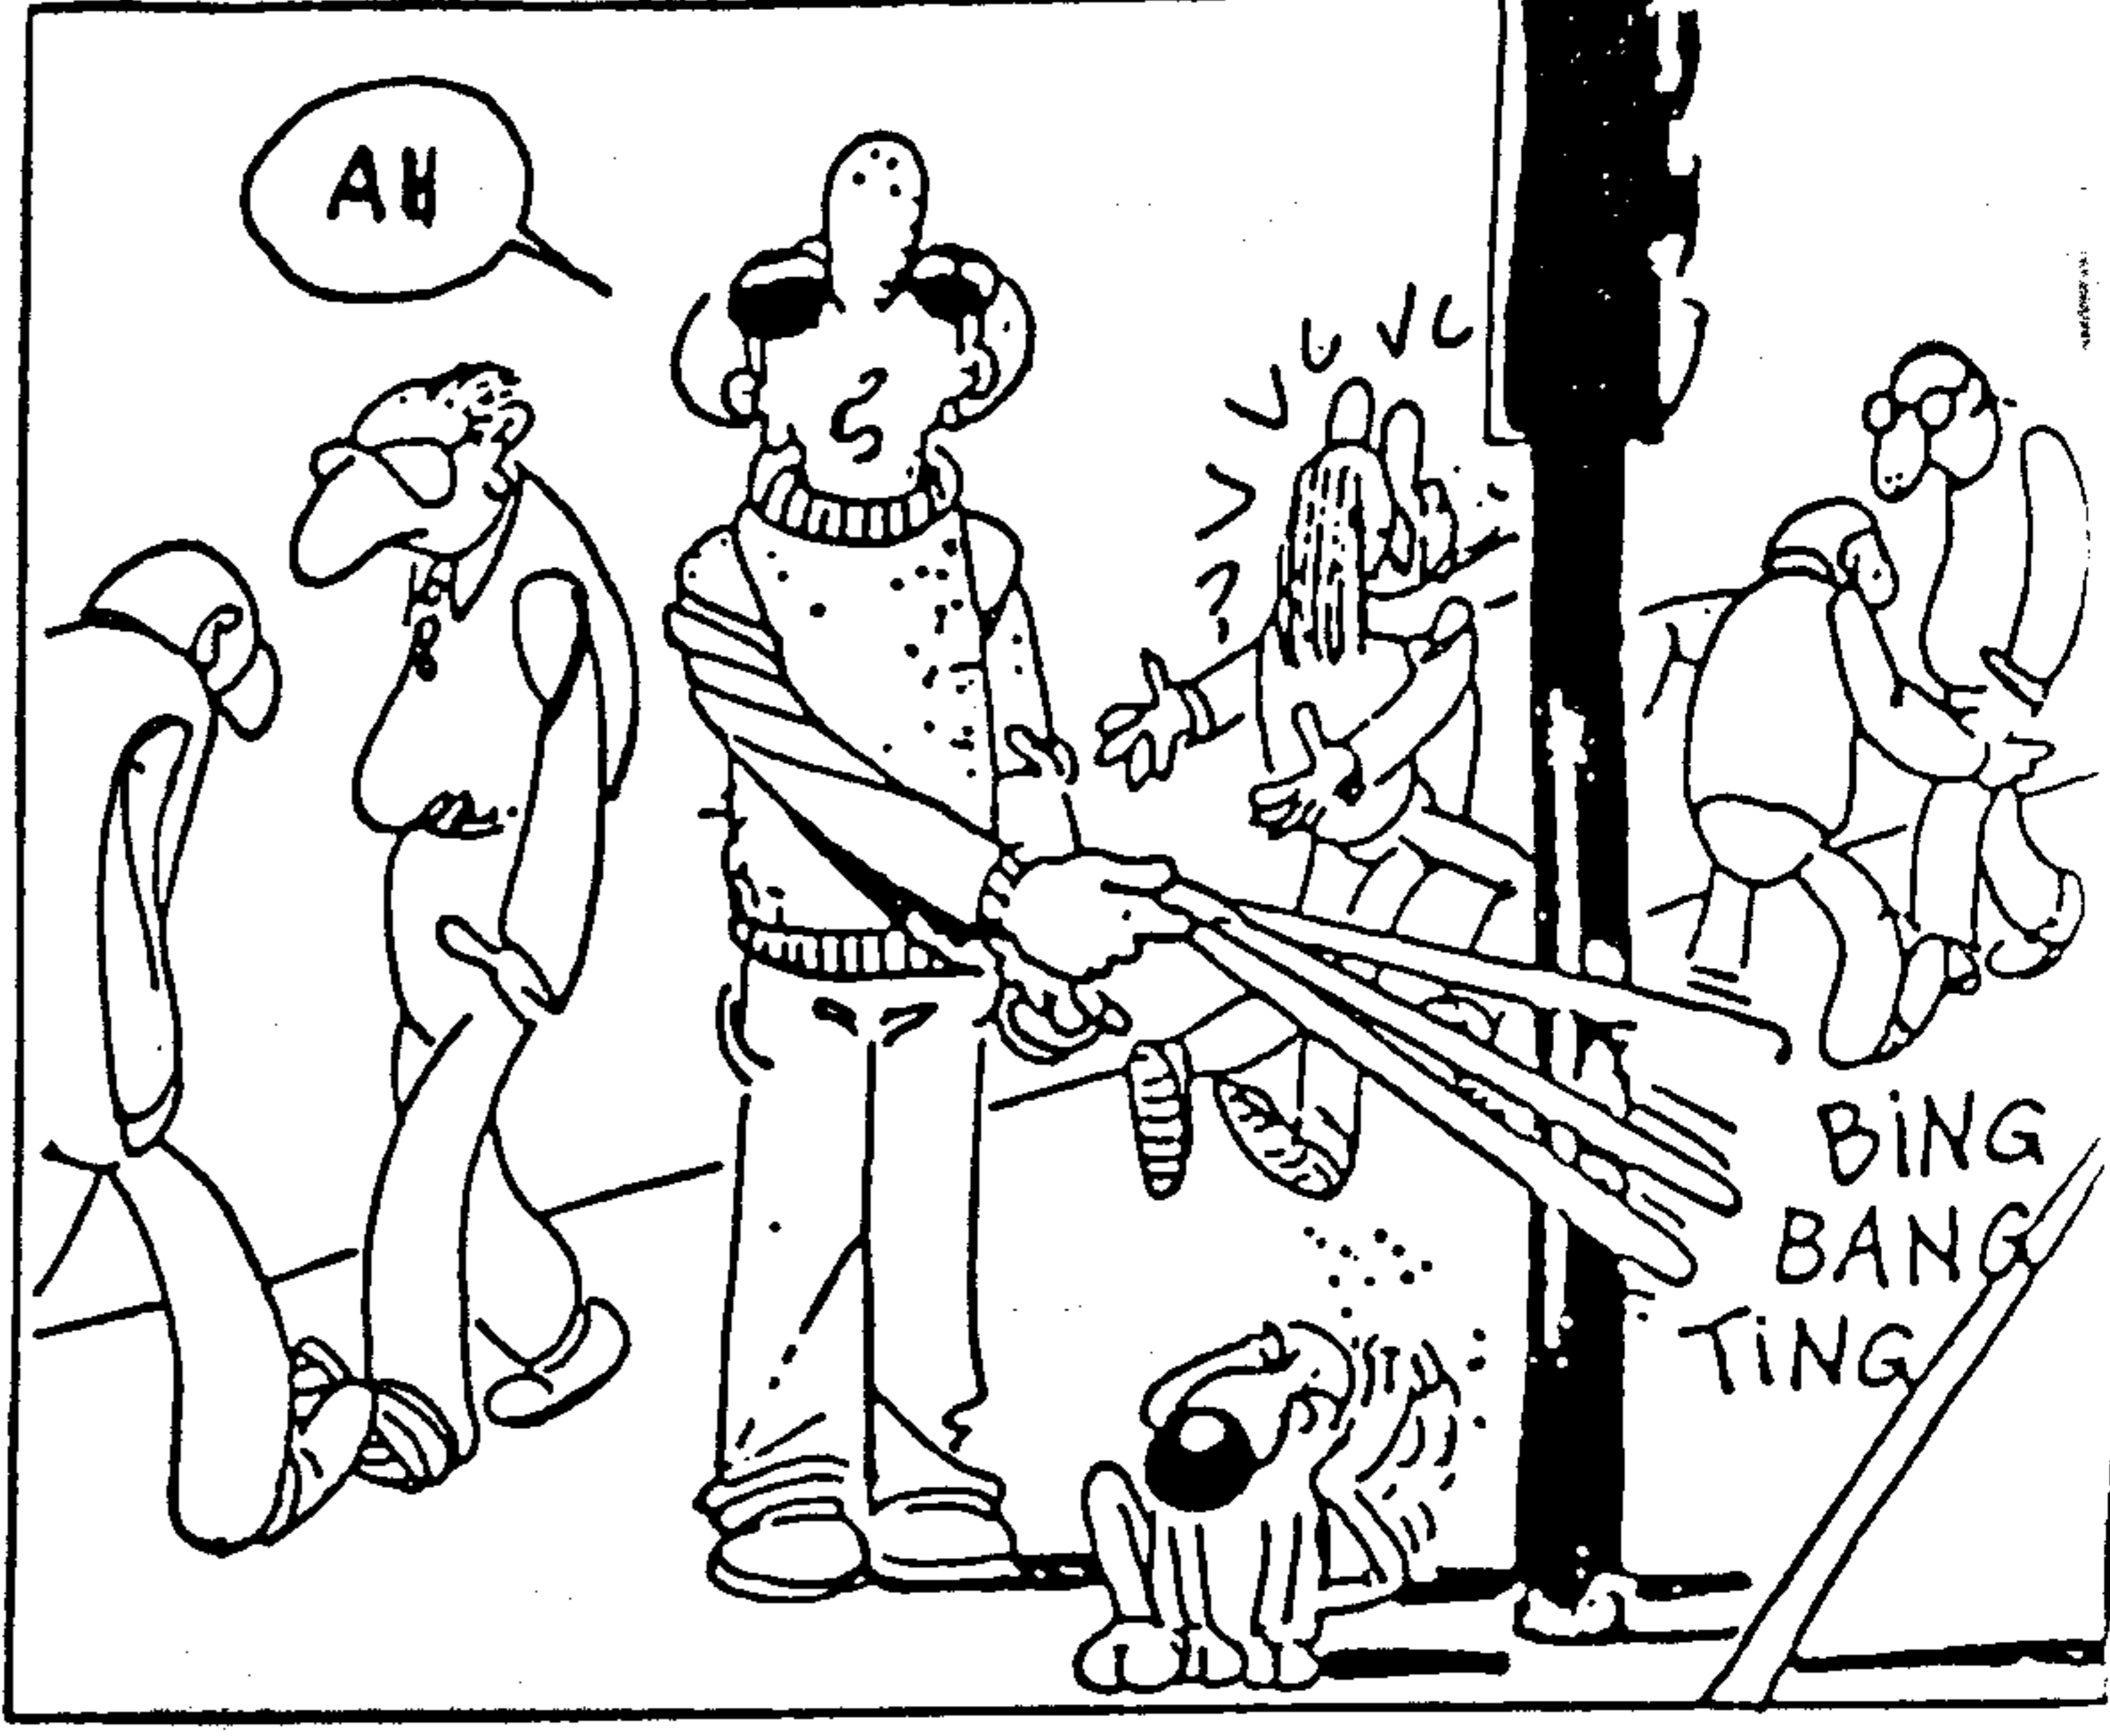

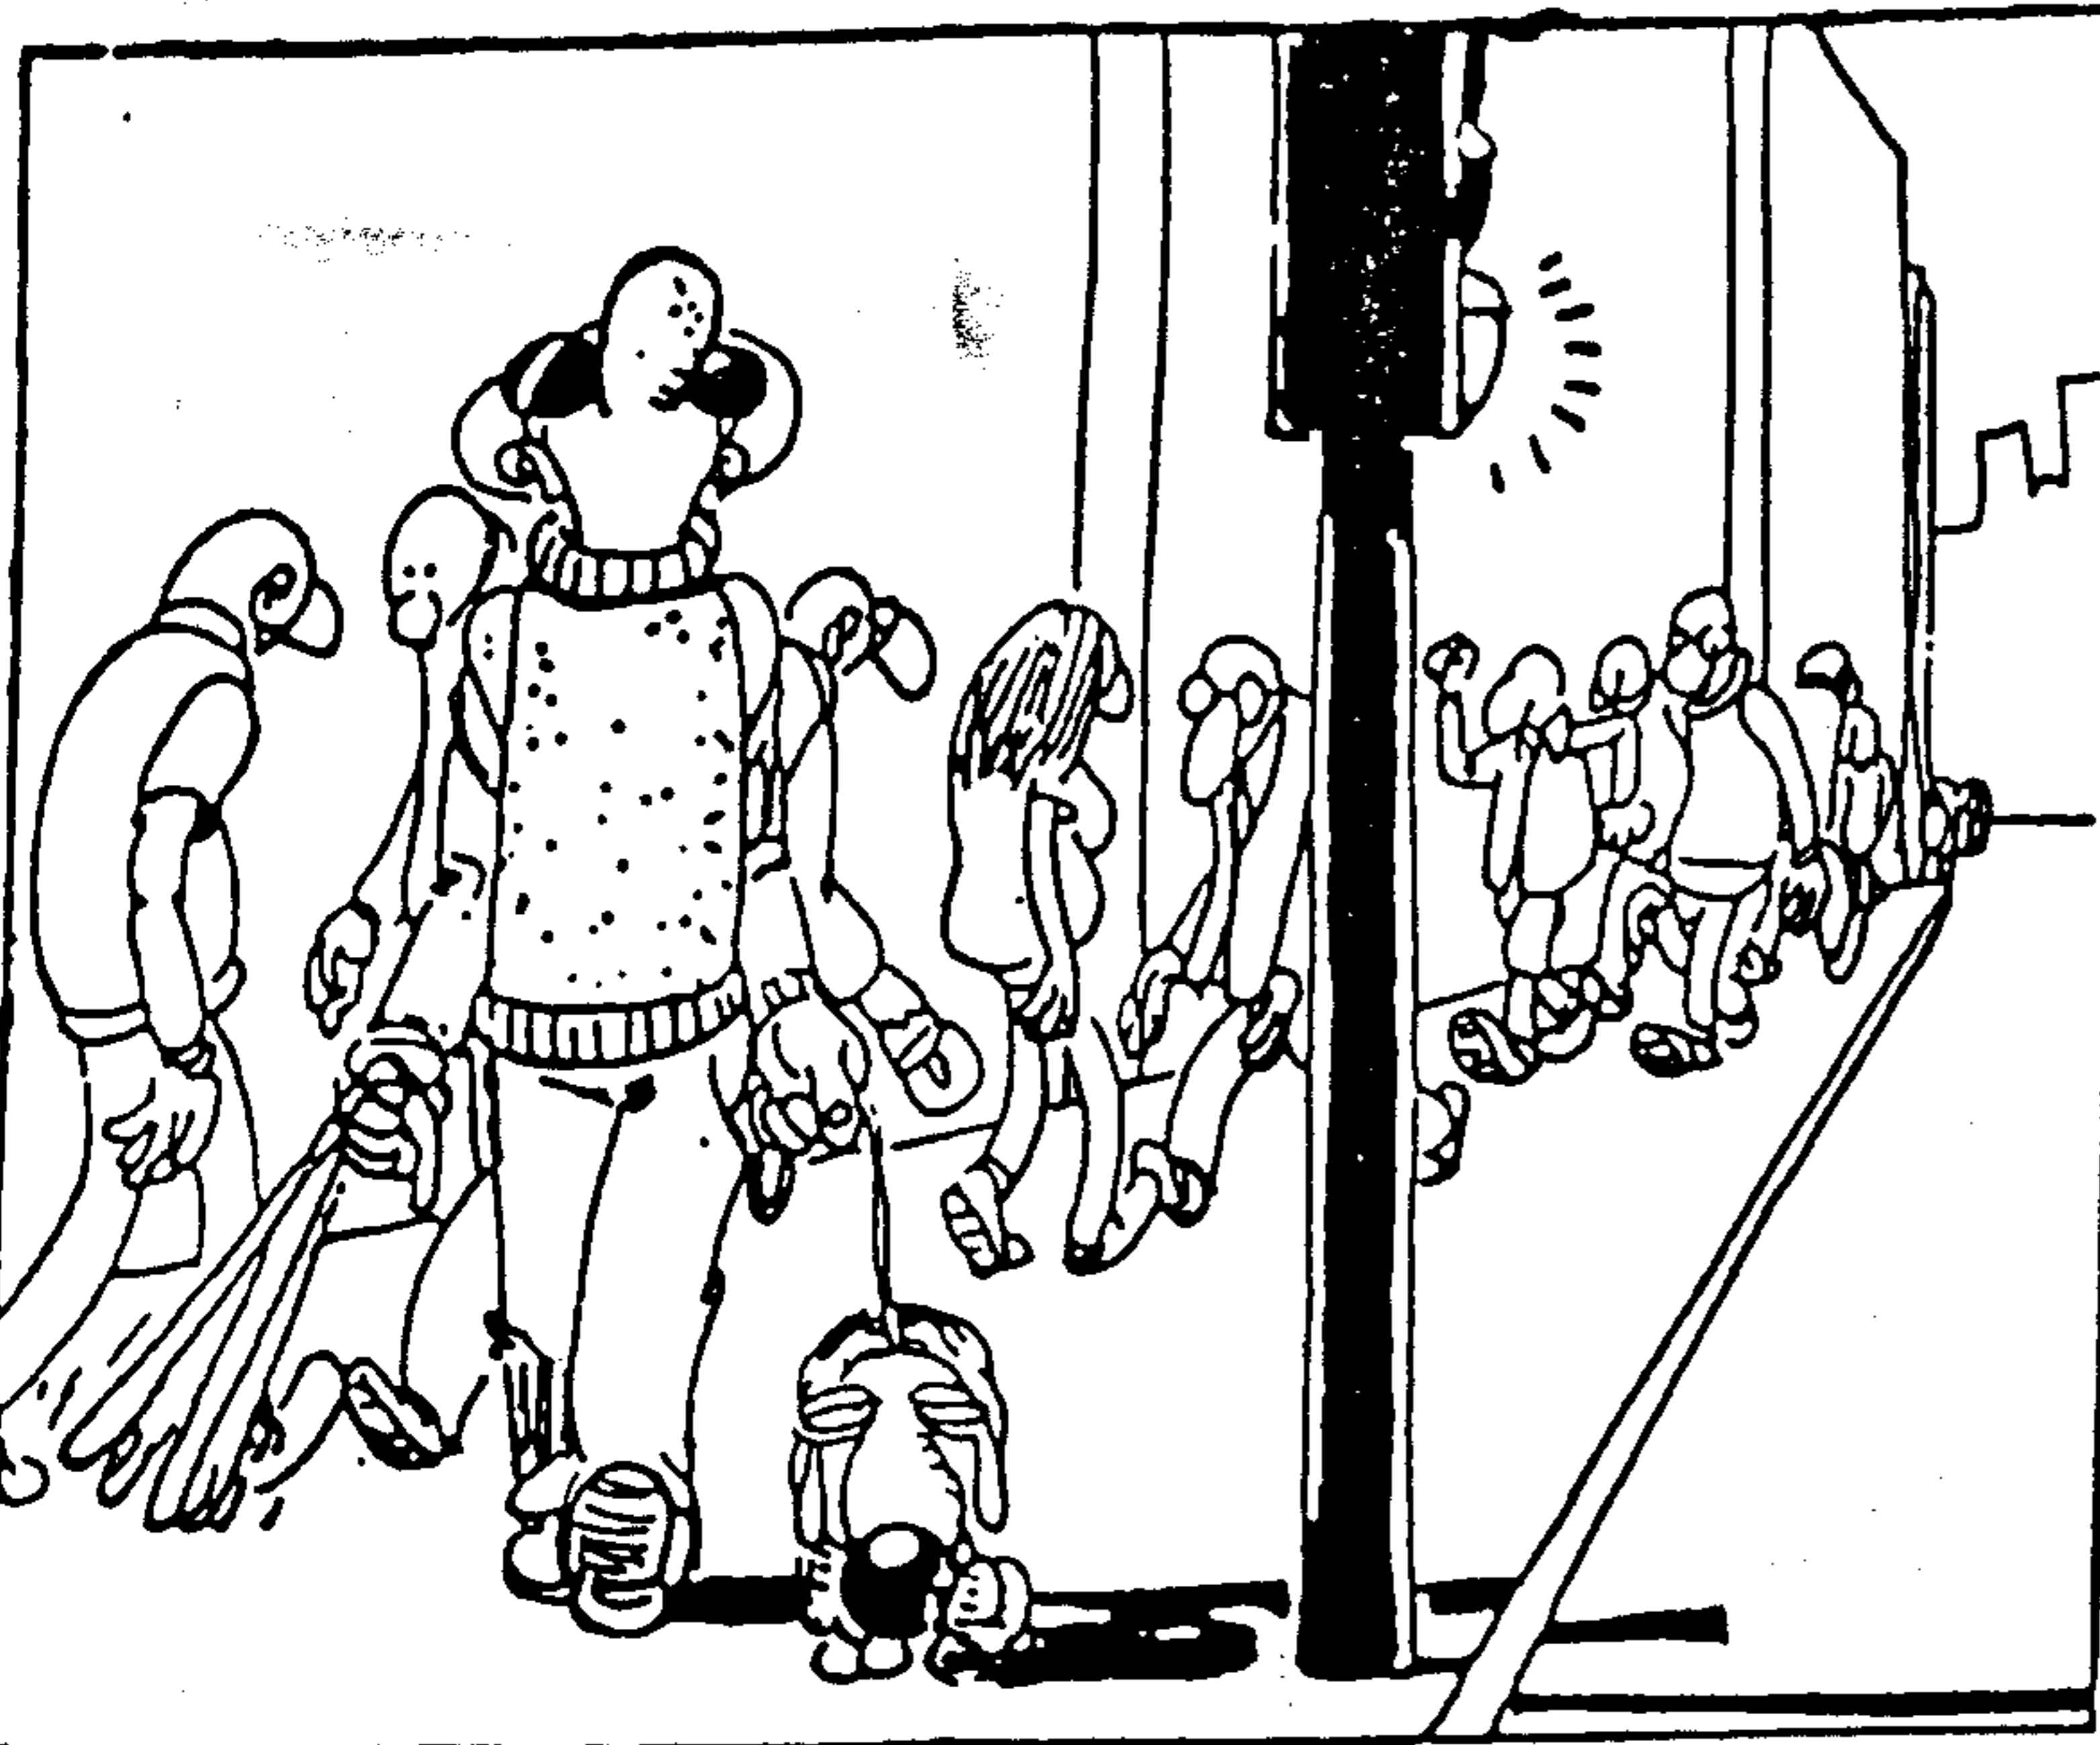

These dude is CARSTEN from STARBYTE. The photo was taken on the STEEL+SUCCESS party. May be you see his wet T-shirt. After boozing a lot of bottles alc, he ran out and puked like a wild shark. Yeuch...

These 2 guyz are BOB from CENSOR DESIGN and on the right you see JAYCE/[C] on the CHROMANCE party. Both guyz were totally pissed. I think the most C64 users are drunken on partys (the BP crew says...SKAL !).

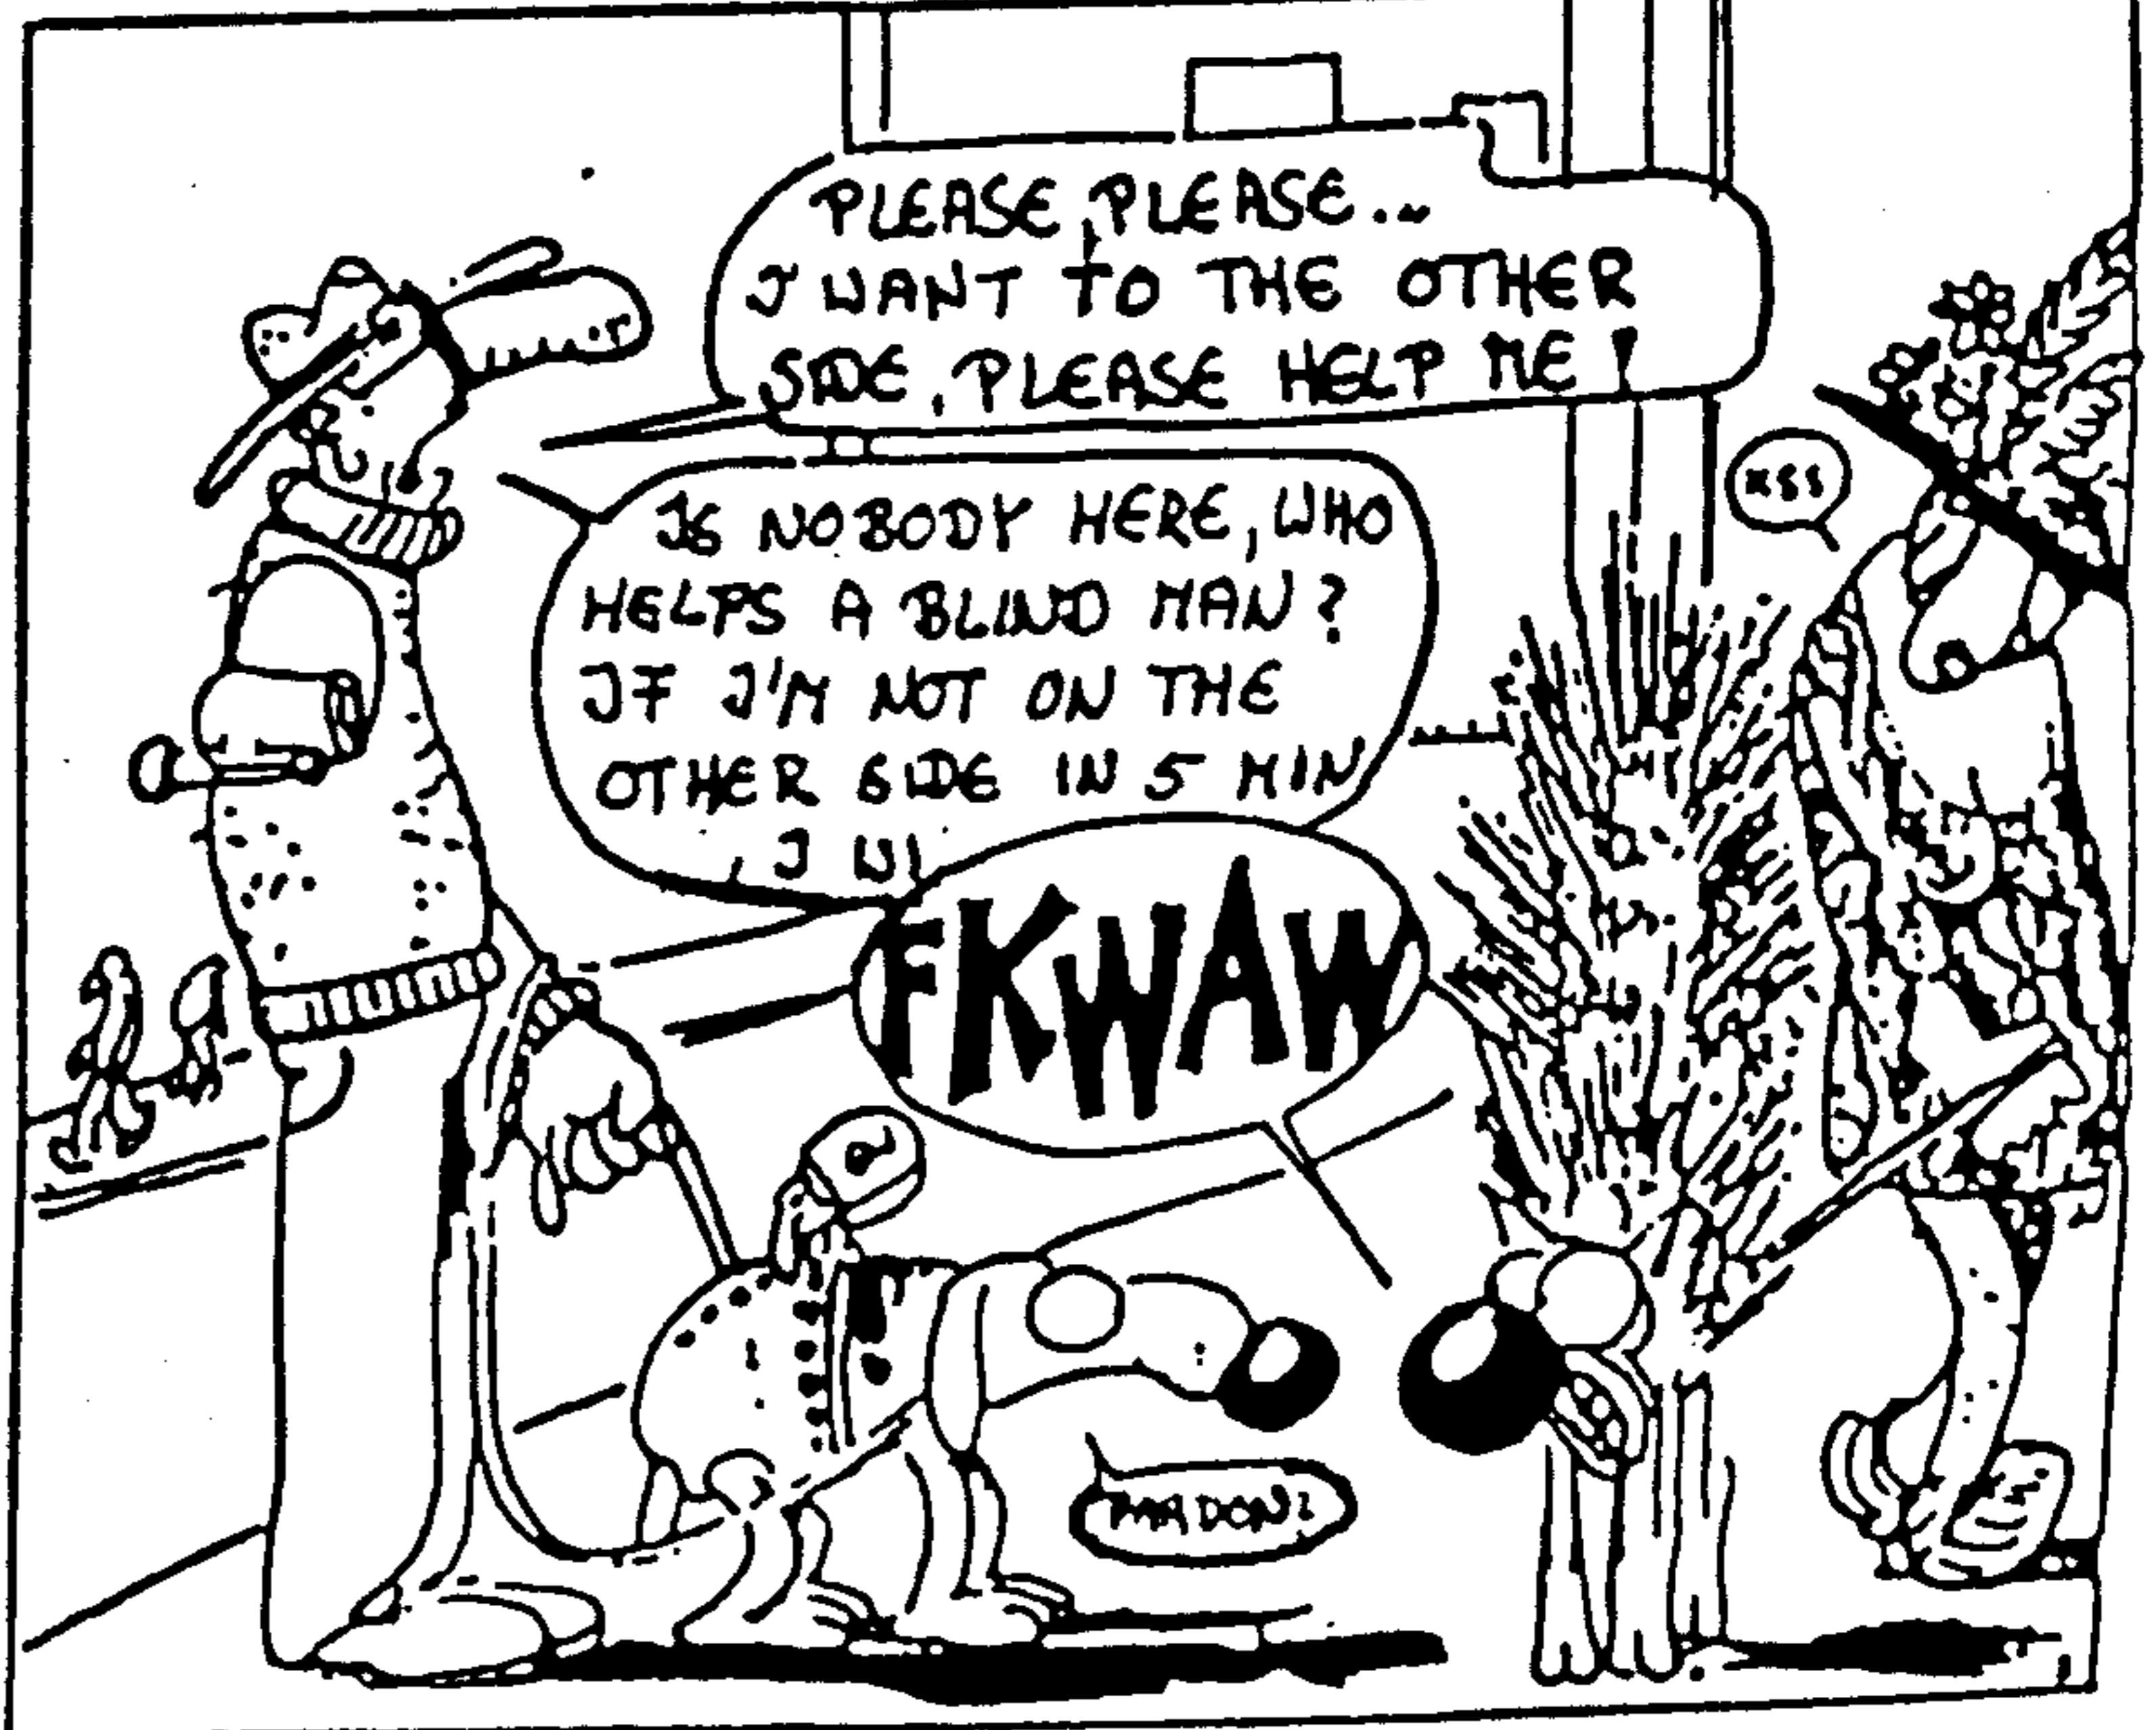

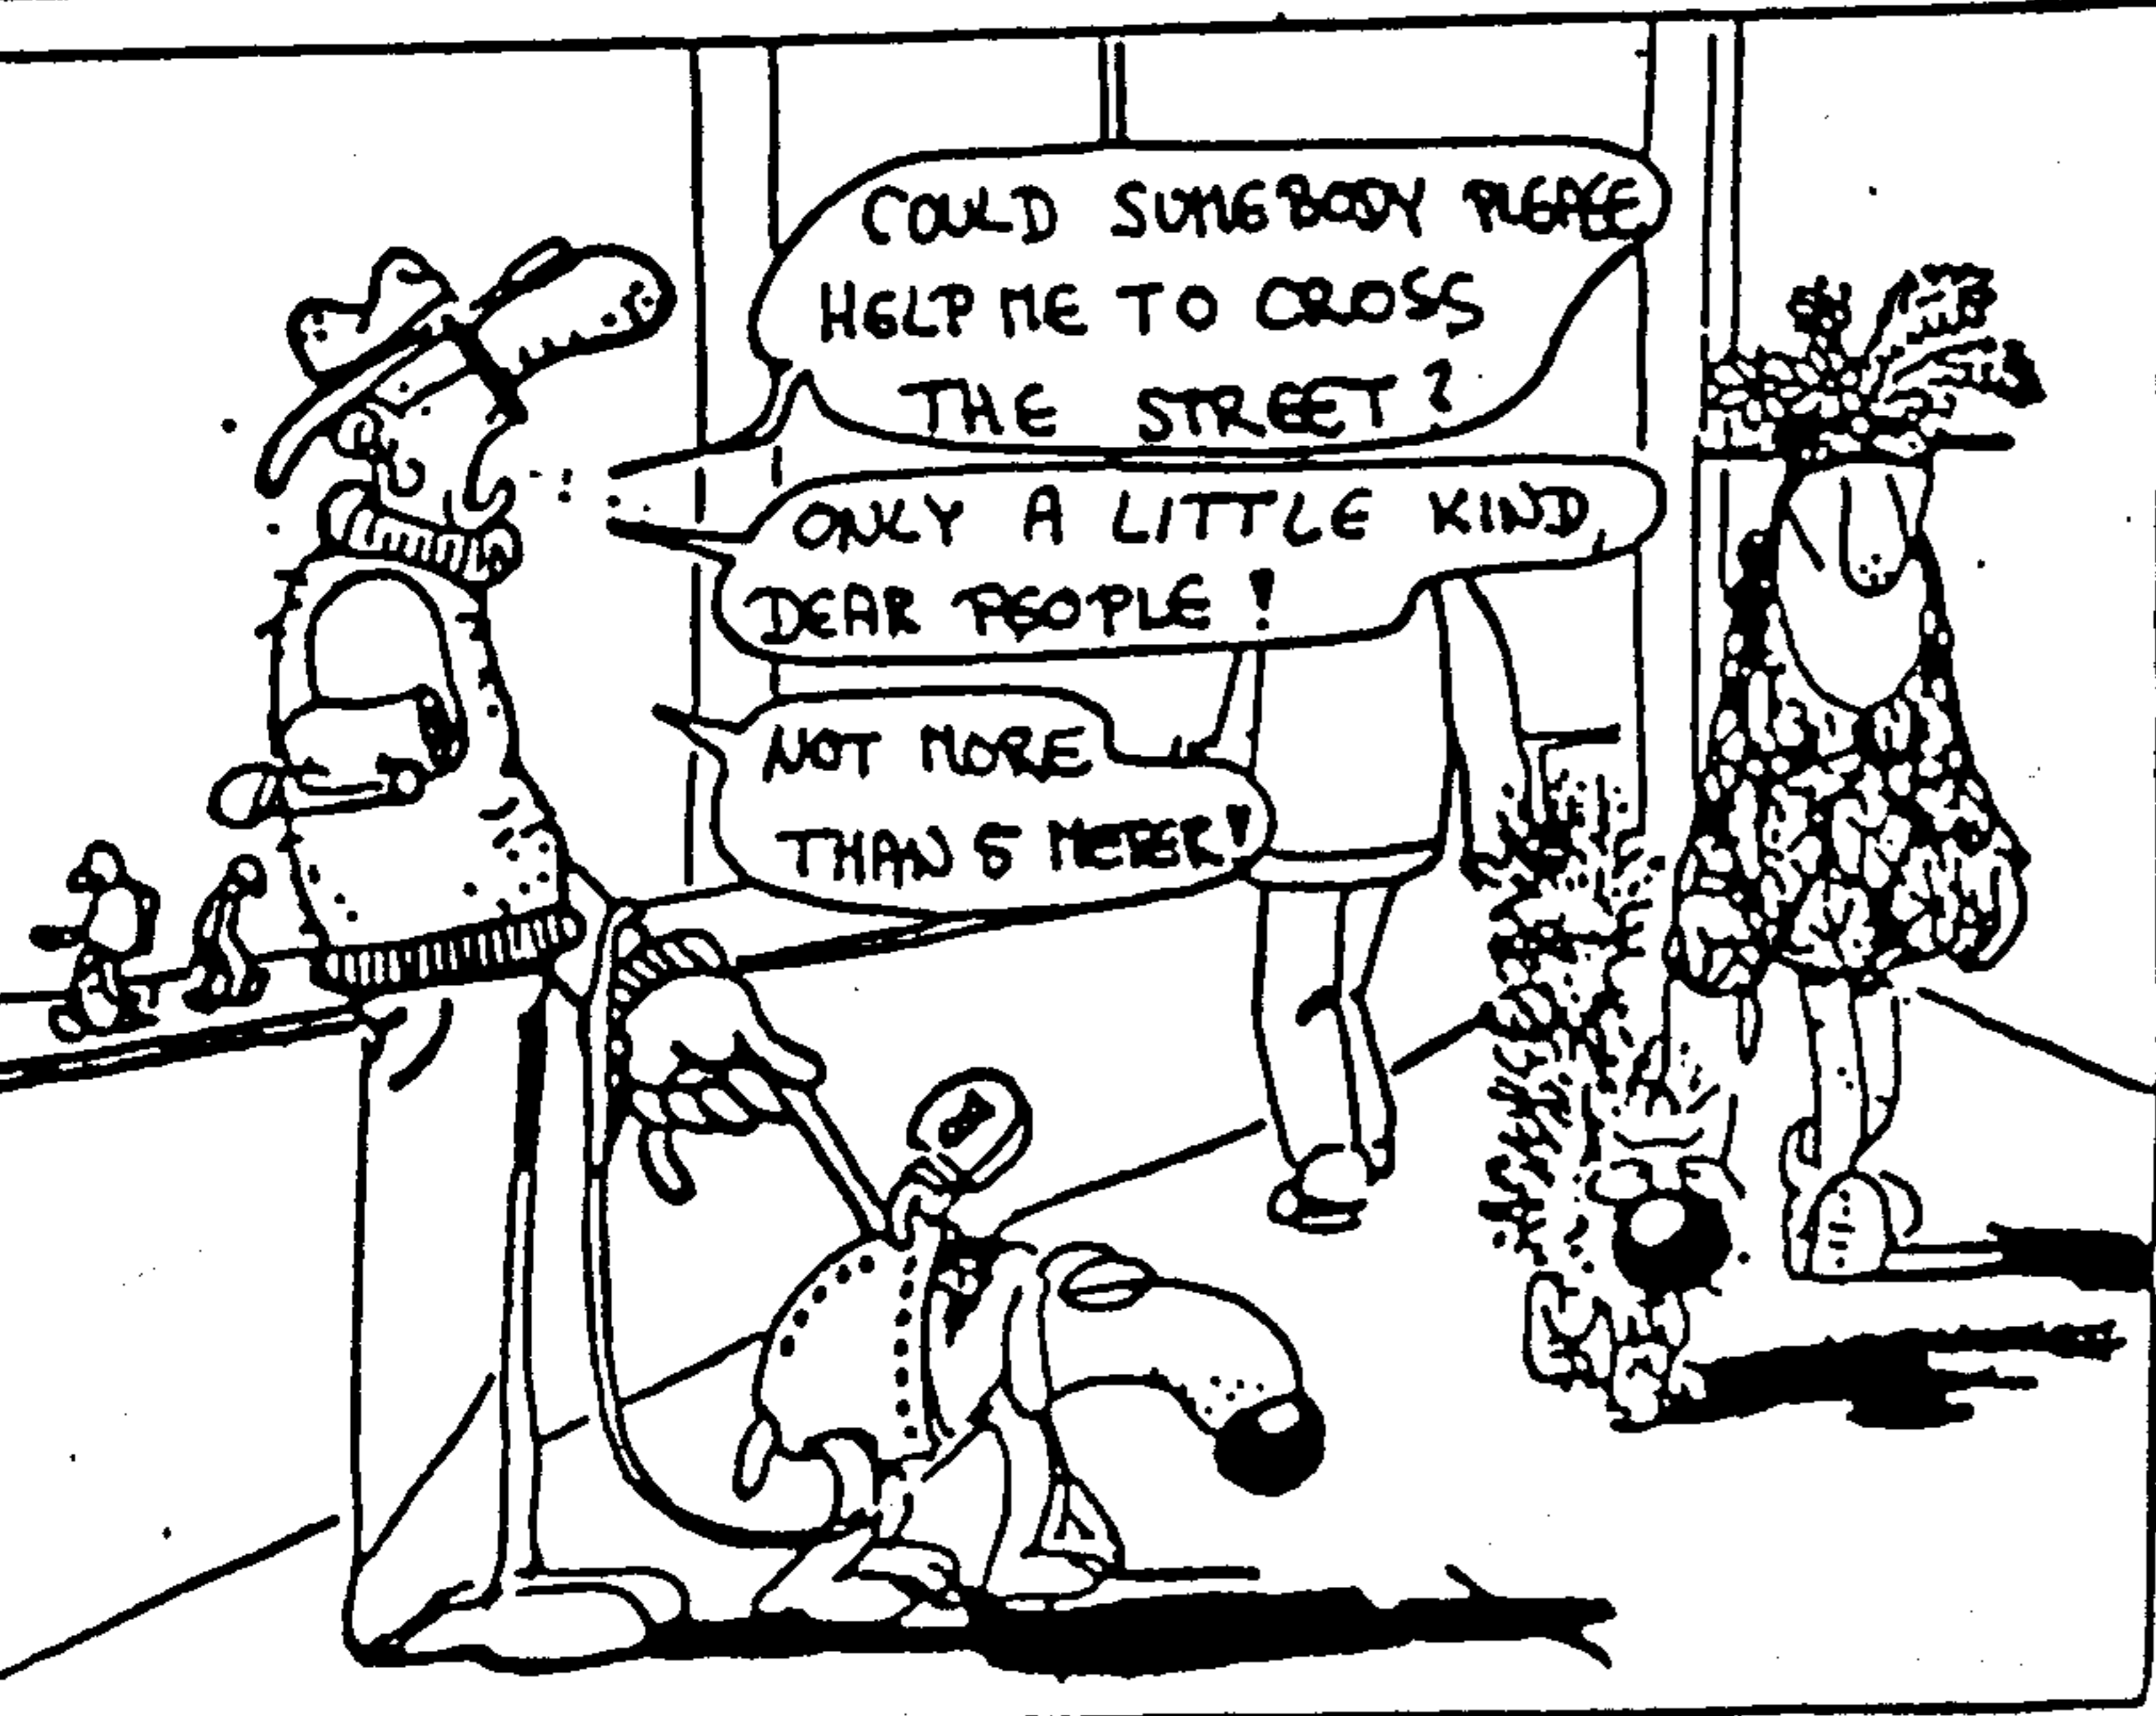

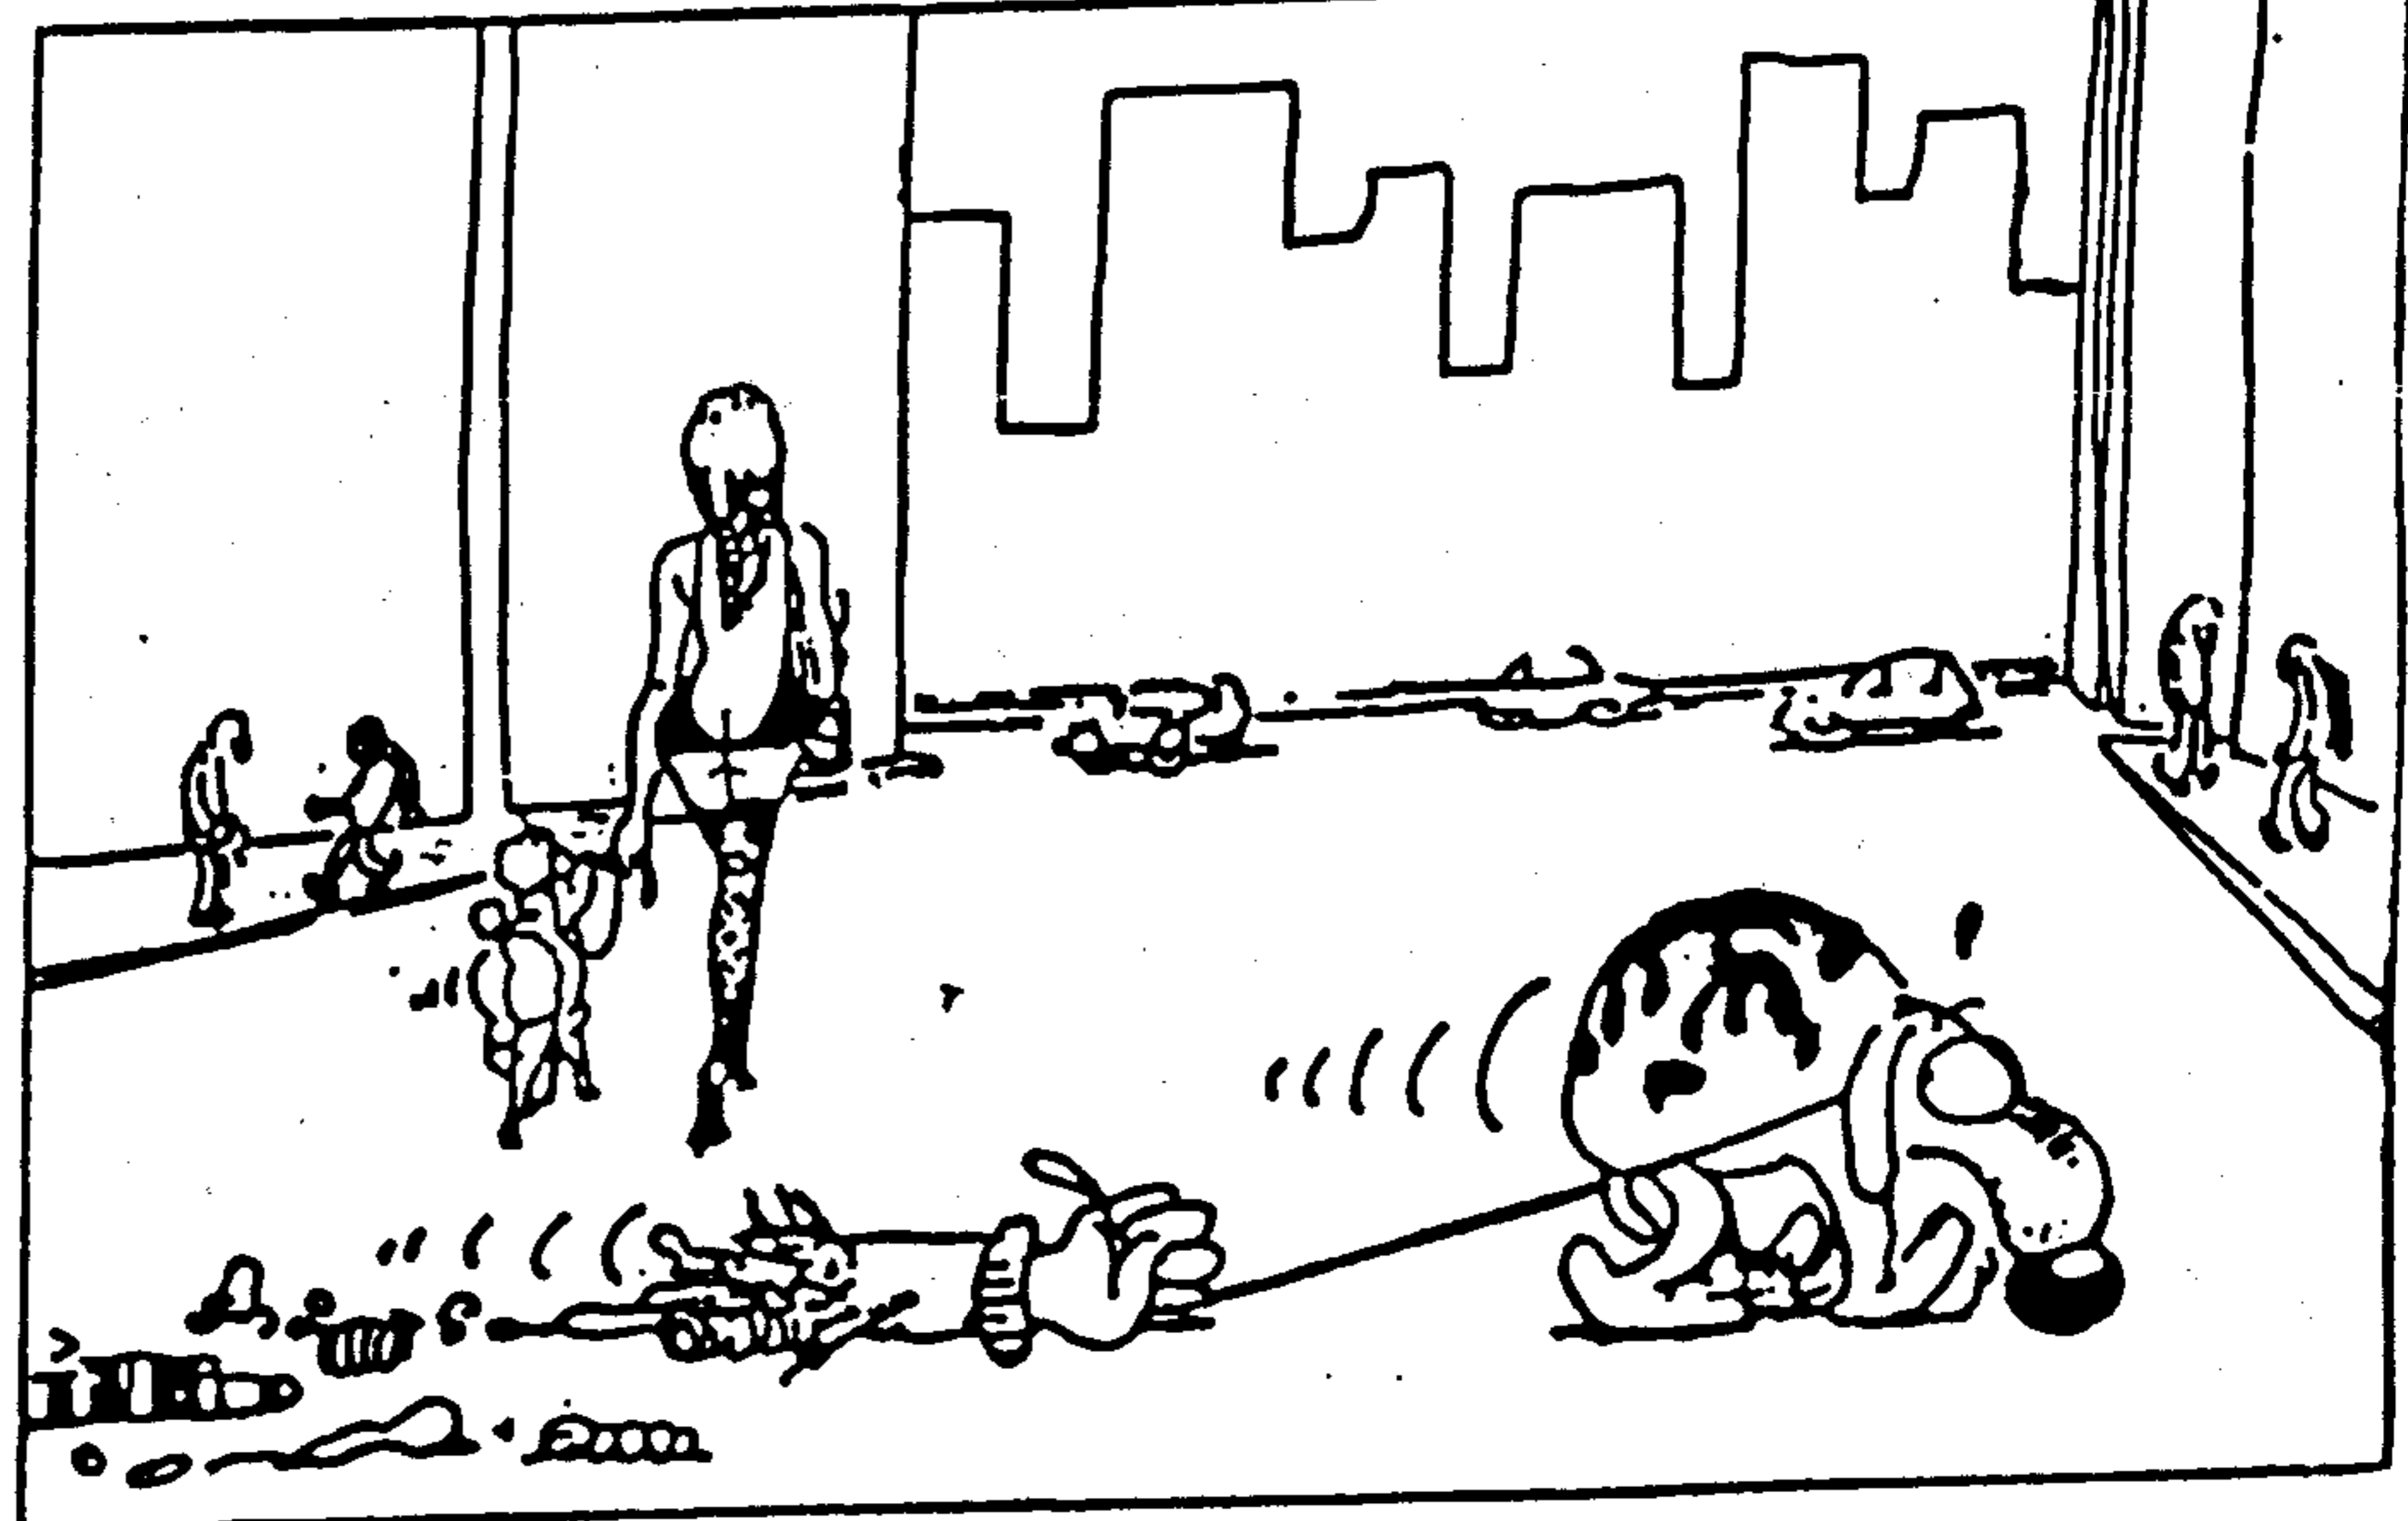

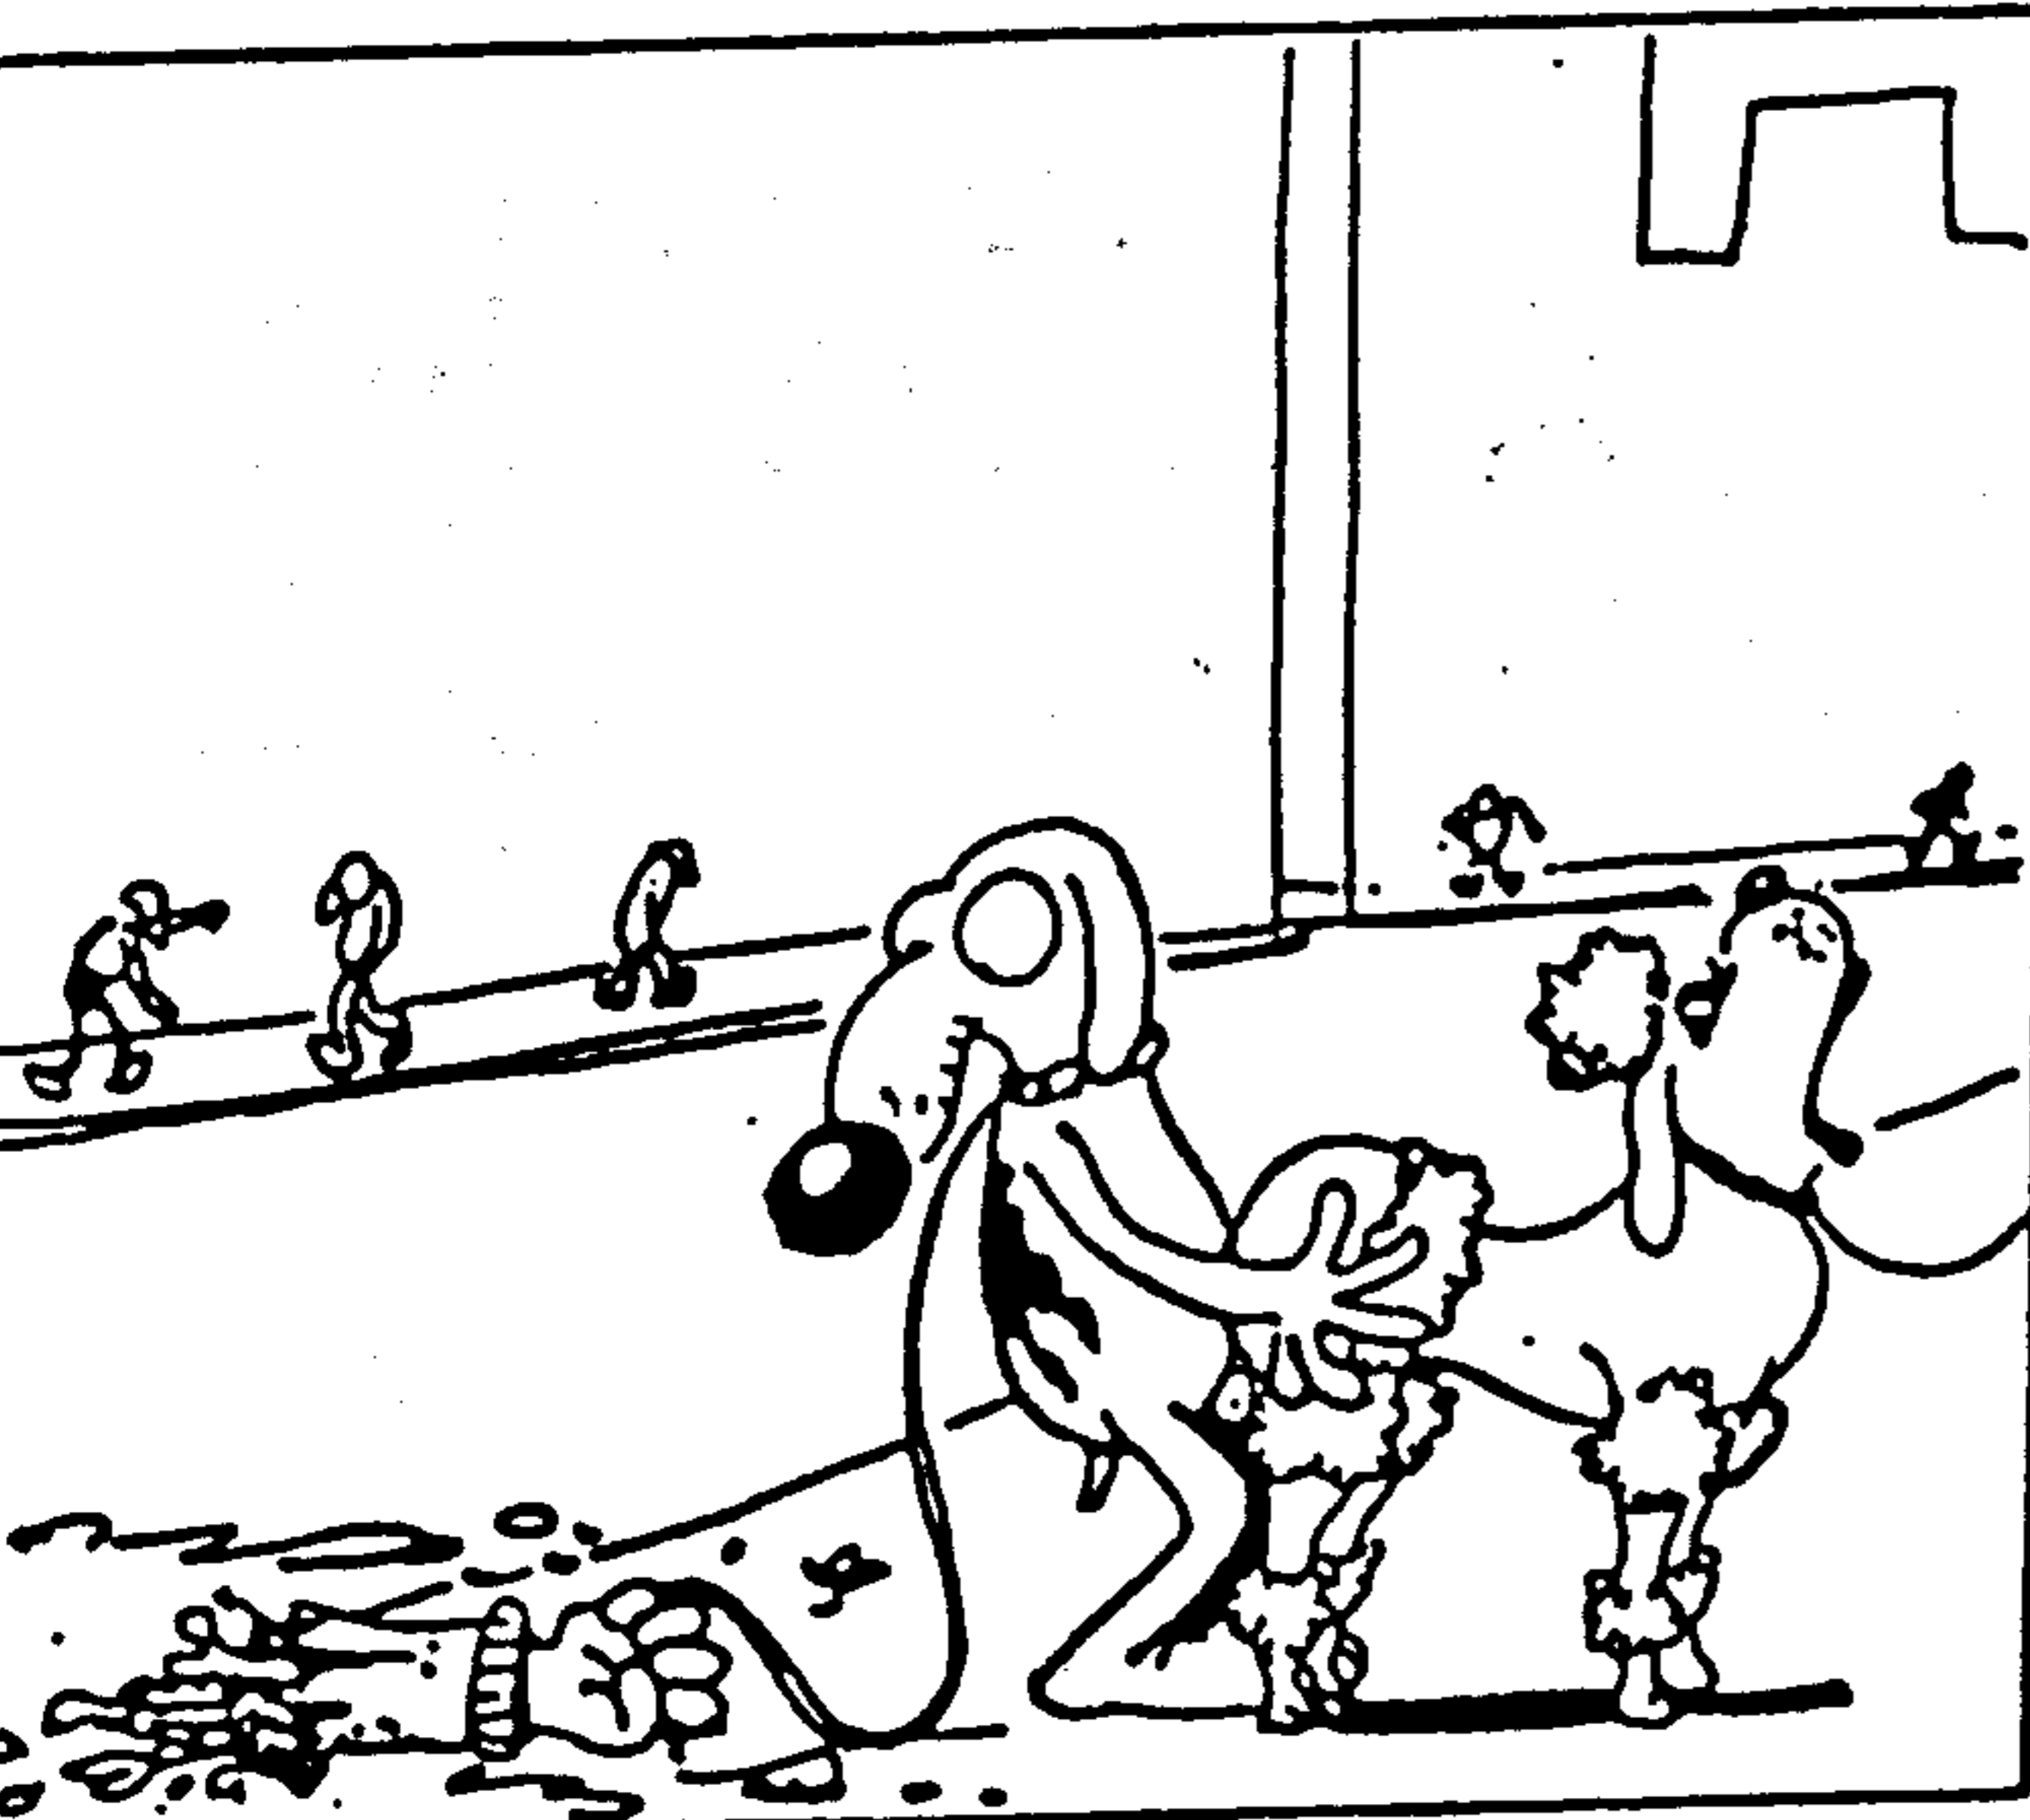

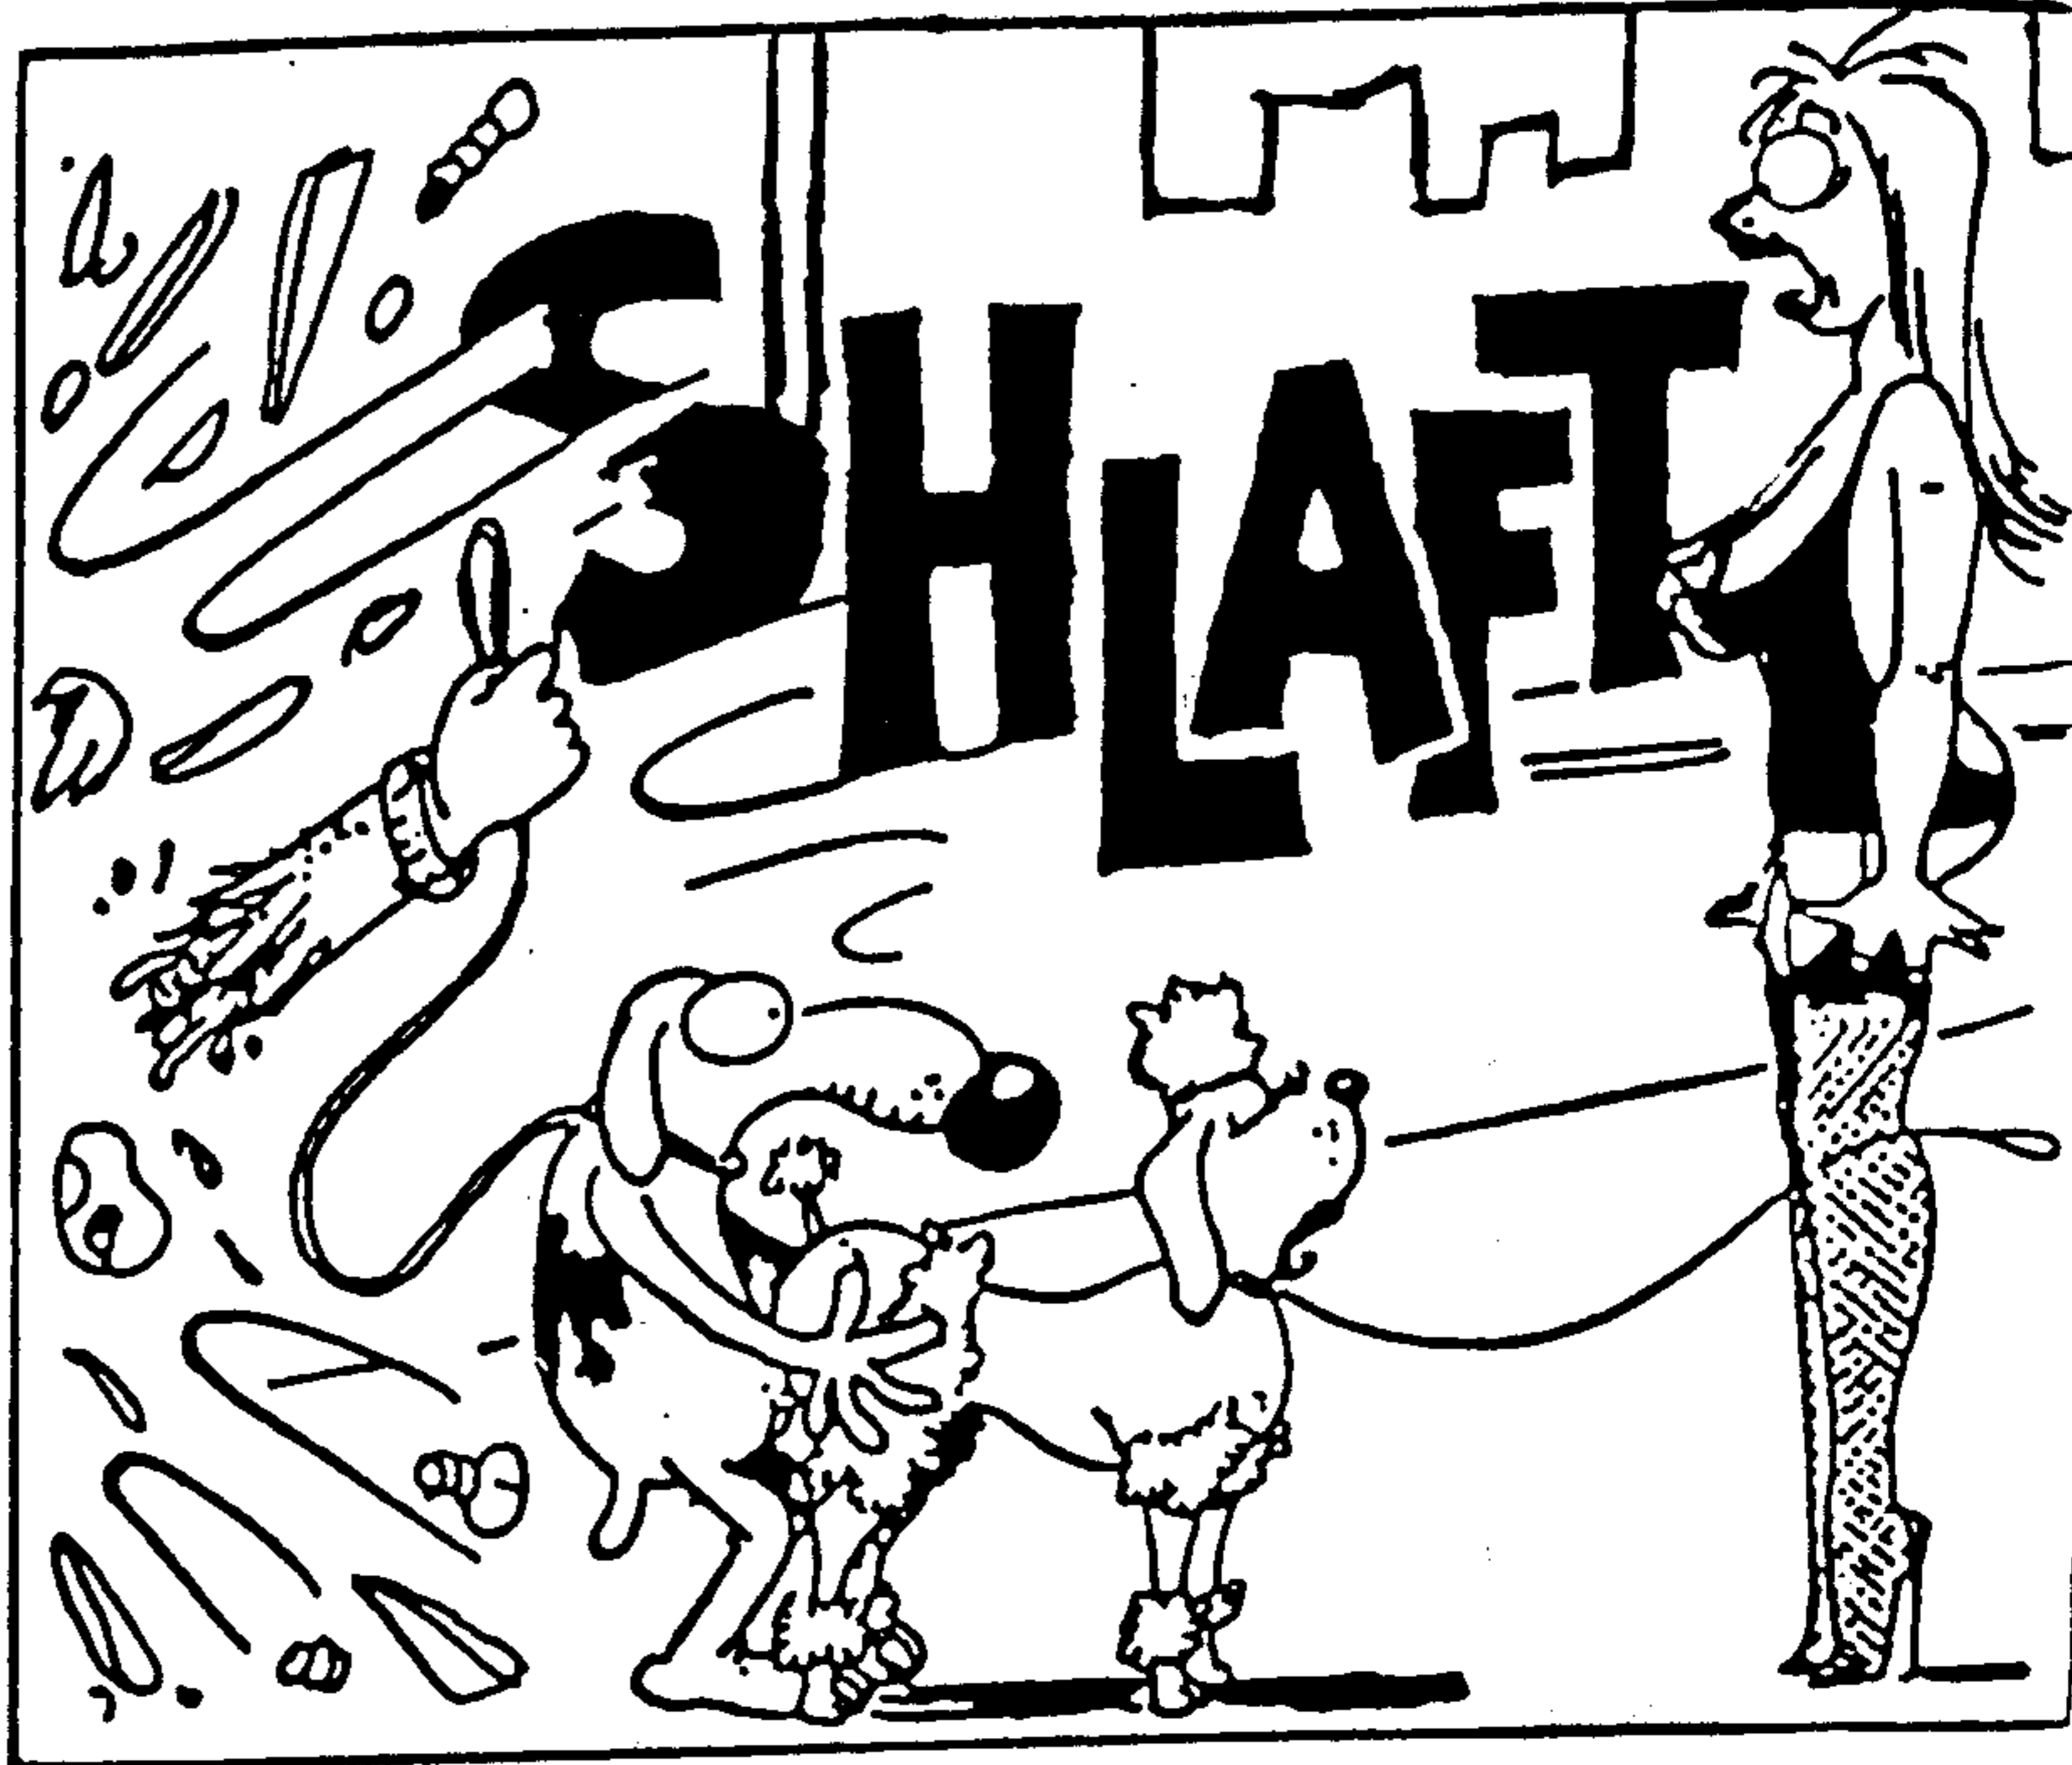

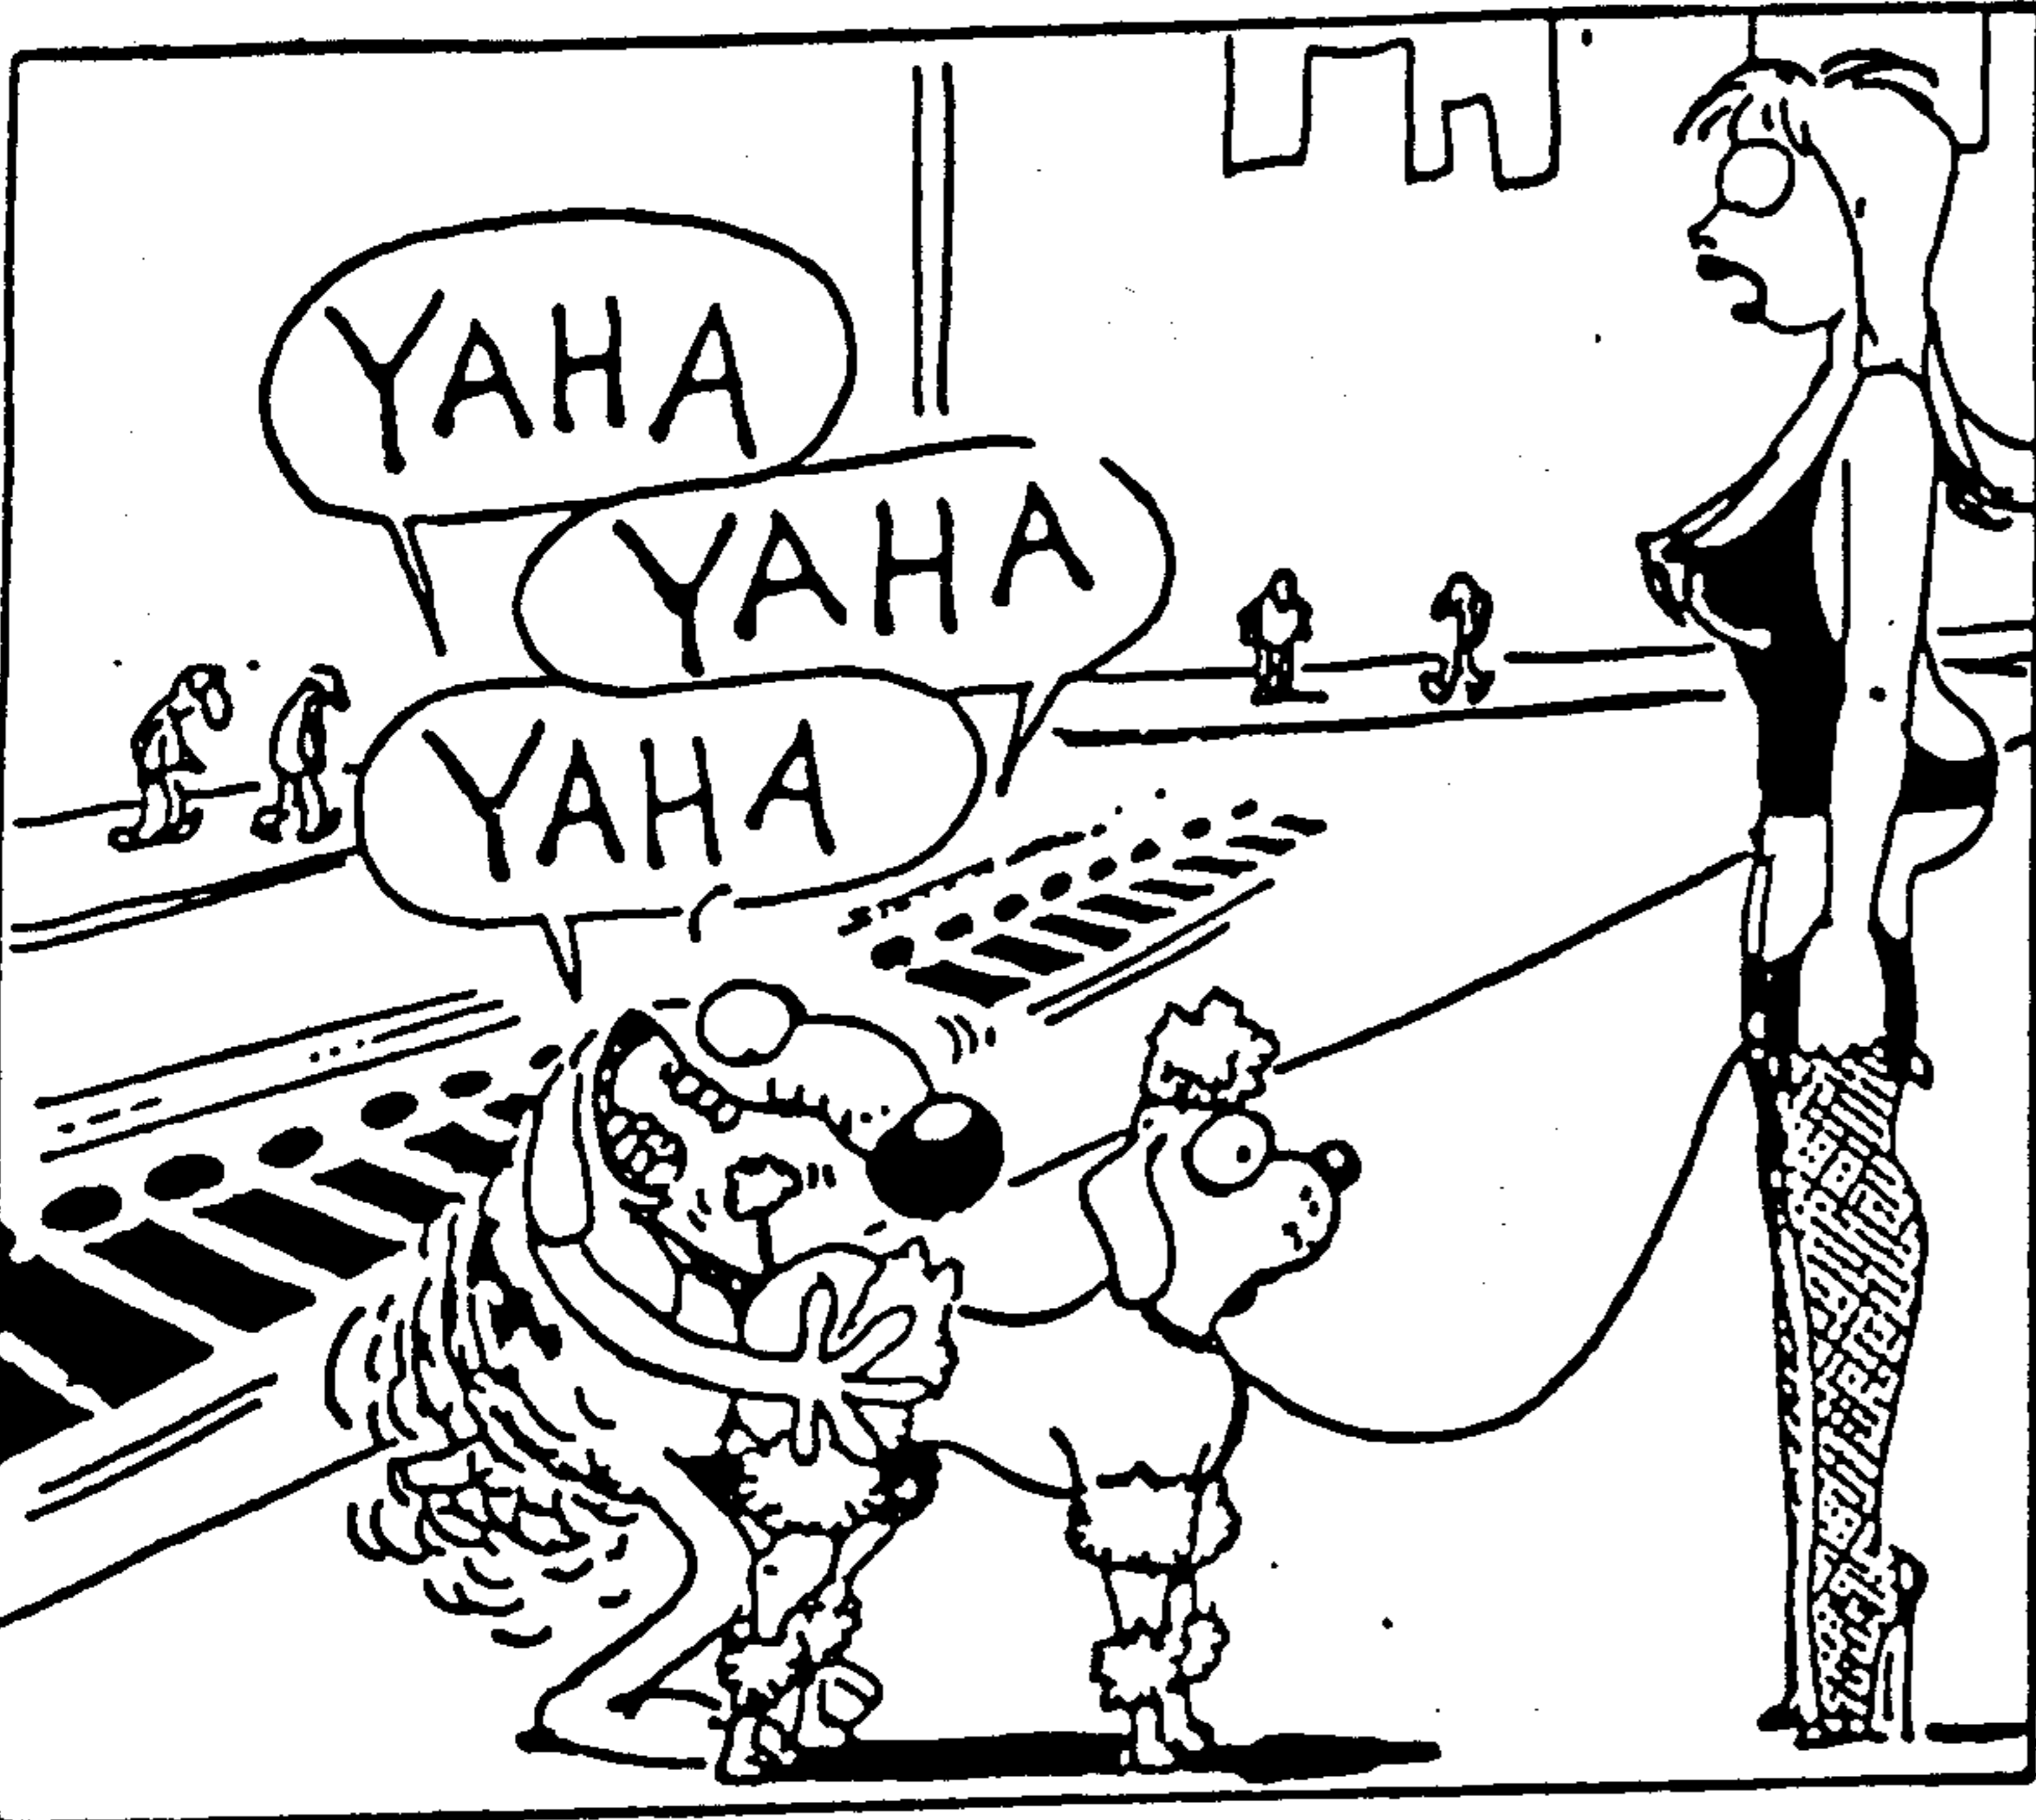

A SAD STORY

(BY GERHARD HANNEMANN/U COMICS)

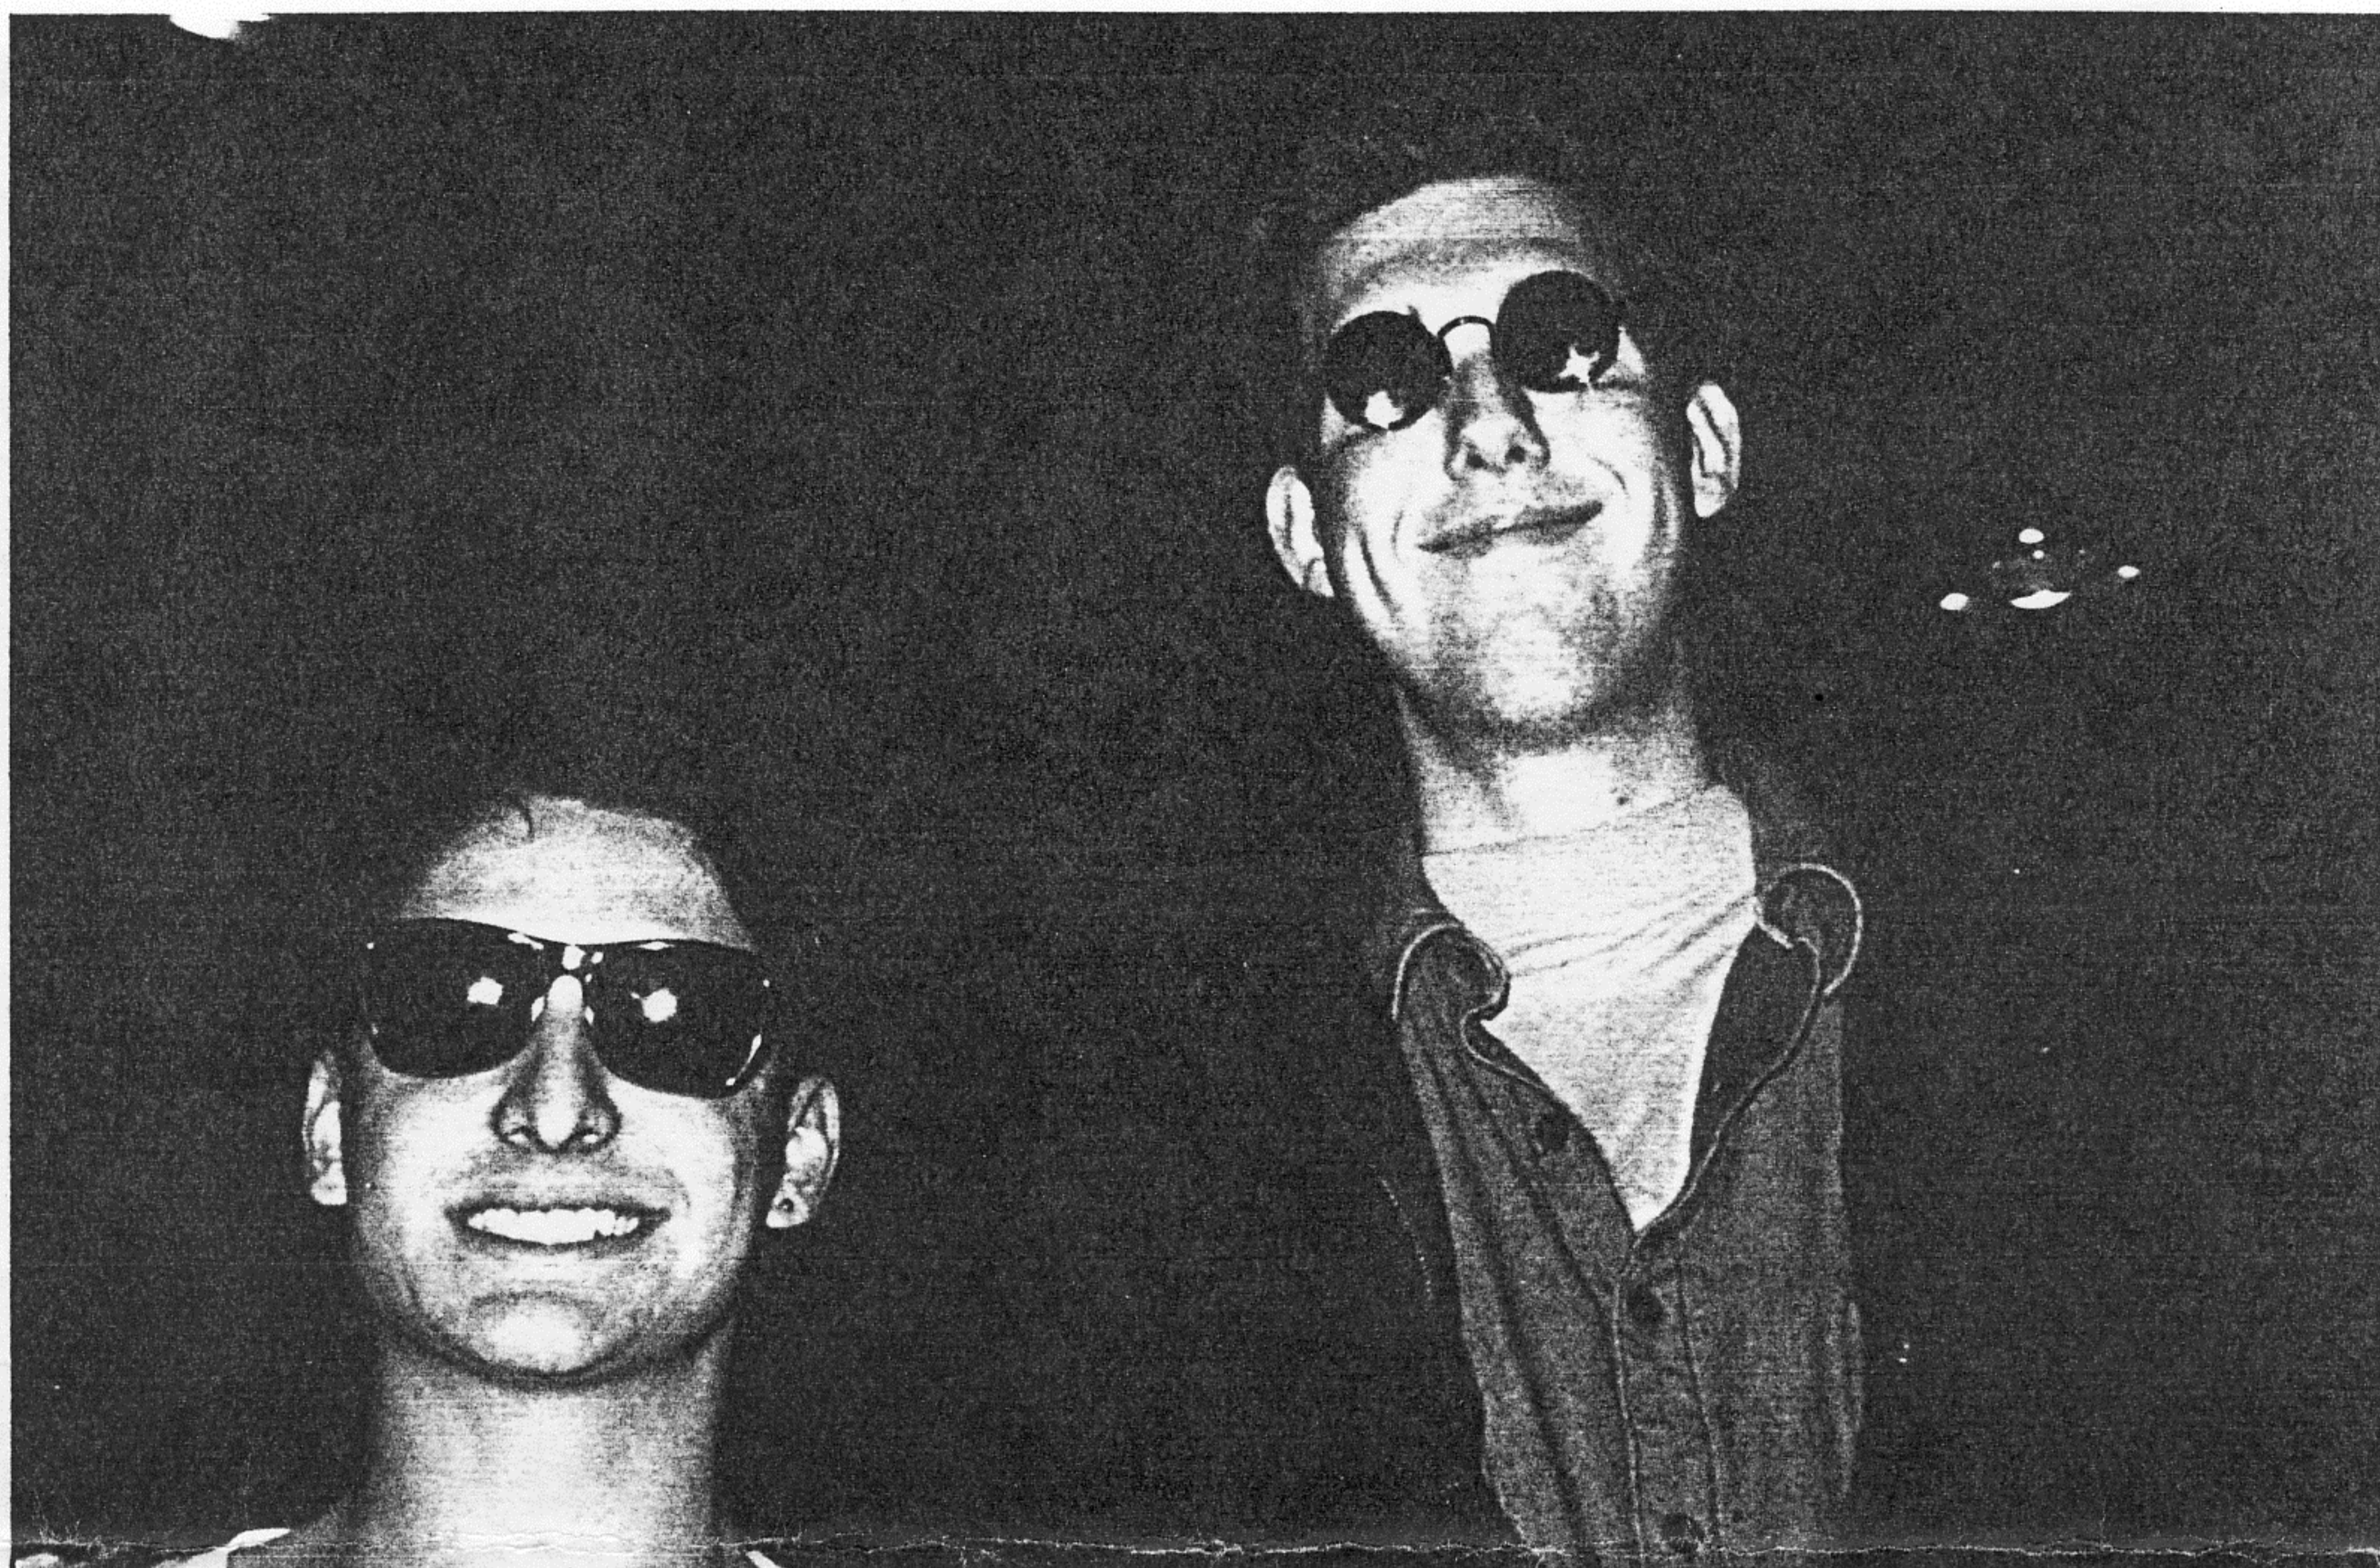

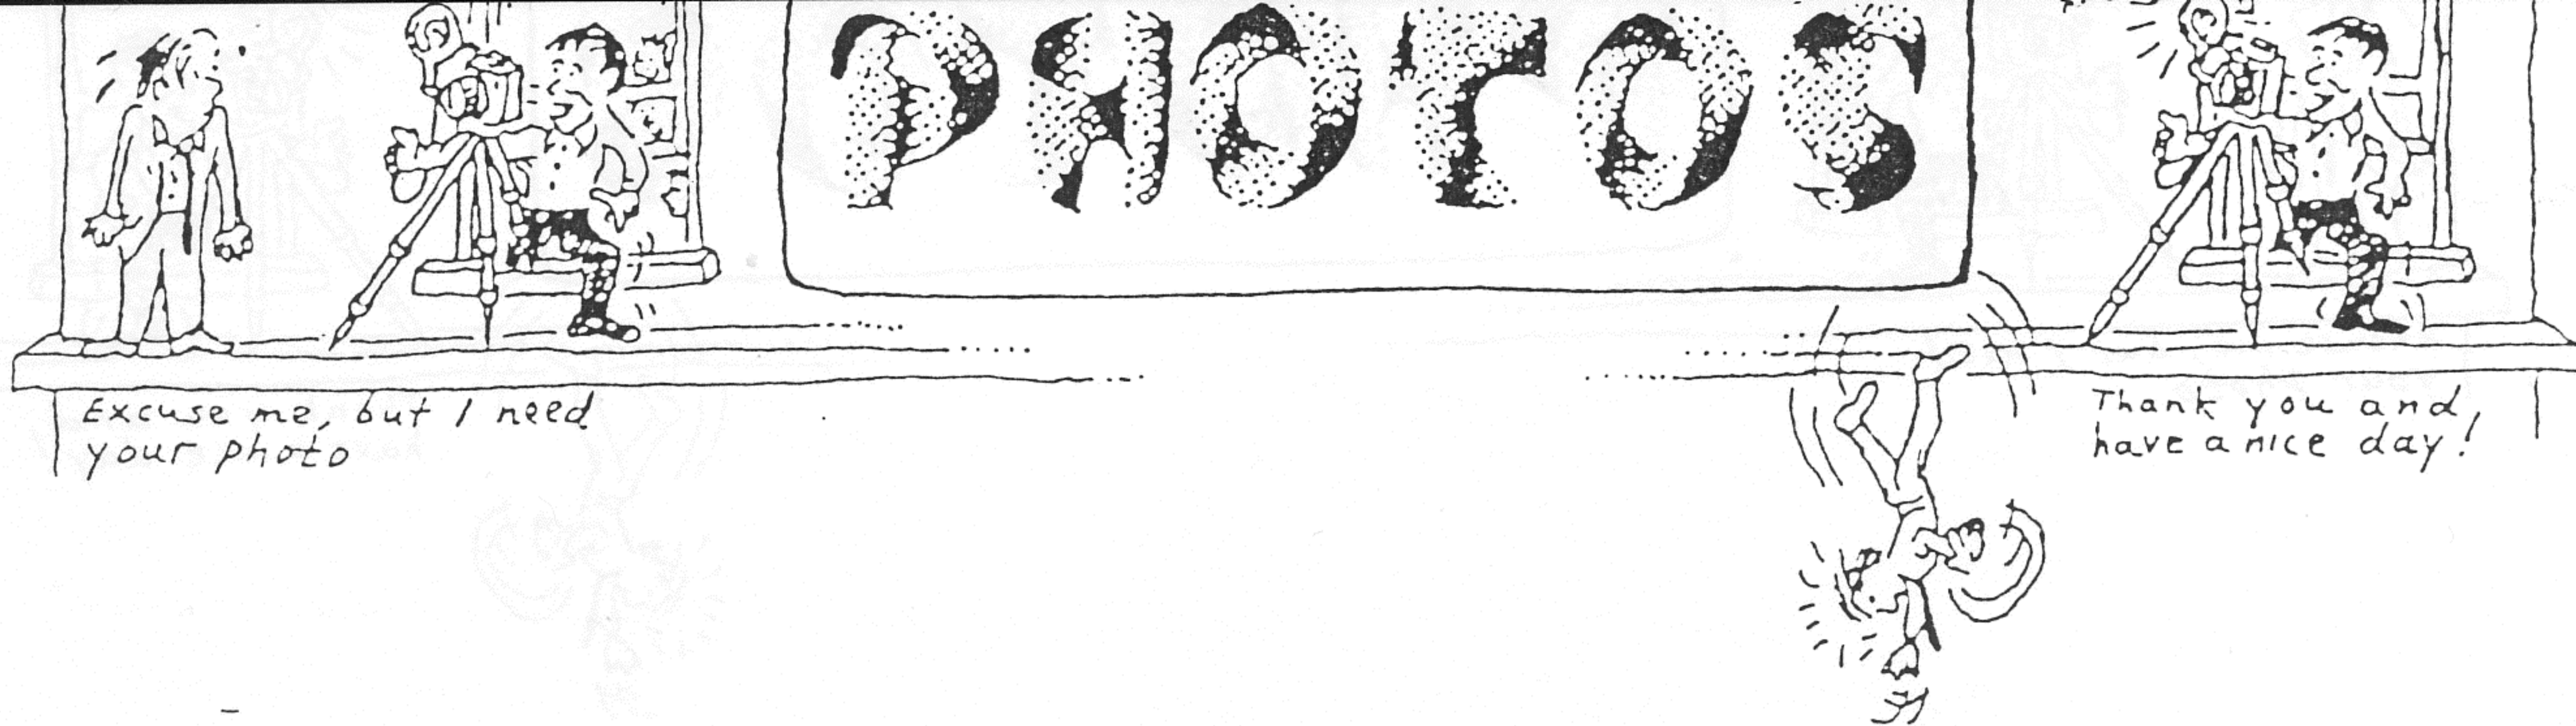

A SAD STORY

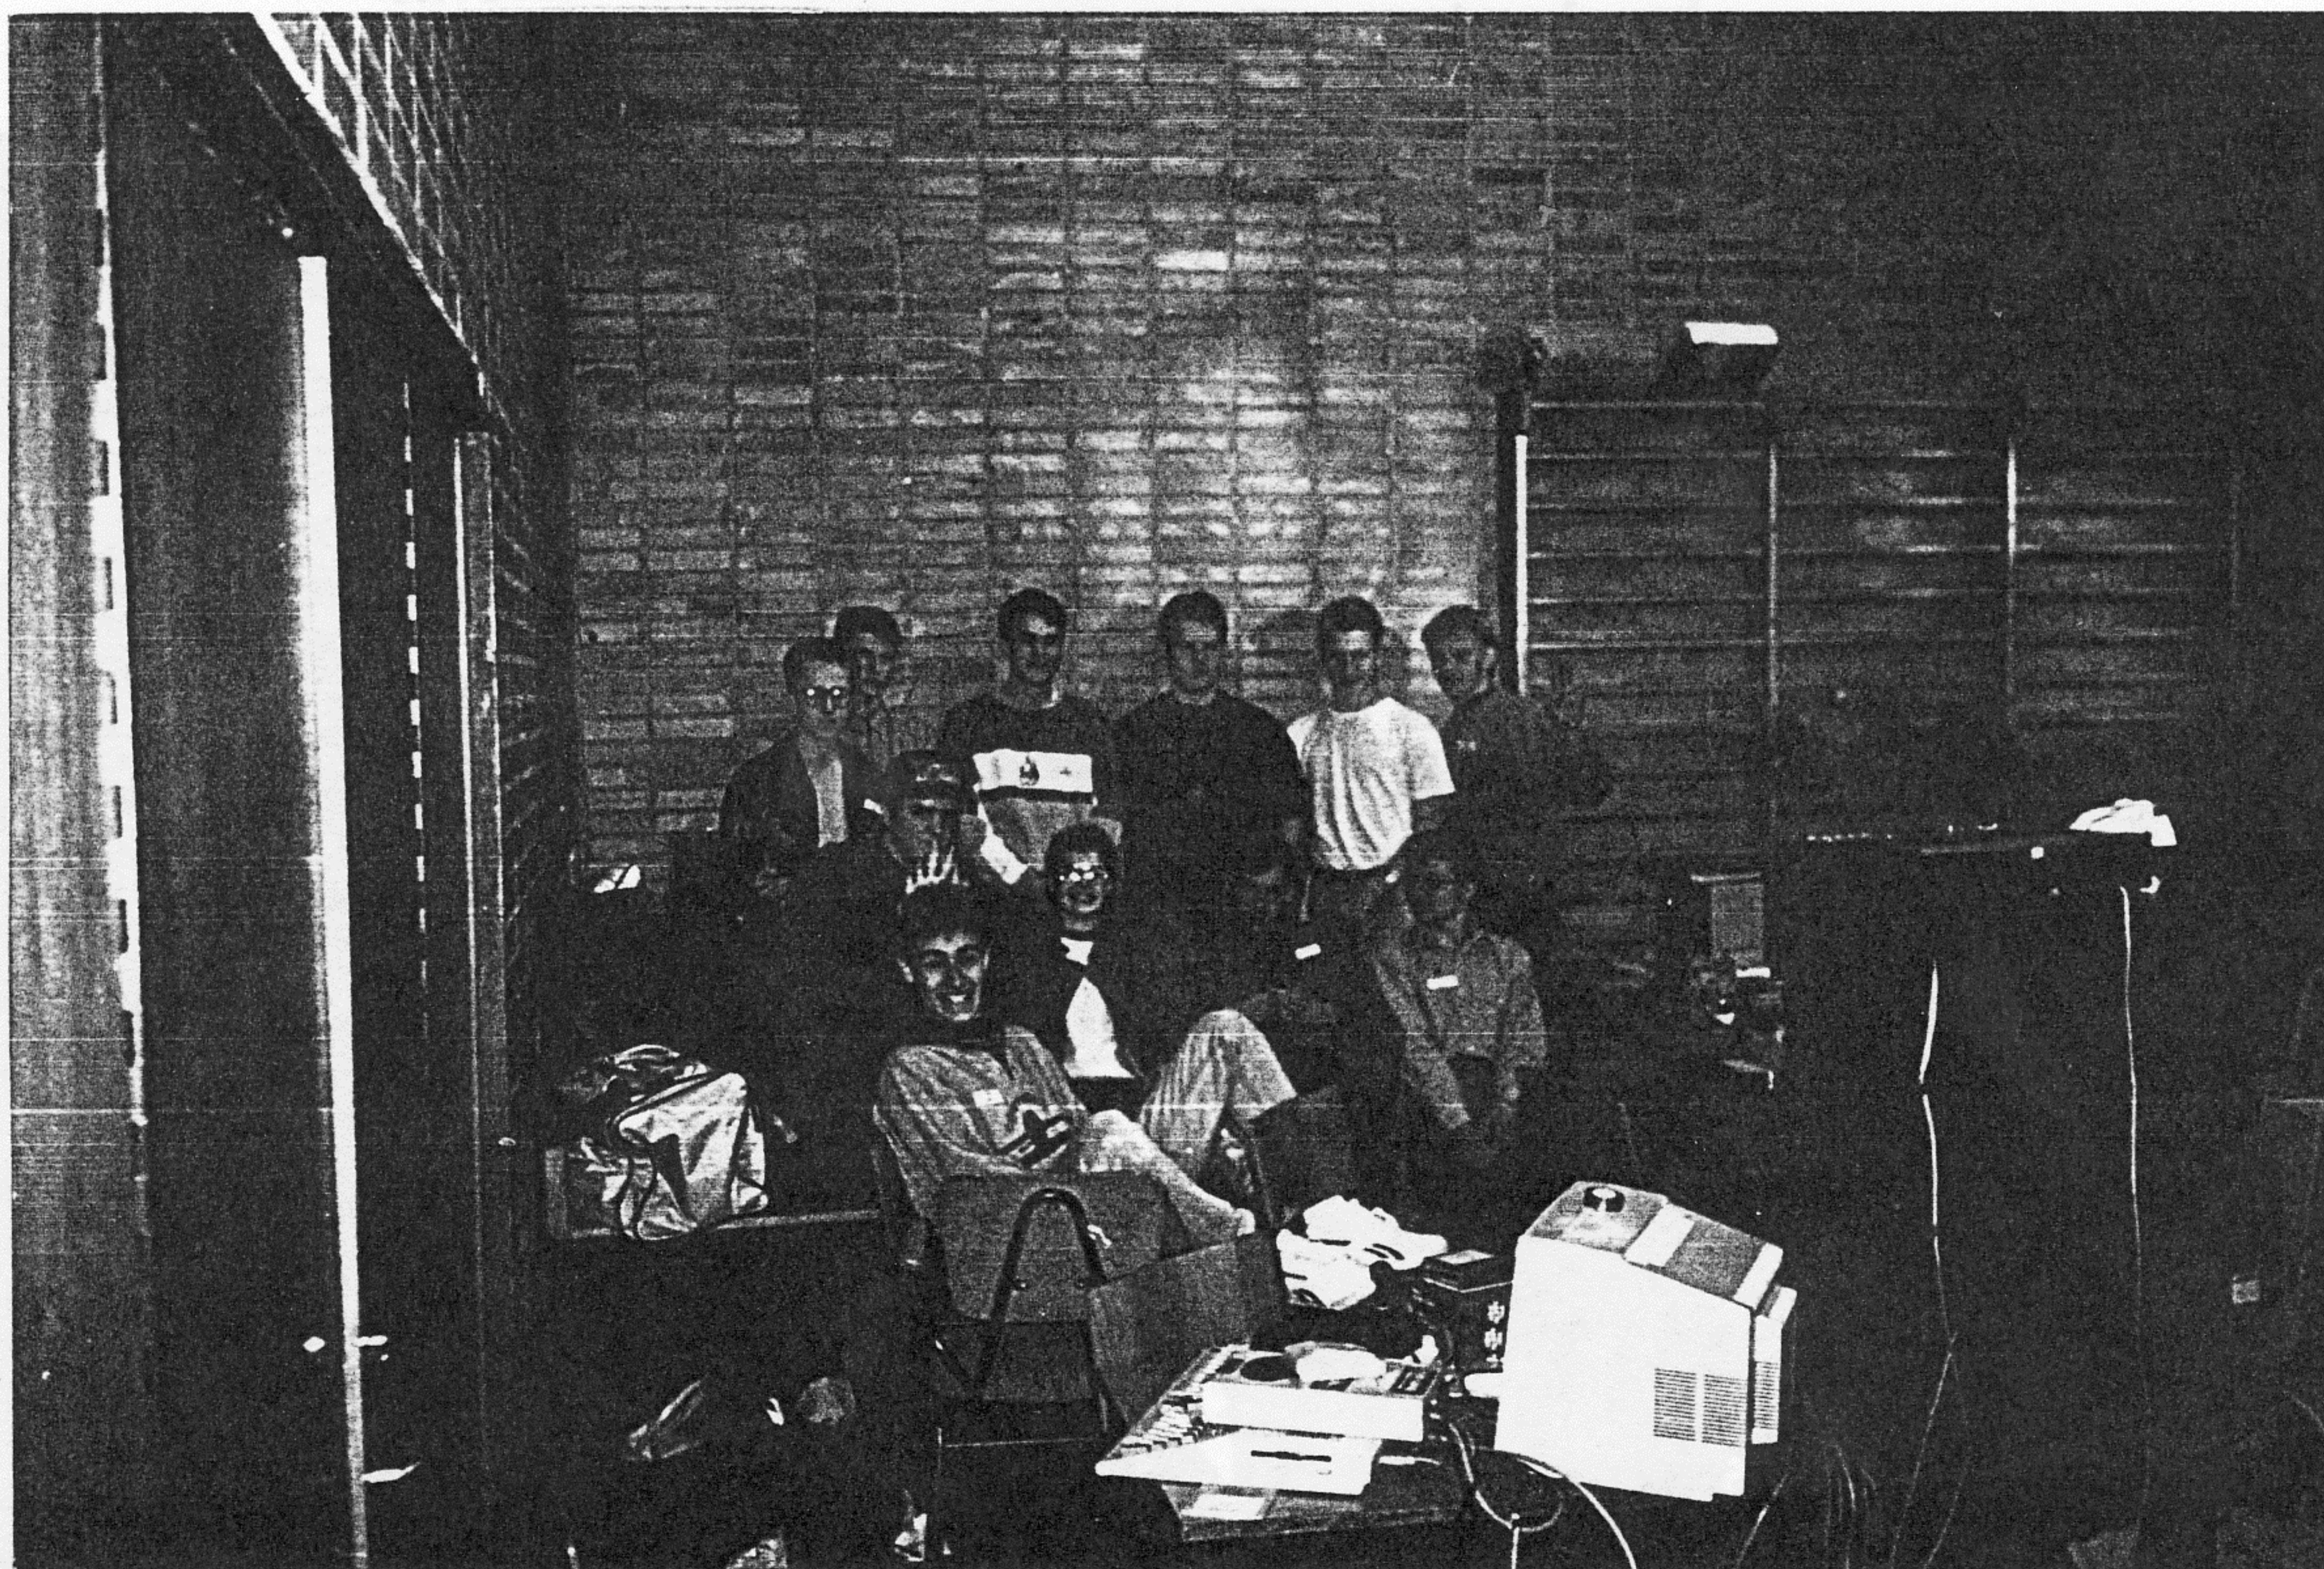

REMEMBER BLIND MAN: ANTICHRIST
HIS NAME: BOG SCRAP

NICE GIRL: BLACK BEAUTY
GIRL'S DOG: SUSI

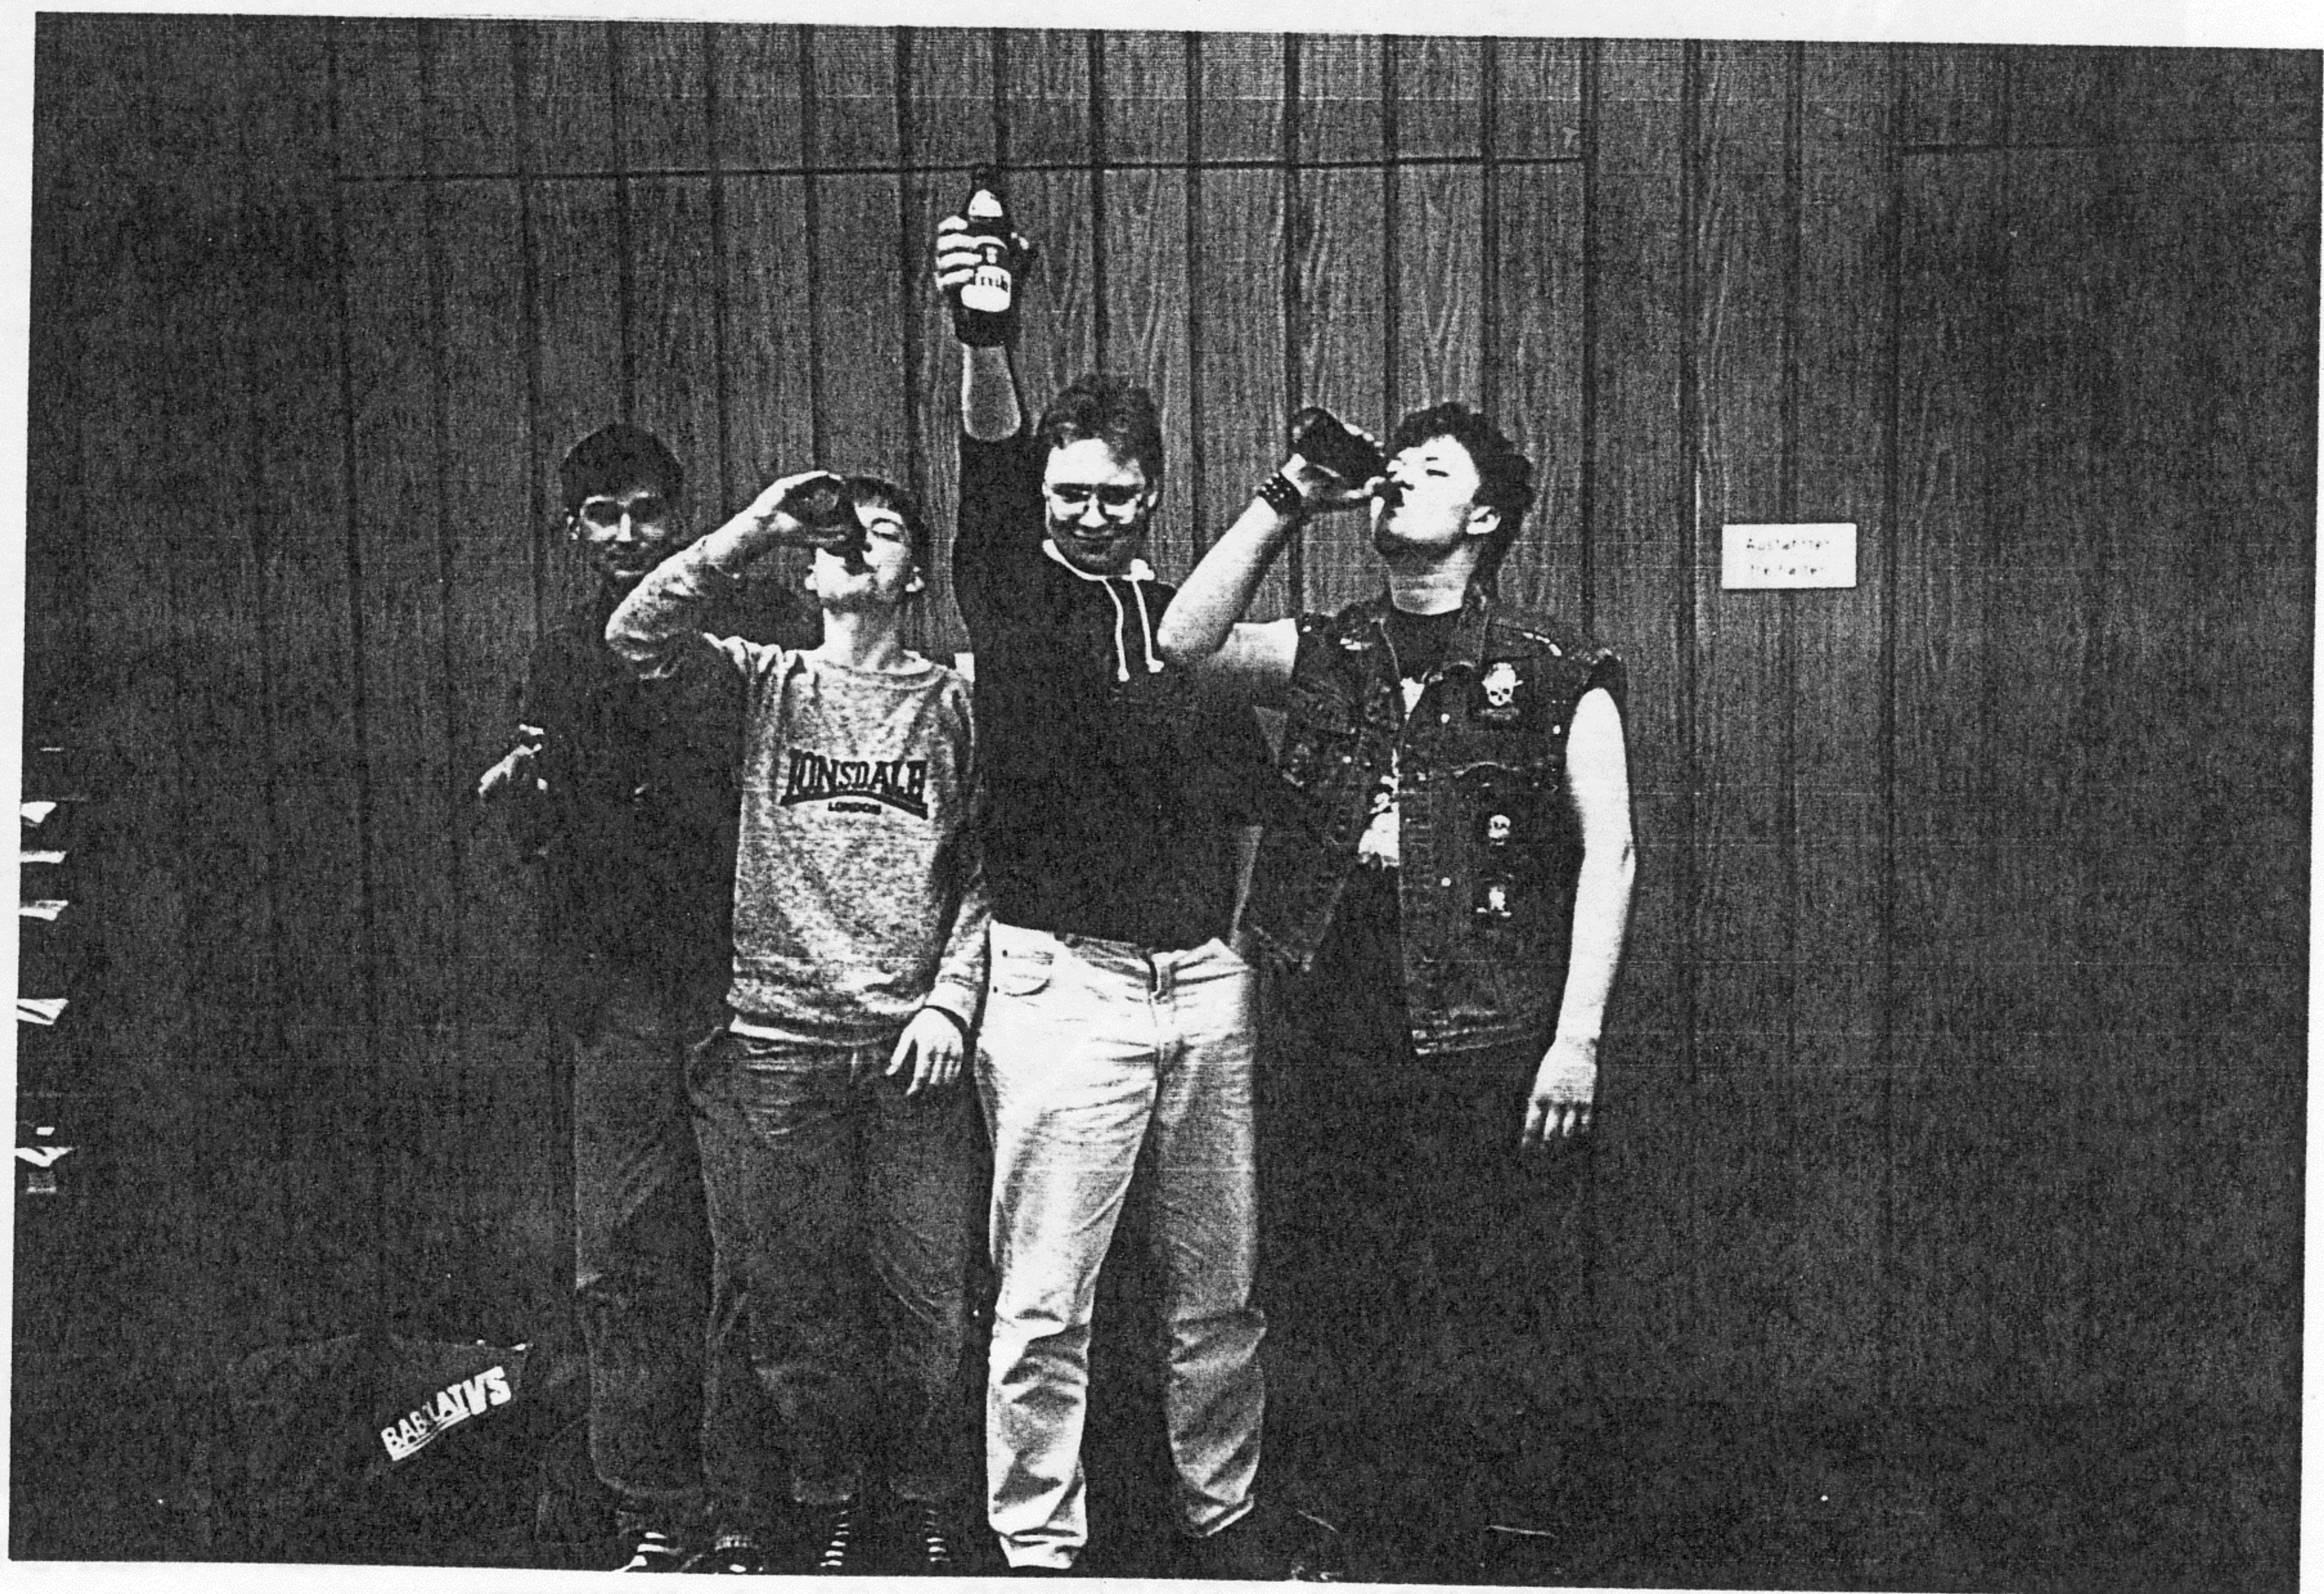

Here you can see a little snapshot from
 BENSON/HYSTERIC and GHOST/HITMEN.
 I think the picture says all ???

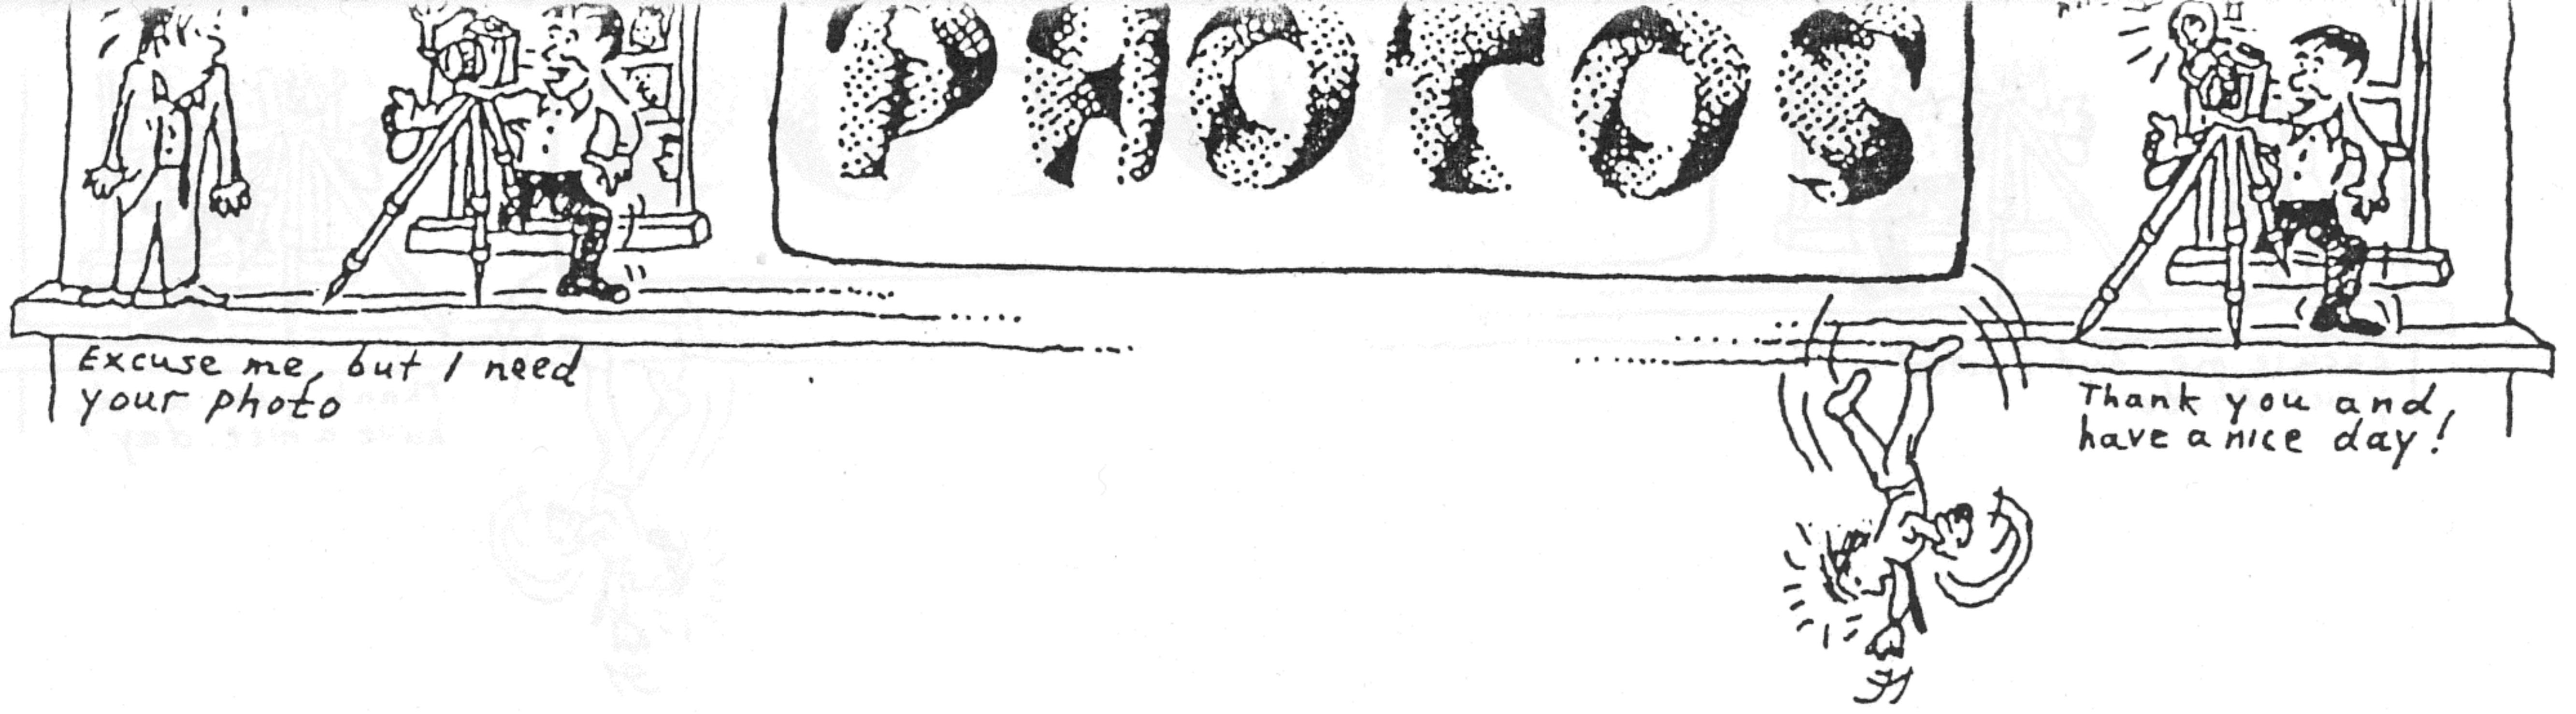

Yep these dudes are (background) SKYHAWK (Lars), HULK (Karsten),
 JOE (Lars), ACE (Jesper), PROECTOR (Ole), DEXTER (Paul). In the
 middle you see ECCO (Thomas), STEVE (Thomas), WRAITH (Henrik) and
 SPIDERMAN (Ed. The XL imitation ??? Okay this is Brian) and last
 but not least PAIN (Thomas). I hope you can see some faces. Remember
 that this was the hole X-FACTOR clan on the DEXION party in 1990.

This smiling little dude is BAZE from the BRUTAL gang. During checking out the pics for this issue I think he looks a bit like SCORTIA/BONZAI.

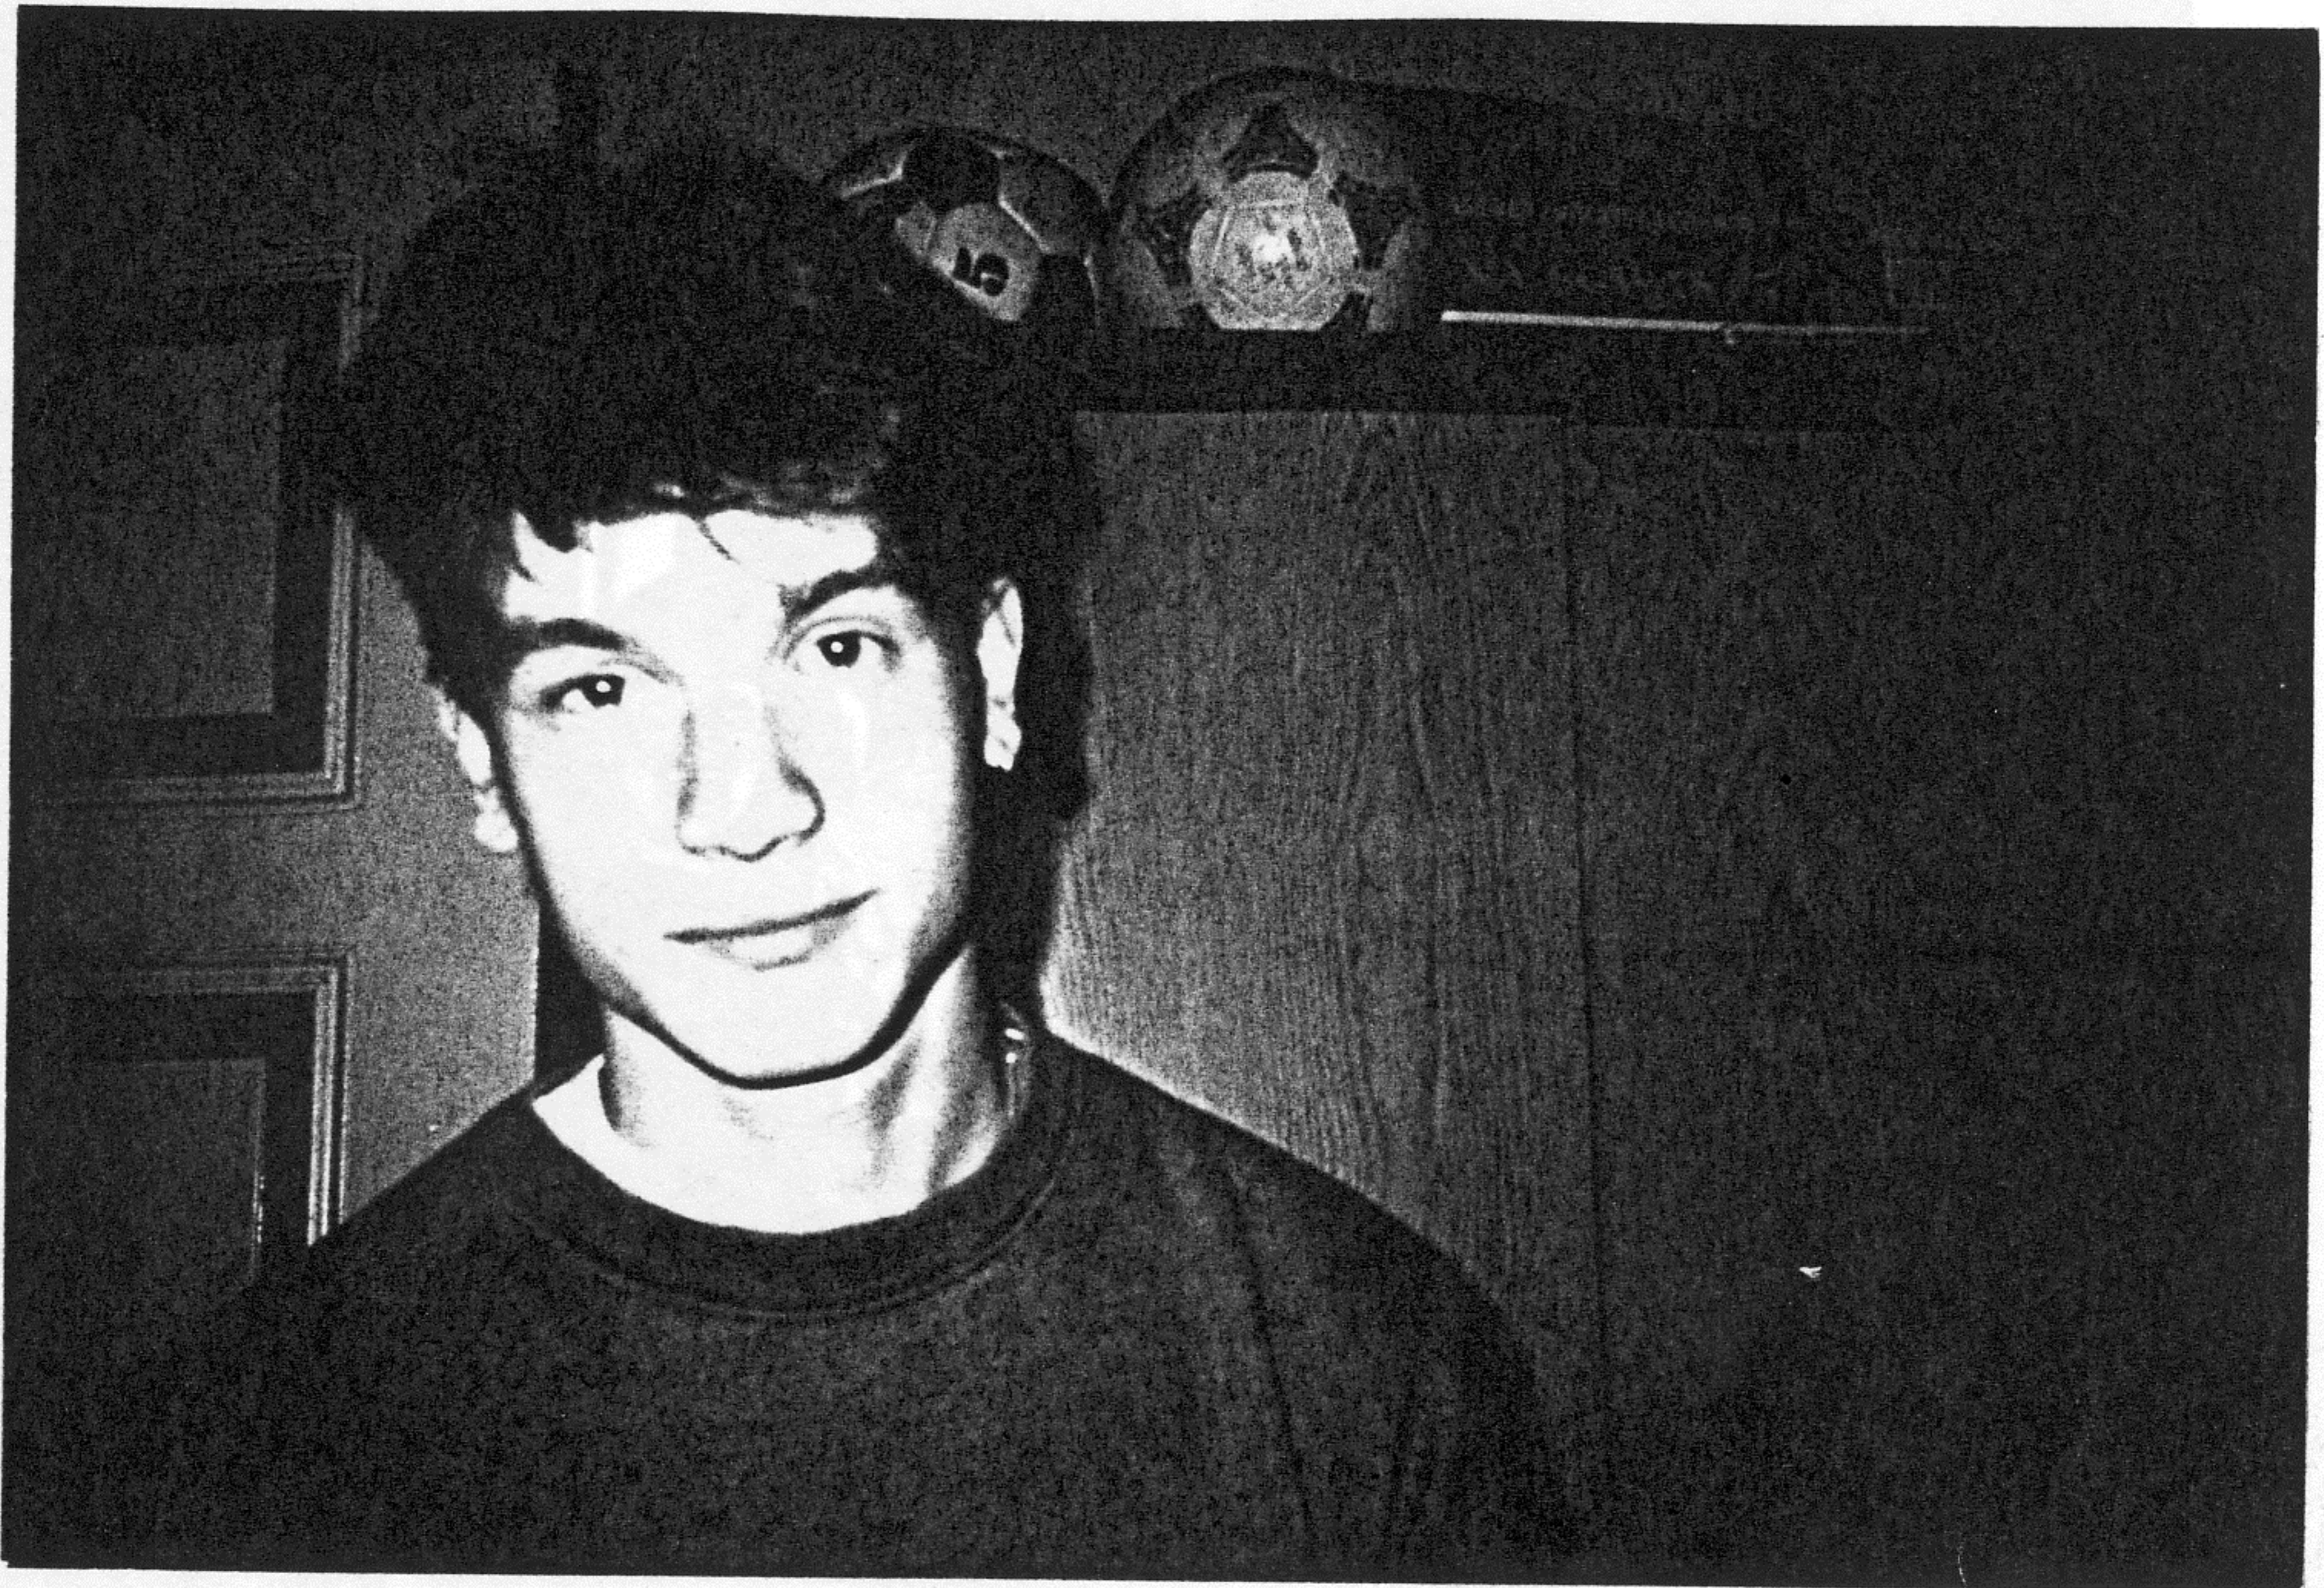

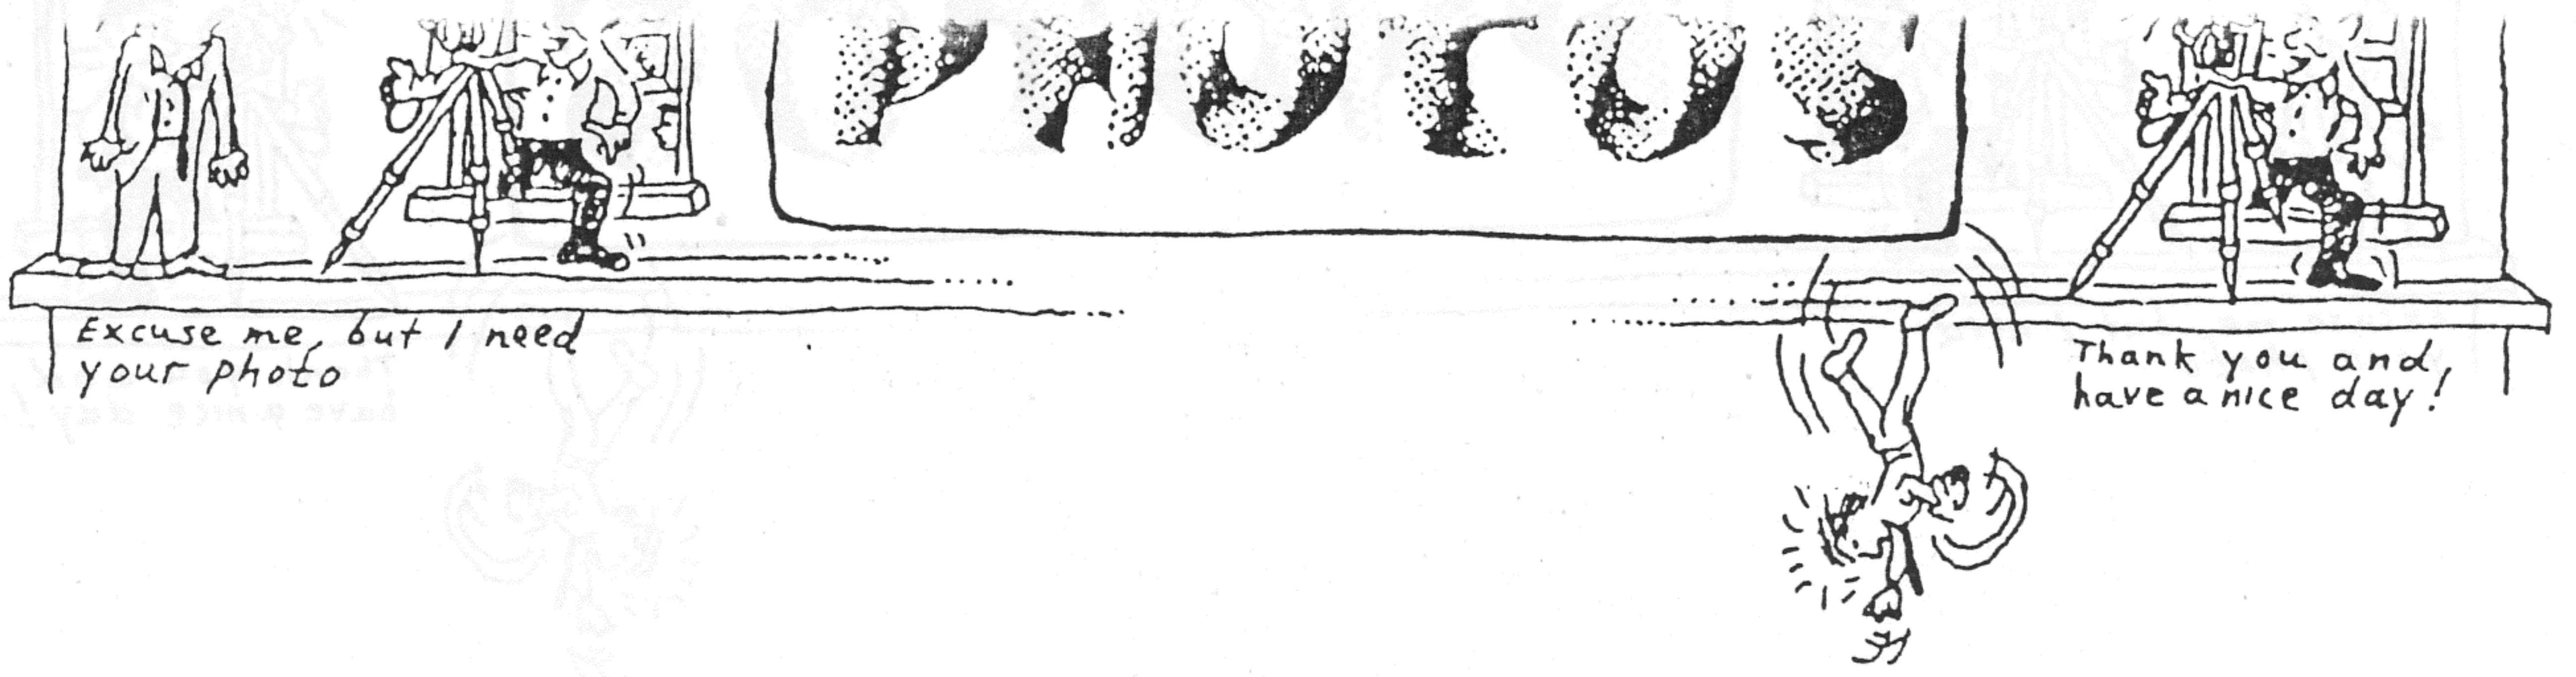

This is the boozing factory from TITRON. From left to right FREDDY, TWF, SLEDGE and SID from the upcumers in TITRON. The photo was done due a private alcoholism party in Cologne.

These four dudes are TYREE/SUCCESS, JACK DANIELS/DOM, 3DK/DOM (AMIGA) and CRAZE from HYSTERIC on the SUCCESS and STEEL party. It's a pity that we lost 3DK on the 64. Good bye Martin !

These guys are from left to right NINJA/ENIGMA and the cool dude with the finger is CYBORG/EX-F4CG. The other dude on the right side, which is looking in the camera, is unknown. Sorry for this, but I didn't shot the picture.

Also this one is a little battleboozer.
 The dude on the pic is RAP from BLAZE+PRINCES.
 He wrote that he had 6-7 bottles beer in,
 but I think he's every time totally pissed.

These 3 party dudes are RICHARD, STRIDER and
 AARON from the boozing dudes in FAIRLIGHT.
 The photo was shot on their holiday through
 Spain. May be RICHARD has boozed to much.
 I hope you see his little beerbelly (he, he, he).

Papermag TEST

From COCONUT #1, PIRATES #11 and MILESTONE 11/12 91. I will give % to every page. Also I will give my general opinion about the mag, because every mag is different thick and so a mag with only a few pages, can reach more points than a mag with a lot of pages. The % in 'mag overall' are only the points divided through the pages. The general opinion is all together (price, GFX, how much sides, how cool). I hope you will agree with me and enjoy the test. Okay let's start with the COCONUT #1.

COCONUT #1

Title Cover...	Nice idea and nice 'COCONUT' grafitty.	100%
Editorial...	Nice copies+normal copies from the pictures.	70%
Cake day...	Photos from Sascha/BF and Trigger/ED, also Stormlord from WOW is printed up here (a copy from a paper) and the cat (no joke) from SLICE/ED (I think printing pets is lame, I can also print my goldfish). Also birthdays from scene dudes are printed here.	20%
Lamer test...	Nice to read, but if you check out the questions, than the lamer test is absolutly bullshit. For example, the dudes wrote... Your soundchip is been blown up... what now? Answers... a) I don't care... b) take a new one from my 2nd C64... c) Buy a new one... I answered b), coz I'm BB and I need a SC. I get 3 points for my answer (that's bad, so you see, I'm a lamer). Also a few other questions are a bit stupid. But I give	40%
Bla...Bla...	Nice raggings (not to hard), only against ROLE (ed. I don't know why ???). Also some nice pics.	100%
Announces...	Cool print. Nothing special.	100%
Lamer test...	The answers to the Lamer test and also a few pictures are printed here (again a cat).	20%
Horoscop...	Really funny idea and nice written.	100%
Competition...	A bit silly (3 questions), but some dudes like the slang.	70%
The end...	Again some photos (more about the in the next lines) and that's all.	40%
Copies overall (text)...		90%
Copies overall (pictures)...		80%
Graphics overal...		80%
Mag overall...		66%
My general opinion overall...		40%
My genral opinion of the mag is 40% coz, Trigger and Lobster print 9 times guyz from ED and only 4 times, dudes from other groups. Also they print 2 times cat's. I think this isn't very cool. Also they print themselves 3 times. Also I miss a cool interview like the PIRATES or the MILESTONE did. COCONUT is in DIN A4 format and is 10 sides thick. Also the COCONUT is for free.		

PIRATES #11

Title cover...	The same as in #10 (a lamer nude).	0%
Editorial...	Is in good quality and includes superb GFX.	90%
News...	Are new and also this is a good copy.	100%

Papermag TEST

Pictures...	The photo above is in good quality, the bottom pic is average. The text with the names is standing on the right side. Not good styled.	30%
Pictures...	The photos are in very bad quality. You see only the PADUA logo. The editors wrote that the dude in the middle is ANO. I can't see his face. Who are the other dudes on the picture?	0%
Interview...	with JERRY/TRIAD. Cool and also they include some nice GFX. I think the GFX was done by RED STAR.	100%
Interview...	Same as above.	100%
News...	Not a good copy but you can read it. Also new news.	80%
Portrait...	with GOBLIN/LIGHT and his girlie. Goog idea. Also a photo from both is included. Copy is OK.	80%
Pictures...	You can see (or not) JR PRE./ODISSEY in low copy quality, but again HOBBIT/PRZ made a coool GFX.	70%
ECES report...	Very new (before any other disc mag blowed it out). Again the PIRATES showed that they can't copy.	20%
Pictures...	from the ECES party are printed here. AJ/TRC sent paper copies of the photos to the editors and they printed it. That's waste of paper dudes.	0%
Announces...	Some GFX and the addies, but I can't remember what the GFX will say to the readers (bottom GFX).	60%
Charts...	Nice GFX, but a little problem... they need more votes. So get your ass up here and supply them.	100%
Mix max...	Charts (good quality copies). News are new but in low quality and there is also a little part of a newspaper which said that the C64 user has the most brain. Really (pffffrt, pfieeeeep, faaaaart) ???	70%
ECES report...	I can't read a lot.	20%
Pictures...	from the ECES. Baaaad.	0%
ECES report...	You can read more text than 2 sides before.	40%
Headlines...	Cool, really kickin, nice GFX, cool text.	100%
Pictures...	On this side you see (???) the dudes from BF in very low copy quality (text is standing on the next side). On the bottom you see some F4CG dudes in a average copy quality.	35%
Pictures...	1 pic from MC. SPRITE.	55%
Interview...	with AYCEE/TSM. I thought the interview will be very nice, but as I saw the other text, I turned the page.	20%
Interview...	The same as above. Only the GFX is cool.	20%
Pictures...	GOBLIN/BF good quality, BYTERAPERS lame quality.	30%
Pictures...	DERBIE RAM good quality, GFX coool.	90%
Pictures...	Fotos from SCORPIE, KID, TORNADO, GENE and NINJA in normal copy quality.	60%
Last word...	Nice styled, quality of copy is ok.	90%
Last side...	Also styled like the last issue.	0%
Copies overall (text)...		15%
Copies overall (pictures)...		5%
Graphics overall...		90%
Mag overall...		52.14%
My general opinion overall...		57%
PIRATES problem is they can't copy. In case of nice copies the points in the overall judgement will raise 30%. PIRATES' is 7 DIN A4 sides thick and is 28 DIN A5 sides long. The PIRATES' is for free.		

Papermag TEST

MILESTONE 11/12 91

Title cover...	Nice painted, but not so good as GOTCHA or HOBBIT can paint GFX.	70%
Editorial...	Cooooool and also nice GFX.	100%
Editorial...	Also nice done but the GFX is not very nice.	70%
Game test...	I think it's bullshit but he only put the tests in, because he can earn money from lamers.	50%
Reports...	from Venlo and Bochol. Not new but the reports were from the last party. Also a nice hardware cheat is printed in this chapter.	70%
Game test...	Same as 2 sides before.	50%
Discmag test...	He tested 10 disc mags with a few words. That's not much. Make it better next time.	40%
Mixed...	A book corner (that's bullshit) in German and again a little hardware cheat in German, also a LP-test in English. That's bad.	0%
Interview...	with a cool dude from the CCC (a German hacker club). Very interesting (in English).	100%
Interview...	Same as 1 side before.	100%
Jokes...	Really cool. But I must divide the points through 2 coz they're in German.	50%
News...	Not so new as in the PIRATES.	30%
Announces...	Normal (no GFX).	30%
Announces...	Normal (no GFX).	30%
Charts...	Nice made, but MILESTONE need more ELITE supply.	90%
Charts...	Same as 1 side before.	90%
Reactions...	Normal, but I miss some GFX.	60%
Demo test...	Nice. Hey guyz what's more 2 say. Buy one than you see it.	60%
Demo test...	Okay, but there was also a little LP test (that's lame man). Drop the Book+LP tests out.	20%
Interview...	with a dude from CHAOS. Average.	50%
Did u know...	Cooooool, but not perfect.	90%
Alc-test...	Yeuch, boozing rules. Great job mates.	100%
Announces...	I think it is a bit lame (like ASM or C64).	30%
Impressum...	Correct.	75%

Copies overall (text)...	100%
Copies overall (photos)...	----
Graphics overall...	65%
Mag overall...	60.63%
My general opinion...	62%

MILESTONE has the problem that they need more good GFX and also they had some lame chapters, like the LP test and Book test. Also some dudes hate the game test. Some not. Also they must print all in ENGLISH, but I think this will be happen in the next issues. I think in the future the MILESTONE will be under the 3 best papermags. We will see.

Ah well, I forgot something. MILESTONE is 6 DIN A4 thick and is 24 DIN A5 sides long. The MILESTONE costs you 2DM or 5 discs. I think this is a fair price. You can pay for a papermag 2DM if 1 issue comes in a 2 month distance out. That's all folx. Layda... DENSE/HYSTERIC...

Last Word

After 50 hours of hard work you reached now the last page. I hope you liked the ultimate best comic ever seen on paper and also the other graphix. I hope my English was again a bit better than the last issues (Yep!). Also we wanna bring in the next issues more GFX and more text. Also we hope that we can bring you more photos from elite buddies, but when nobody send me photos I can't be sure if we can hold our standart from 8-10 pages photos. Also remember to send the lame styled opinion poll back. May be the mag is a bit against ANTICHRIST and SCRAP but who cares about it. I also hope that more papermags will blowed out in the future. May be a bit about music, long party reports, storys or something like the cool Gamers Guide on paper. Ah well, something to the GG. The idea was really brilliant, but the rules were lame. Every group want to bring out the shortest version. The reason is, short intros, late releases from lame groups. May be also giving points to intros or something like this, also speed must be counted. I think, I talk a bit to much about problems, which are not my problems. By the way, much luck in the future. May be with another brilliant disc mag !?!

Fast some corrections to the last issue...

We want to bring the sex-story in English out, but ASLIVE'S lame mother throwed all the graphix and the sex-story in the bin. Fuck. Also the photos weren't in that good condition as the 2nd issue, but I hope this issue surprised you with excellent copy quality. I think that's all to the last issue...

Now fast some addies...
